

The Twenty-Four Elders We Need

June 3, 2021

Christ's declaration of war against wickedness commences August 21, 2021. Also the extortion plan of yesteryear.

Lastly we introduced you to Mr. Aah-h' Soul. Even mac realized she needed to stop the article shy of giving away the ending. Mr. Aah-h' Soul [Demon Idolater Union (D.I.U.) leader, the flesh that turns souls into idols.] drove fellow nigger Donald J. Trump, -- an inferior second deather whom includes Sigma Delta 1498-I -- with the determination of Timothy McVeigh, to preserve the contracts against the sacrifices of Jesus' blood and body that stood in the way of Christ's kingdom being established on earth to preserve all of creation. Yes, Biden is in a shit-pile too. None of you can marry Jehovah. You simply roll into conjugal favour for a term or two.

Torn Bedding

The weaving of the Levi barrier between holy and most holy was torn in two, not because God was saying with a mega disaster, "Christ now fulfilled", rather, here is your sign Satan is going after all that is Holy to be god of the world and at Jerusalem was the heart of everything Satan would abuse for wealth. And love drives belief systems. Satan was cast down out of heaven. Satan heads to the abyss next. The war in heaven commences August 21, 2021. The Christ as king of the heavens establishes her earthly kingdom with this written declaration of war against wickedness. The earthly kingdom begins in the heavens and is fulfilled on the earth when every living eye sees Jesus and Saint Paul return to earth. (Why do you think God puts up with television? Did you not all marvel at seeing men walk on the moon, flat earth society not withstanding?) This is why the letters to the seven churches and their spirit is to the seven stars and lampstands. One of heaven one of earth. Read Revelation.

Declaration of War

Removing Satan as god of the world was first. From the time mac was born the legacy contracts of perversion, the prayers of heart, the false beliefs of perversion, God powered against His own will like a king horrified at keeping His word against His own righteousness. These legacy contracts are torn down for the living documents upheld by God's twenty four elders surrounding His throne praising Him. These are the twenty four documents that govern Christ's kingdom. August 21, 2020 as Gimme mac penned, God took His throne. There is a Saint of Christ's Christian congregation mapped to each document. These documents are what mac is penning. These are the contracts that replace the perversion instantiated by the demon Idolater union to move Satan in and God out. What was the problem with Satan's plan? It all had to hinge on mac's beliefs or God was upholding corrupted scales.

Extortion

Satan lost godship over the world when God's woman, mac, was born. The Governing Body of Jehovah's Witnesses, the demon Idolatry union, is the empire keeping God's power tied to niggers negating the sacrifices of the Christ. Right. This extortion strategy was in play when Christ arrived in Jerusalem. These were torn down before the Christ could perform his fulfilment of God's word, Satan demanded godship and killing the Christ to end Christ's kingdom coming to earth at that time. Now, ass-holes, mac has a prayer against you. No, extortion is not bringing Christ's kingdom. God's servants are. We will do everything on the earth subdomain to make sure these righteous warfare participants get screen credit for their service, not burial memorial parks. No, the wicked won't need satellite feed. Love conquers.

Preserving the Christ

Once upon a time, an apostle of the Christ, Saint Peter, was asked to go to a nigger to found the church. This is the significance of the creepy crawlies in a dream that horrified Peter, thrice. That the nigger was a gentile was simply a coincidence. This is the importance of An'tipas, think territory of Herod An'tipas. Jesus walked among Israel to send the demons away from humanity and restore the significance of the sacrifices and observances before he could allow himself to be executed. There were Jews in the far-flung corners of the globe that had found themselves given over to demons but Israel is where the promise to Abraham was fulfilled.

The Church wasn't Enough

The church is the tool Satan demanded to hold ownership over a portion of God's power under contract as god of this world. Protestantism was needed to make Satan's titanic plan work. Enter Luther. Peter, Paul, and James wrote the heartbreaking founding documents we know as the Roman, Corinthian, Galatian, Hebrew and other congregation and to faithful one letters. These established parameters, based on mosaic law, meant to preserve the meaning of the Christ for all creation. It is the Jehovah's Witnesses denying the ten commandments that brought their death sentence. They blasphemed the name of God. Like Trump. They simply didn't purchase a four month double sided highway billboard of blatant blasphemy. They surreptitiously instantiated all the perversions of the Nicola'itan demons under what we call, truth of lies arguments. You can call these the twelve apostles of Satan.

All of Paul's and the preserved Biblical letters to the congregations reveal the mundane explanations required because humanity had lost God as their Shepherd. These letters reveal how far humanity had fallen from God because He was no longer in place to shepherd humans to the Christ. Until God had His slave, albeit willing, His one human, there was no individual He was allowed to lead.

Portulaca

God upheld every contract. Did not humanities technology thrive (though so many be retarded and impoverished)? Because it was God upholding these contracts that allowed all of them to be used to bring about His will once He had one faithful one. Think of it as a Portulaca in the garden you want to thrive and grow against the Bermuda. An evil one comes along and just starts clipping off the blossom stalks of the Portulaca to the root stub. The gardener is horrified. What does God know about that gold sundial plant? It roots quickly from a clipping.

Shitty Stunts

Cutting off the plant works when the gardener places the fallen clipping into the soil. mac loves her rooting hormone. She is propagating more than roses for her backyard garden. This comes under, Go ahead and do your really shitty stunt asshole. All you did was make it possible for more to grow. (Yes Lucas, We hate you. Alec Guinness, what a tool.) The gardens at Dody street mac established under the direction of a certain Jewish carpenter and the saints. May was a busy month for recovery. mac is even growing a victory garden in the back yard. mac still

wants to find lawn chess pieces like the ones at Arlington. The board of pavers she built next to her fig tree in the front yard to welcome visitors to play their own chess game with God.

What if You Were Forced into Marriage?

Mary could not resist ritual destruction ceremonies by the light of the moon subdued under Corpus' industrial burn of the midnight oil's amber illumination against the Gulf marine layer. To an individual married to a demon they have no ability to listen (as in do) to anything that is not soaked in sin. A human not married to a demon feels the eternity of God when he speaks and is in awe. An individual married to a demon is certain of their own eternity and God's Word is an annoyance at best. How horrible would it be to be married to a demon against your own will? mac was. Limping on two opinions, a no-no. Being doers of the word, like those mother fucking Jehovah's Witnesses understand that. The sword of the Christ pierces consciousness of the supper sinners. Yes, Abraham's seed matters. Do not the Christ and God both understand all their creation including; how shitty the really shitty can be, when the really shitty seek to be shitty?
