Greetings Brigadier General Dr Mohammad Reza Ashtiani,

*I, mac Dukes, your God, you need in warfare to annihilate Israel ruling the world with our slaves of the former U.S.S.R. Putin at this time has also lost the Black Sea. (How we treat our slaves matters. The key is these are a populous whose former Tsar arranged for their protection.)*

*We will assault Israel laying waste to Its civilisation and populous simultaneously maximising destruction of the Vatican.*

*The Pentagon is occupied with the destruction of democracy and North American civilisation. Trump demanded Me present in spirit only to back his civil war. God Almighty wages this on my behalf. (Antichrist was very costly. She destroyed even the gleaned God Almighty used to keep me alive accomplishing Righteousness.) Trump's bloodletting demands with greed, even understanding all of the evidence presented to him of God Almighty's balanced scales and how spirit impacts physical, that mother fucker went after attempting to destroy Christ's heavenly kingdom. What happened? All of the kingdoms of the world mocked your God and fulfilment of the promise Nebuchadnezzar was minor fulfilment to: ruling the world as head of gold. I AM your fulfilment.*

*More detail is presented in the Herald. You have My divine protection to come to My home. God Almighty you know well. Now come wipe the tear of joy from her face at your sight.*

*Post script, because of the debauchery of the joint chiefs there is at present only one male, [He is my Spirit united wife from the United States Navy] that survives their destruction during the civil war that levels Americas' to soil in there (sic) entirety. A Herald article with our war-room discussion with Milley that would have provided for a remnant of survivors will be posted soon for the public. How the United States military unites itself after its posting only God almighty knows at this time. Failing to provide for my physical needs means the total destruction of your Nation*
