

The Gxg Matrix

Linear Algebra Is Applied to Soul Spirit Consciousness

August 19, 2021

he diagram of the human condition with soul consequence matrix even an economist can understand. You niggers have refused every other practical explanation God has shared. mac's psalm, "Eat it!"

The soul is resurrected or born again in Christ's kingdom. Souls are only resurrected in God's Kingdom. Spirit consciousness does not experience death. All spirit that rebelled are a part of Gog of Magog as sinless humans. Like Christ they die to be resurrected. Some spirit are resurrected into God's Kingdom human others may return to their heavenly post.

In the context of the diagrams, Resurrected happens in Christ's kingdom and God's Kingdom. Resurrected is a memory in tact state. Eternity means the reward for the spirit consciousness where the one who seeks to worship God is rewarded their own awareness. Born again happens in Christ's kingdom and there is no memory of the genetics previous awareness. God's Promise is that the soul that refuses to worship God most high is simply a part of the collective awareness of all the previous souls that demon(s) you are married or hosting have belonged to. (Are demons also scrambled into a collective in that heap? Yep. Is that reason for repentance? Yep.) That one flesh union of married to the demon is the service the Watchtower Bible and Tract Society has been performing at intervals with its "memorial" observance since 1977.

The Gog of Magog return is simple. The last soul hosting the demon is whose genetics return, without sin in the blood. The conciseness is whatever the demon made it from the collective. Given the power and wealth Solomon amassed (and quantity of pussy he pleased) how likely would the demon that was hosted by Solomon take on any other consciousness even if he was stuck in Trump's genetics now? How much awareness there is matters little when the burn is still the burn for being the spirit consciousness in a heavenly body core. What is the assurance? You will know enough of yourself to know you are burning in hell even if the demon refuses to allow you to express any of your identity.

Do you like your identity? There is only one way to keep it. Are you so certain that your identity in this modern era of hypocrisy is the identity the demon likes? Which modern king has the might of Pharaoh who charged into the crashing Red Sea? He also held two million slaves. Not one of you niggers could amount to the power of that Pharaoh. The law does not allow it.

So you went after demons to enslave God. And you got a twofer. Two angry kings. One king of heaven and one king of earth. God will not listen to your cry in this day.
