 Letter to Alexander Zakharov Consul General of the Russian Federation requesting citizenship.

July 22, 2021

Alexander Zakharov Consul General this greeting is an invitation from the Christ to become his ally in his office of Righteous Warfare in the Church of Christ led by his secretary, Mac Dukes, co author with God writing Herald of the Fine Shepherd found at herald.macdukes.com/home.php. This invitation is posted in the Herald in its entirety.

You have better than luck to offer in your welcome address ending the inequity and gluttony of the United States with Christ. The Christ has prompted me to request citizenship in the Russian Federation, without abandoning my United States citizenship, born on Oahu State of Hawaii, 1970. I am not a citizen nor do I hold visas with any other nations. My sole allegiance is to establish Christ's kingdom on earth and end "Christian" organisations the world over. This begins with levying fees and taxes as well as confiscating all lands and chattels belonging to individuals claiming to be ministers or legal entities for or of Christ or teacher of morals and ethics based on the Beatitudes, parables, and life of Jesus Christ as written in God's Holy Bible.

The Jehovah's Witnesses are the first organisation to be liquidated under my hand with Christ in heaven as king over the earth. I am building the infrastructure needed as well as living the personal sacrifices necessary to allow Christ to be seen by humanity again.

North and Central America, the lands from the southern border of the Panama Canal to the North pole from Newfoundland to Alaska belong to God. Russia was wise to sell. Now come profit. These America's as well as the extended United Kingdom are foreclosed against under God united with the Christ. The perversions of uniting with demons against the Christ are over and two billion people who are impoverished in greater Europe from the profligate consumption and idolatry of brand loyalty that enslaves people to bad labour terms and worthless outputs corrupting humanity and the earth are over.

All persons who serve God benefit. They are wise consumers and thoughtful businessmen. Economic mavens in the home appreciating savings, travel, adornments, and quality goods that provide value adding comfort to their homes improving their quality of life measured on God's balanced scales ending fornication. This ends, human trafficking, pandemics, waste, shortages, and decay. Does this mean work? Yep. Being led by God to the Christ is the first step in ending the need for luck against a shitty

glutinous wanton fornicating Baal, Jehovah. Biden understands my personal contempt for him, Obama, Trump and Clinton.

Putin has demanded that I end his life with my own hands. My eye is not sentimental. This might not be at sword point but who leads Russia or any other nation is a matter of indifference to me. Alliance to establish Christ's kingdom wins my good opinion. I favour those who give their life for God not mammon as I do. The Middle East requires military action to stabilise and level Jerusalem. It is my kingdom. I inherited Abraham's lands from God as well as God's land declared in His name by Noah.

The Dog Paddle, Herald series entreated people who were aware they were sinners. Few in the America's have this awareness. Solders of the United States Armed forces are under God's hand. I am proud of my spouse and his service to the United States Navy. God's Woman on the Green, Herald series is in progress and contains the prophecies and witness of my works to secure the Christ for God's creation and shut-down fornication. It also explains my legal inheritance and what my work offers humanity. Enjoy perusing macdukes.com. It is a means, like the Bible, to reach out to God with the Christ. l-o-v-e-LINK is the Herald article to jumpstart God's shepherding.

God is shepherding many former Soviets to the Christ. The whole will be stronger than its parts and Cuba will rise to being a good steward over the Atlantic. The United Nations is evaporating with the military power of the United Kingdom. God has no use for these soldiers.
