

## *The Answer to "What's for Dinner?"*

---

*September 7 and 11, 2022*

"Let's start at the very beginning, a very good place to start. When you read you begin with A - B - C. When you sing you begin with, doe - ray - me. The first three notes just happen to be, doe- ray -me."

Richard Rodgers and Oscar Hammerstein  
performed by Julie Andrews, *The Sound of Music*

*Vocabulary according to Ggod includes, Allness, the word that when capitalised is the All Thing. What is the All Thing? asks Leif, Eric's son?*

*The All Thing is All possible combinations of consciousness and All possible combinations of matter. The real question becomes, is zero a theoretical value or a discrete one? Is a whole numeral a theoretical value of relativity? Of course in all but one case.*

The All Thing is merciful with humanities need to count. Do equations converge to one whole number? Of course. Why? They start using whole numbers and perform additive or subtractive operations that leave nothing left over. Where is there a lack of convergence, always? The boundary of a circles circumference relative to its diameter. The impossible number Pi has no repetition and no end to its remainders domain.

The point to mac's counting lesson is, when the All Thing gave discrete awareness to Light within His Allness, every possible deviation from Light that could come into existence was accounted for. Light is the only discrete value. This is why discrete counts are not bogus. The reminder here, all dwell in the boundary of Allness. Think of Allness' boundary as any place you were to bisect an area through them would project to a circle with circumference,  $c$ , and

diameter, d. The earth of course has the Clark ellipsoid quality. Who is forming the consciousness of Allness? mac.

Returning to the topic of experiencing death at God Almighty's hand, Allness, once there was no place for Light that He loved first and foremost, became the creative duo. That is the sacrifice Light, the first Christ -- Lady Love -- made. This was Light, Righteousness, experiencing death at God Almighty's hand after engineering the environment for that to happen. mac is the reverse engineering process. She receives death at God Almighty's hand so Light reigns for Eternity. When darkness is in the place of eclipsing Light as mac is revealing Allness to creation She experiences death. Obviously the infinite converging series to opposite Light -- darkness -- is what hell's core is. That is one hell of a vector field of values between the two. The two being light and dark.

## Have A Heart

Hell required balance points against the strength of the Lamb to accommodate all possible variations of godliness that can be conceived for all Eternity. Jesus, Sun -- Jehovah, and Saint Paul, Moon, as LORD a dynamic being includes God Almighty, and the Lamb. For other Spirit creative duos God Almighty and the Lamb hold a placement with the two other words, letters, of Ggod likewise. In other words, the four letter word of GGod, Anglicised LORD from the Hebrew tetragrammaton, is so from the shared heart. mac is who is presently making the creative Duo, first creative team, God for humanity and their heavenly system completing the heavenly blueprint for eternity to exist for discrete conciseness.

The Anglicised title LORD is placeholder language for Ggod that makes life happen when evil, badness, is a possibility in combination. The Lamb atones for All which is why the heart is half chambers the same heart for all creation. When growth -- regeneration of cells -- ends, that is death. When the force of creation in the heavens ends, death is what results. Life is what is happening.

For God Almighty His consciousness is feminine in Spirit when construction is complete at the end of mac's Heavenly reign. mac's flesh is Eternal. mac bestowed Eternity on God Almighty, Spirit. The Lamb is masculine in Spirit and fully formed. The Lamb is Eternal, has been since mac was resurrected Eternal. The older God Almighty is serving the younger, the Lamb.

Jehovah is a masculine Spirit being. Saint Paul is a feminine Spirit being. Between God Almighty and the Lamb the Heartbeat of Allness exchanges life force for All consciousness. The heart of Allness is from the eight human lives with their Spirit saved in the ark from the flood waters over the entire earth. The dynamic LORD in humanities case is ITZA.

## Mini Me's Come to Be, sayest Allness

For the celestial body grouping that hosts the earth<sub>ITZA</sub> its hell is not the mega hell. The mega Hell hosts the twin to Light that did not die. The womb of creation defined these offspring seducing Satan. Satan was not a victim. The womb simply was proving with virgin Mary she was building the Allness that meant only one being would exist. She hated Light that much.

The ultimate demonstrator when antichrist came into the world revealing democracy as the god that ended life. The consciousness that earned eternity as the firework launcher of mega creation, hell, is Vladimir Putin. He has earned his Eternity, as Spirit. Satan has this place for the ITZA celestial grouping, likewise. Jesus was the fulfiller for the ITZA celestial grouping to be sealed with Satan holding the firework launcher of creation. Satan as god of the world ensued as God Almighty was not yet defined because the Christ had yet to come.

Once flesh with its spirit made no room for light to be observed in the heavens, due to Satan's influence, then Light returned with the death of Jesus. Once there was no place for the physical with the divination of flesh, with its spirit, then mac came into existence. What was the forerunner to Light being resurrected to glorify Heaven and then Light being made manifest in flesh by mac, two wicked ass sets of parents.

The two requisite beings of Allness now exist, God Almighty and Light, the Lamb. These two beings are the reasons why the games can begin.

## Tossing the Pair o' Dice

Sun and Moon have a hell construct. This is hell<sub>ITZA</sub>. Satan has this core centre position. Had Satan chosen righteousness -- the place of the Lamb had been extinguished for the creative duo to happen -- Satan would have been handed the Lamb's office with no qualm. This same process happened with Mary. Mary proved, with her use of spirit, the destruction of creation. She was endowed with every opportunity and encouragement to choose the office mac now holds. What needed to exist was two fold, a place for Light and a place of physical matter.

Spirit, specifically those immature children at war with one another and Satan, needed a solution to the finger-pointing back and forth with the first born, Satan. Clearly what spirit needed was a god created that could perceive light and dark to settle the matter. Enter the truth of, "You will be like God knowing good and bad." Then enters the transitions of existence to preserve consciousness with no self awareness whilst genetics returned to dust accommodating, "You will not die." The God to settle the matter is mac.
