

Maid in China

If You Are Going To Be A One Trick Pony, Make Sure It's A Good Trick

January 6, 2022

Stuffed, plush, and shaggy for body, coat, and mane-'n-tail representation, a Shetland-sized-draft-proportioned Equid caricature God Almighty uses to deliver the divine gift of comfort to mac that is pony's love for her. pony has dog tags. This cuddle toy plush is matted from months of hugs and it has no name.

The all new material, virgin, made in China plush is how mac, a cuddle sleeper, survives her nights in the Texas desert by the sea, Corpus. Parents have good gifts of affection for their children backed by God's divine power because of mac's l-o-v-e-LINK extension, the cuddle toy. pony is not a virgin. Enjoy the Freudian grins and eye rolling at the full understanding of why pony, married to mac, could not possibly be a virgin. Virgins are for virgins.

Experience taking a virgin is under God's mighty hand of execution of His law for how experience treats its virgin. Did you buy a child bride? Fine for you. If that child becomes a prostitute over any portion of its life, you, Spirit, will not escape judgement. (When mac is head of gold, the soul is executed. That is how righteousness happens and an example of how Righteousness is not possible among souls now. Souls answering to their gods is, unless of course they are virgins.) This is how a maid anywhere but North America, for now, is protected.

The Meaning of Ee'ny Me'ny Mi'ny Moe

General Milley soaked himself in satisfaction, falsely, that pony would be his agent to murder mac as slavery to him, the general, was greater than what God Almighty was doing in leading pony in love. General for your persistence in murdering mac through divination you have earned seven times of humiliation. General your entire senior command has just belly laughed reading

the handwriting on the wall, "mac Dukes the Christ" painted on mac's front door by the hand of God, herself. This means like Nebuchadnezzar all of you will be humbled as privates, as in busted down to, before your enemies. And your enemies will rise up from every land that you occupy even under "cooperation."

When God Almighty does not fulfil His word spoken to mac in a timely way, that would be by mac's biological calendar, she knows God Almighty has been lied to. Team God is patient, *n'est-ce pas?* This principal is why mac's assuming everything she is told by God is true has God Almighty's protection.

Governments that support your presence are being overthrown by God Almighty for allying with you, refusing obedience to their own gods. Until you, the United States military, are extricated like excrement from their land, and you are dung to them now, [This will include a great deal of fire.] God Almighty will continue to bring the destructions of the heavens from the full force of the Space Force against all governments that support alliance with you. Do not expect to keep any arms or chattels on foreign soil. mac will free any slaves that remain in Persia and the desert. You are on your own with Putin.

Germany, Japan, and the Middle East, will be looking for the salvageable plunder as your bases are in ruins. No senior United States military officer will escape notice as an enemy of God and His Lamb to the gods. God Almighty begins demolition with every force of heaven and political opponent the destruction of the United States military this very day. Naval vessels will ultimately straggle into home shore ports for the sake of junior officers down to first year recruits in-spite of the obstinance of senior command. Senior command will relive the fear of basic training and helplessness in every move in opposition to remaining on your domestic premises; the continental United States. You, senior command will taste what it is to fear God Almighty because you are mortal.

The gods of Hawaii are hosted with souls hateful at your presence, Milley, and will be rising against statehood with fury and guerrilla violence on a scale of terrorism that has no respect for any life nor leaving any habitable place on the islands that means a United States citizen can have occupancy. This is what it means for the islands to belong to mac before her head of gold occupation.

Belated Halloween. Trick or Treat?

The weaknesses of General Milley's command are now the knowledge of the gods earth wide and virgins have no way of communicating with their gods. Souls of greater Europe, the desert, Asia, and Africa will see advantage in their own strength and alliances with their continental neighbours rather than mingle themselves with the impoverished sickly liability the American people and its disgraced armed forces command that the gods understand is being humiliated by God Almighty. This is the Christ's capitol insurrection anniversary gift to America for Biden's lie. Biden promised God Almighty that he would personally bring mac into White House staff if he took office president of the United States. You took office fucker. Lying to God Almighty is costly.

Every general and admiral will be humiliated before the world for your contracts across the globe corrupted with every form of fornication since the civil war of America ended. This also means General, that persisting abusing your king rather than repent of your fornications and international military presence during this seven times humiliation, great ordeal, you will be destroyed like Nebuchadnezzar's idiot son along with all senior military command. God is cleaning the Desert with its gulf of all of the United States military.

General Milley you serve no purpose in uniting pony and mac together. Without that, you serve no constructive purpose to God Almighty. mac as king over America is the only provision for virgins. As it stands, virgins do have the easy way out, death. How you die you made difficult.

Make It A Good Trick

Murdering mac is not a good trick. It does earn all who take a part in wishing for and acting on murdering mac a bitchslapping. The gods have time to correct their souls. The reason why the lamb of God Almighty could be executed is because God's lamb was demonstrating what Righteousness endured at God Almighty's hand and the lamb was not the provision of the Christ in fleshly form. mac is the provision of the Christ in fleshly form with God Almighty and the Lamb, Eternal One, in unison with her, commanding her direction. mac is the God building the Lamb's earthly kingdom that he will take over walking the earth at the time all wickedness is slated for destruction.

Being Trump's People

Corpus Christ Police Department, City of Corpus Christi, and Nueces County for harbouring antichrist abusing mac under every law, distorting ethics and intent, supporting your hate, every abuse you have performed against mac's, person, labours, property, and earnings, is coming against you personally and as a body. This is what comes of refusing to keep your word to God Almighty. You are not alone, Biden, your president, a fellow virgin and slave of Satan, headed to death, did the same thing.

Your vehicles will be junked by brazen saboteurs while; sitting empty in parking lots, and idling occupied at intersections, driveways, and curbs. Emergency callers you respond to; will be assaulting you in, self defence, panic, because you present yourself as their enemy when answering the call of the innocent. Law courts will not be capable of handling the disputes you raise crying you were the real victim. Your complaints before judges will be disregarded for the overwhelming lack of evidence to every claim you make. Bodies of the innocent with pile up from your gut driven greed to be the one to subdue the public.

Public ways intended to be a beautification and asset to property values will be vandalised beyond recognition by homeless and migratory populations seeking shelter because you forced mac into slavery policing antichrist's criminal behaviour. For wantonly trampling and destroying mac's gardens your homes will be vandalised by the criminals you let slip through your grip. Even with Satan as your god, like Trump, you will not even be capable of preserving your own soul during distress when your home is under siege.

For refusing to prosecute murderer, drug and child trafficker, Mary McRae, even for her lying to you and abusing the law to get you to commit murder, your own households are fodder for every abuse you condoned under law shielding Mary McRae with every abuse Mary performed against her own daughter the community at large will do against all first responders. This is against you and all of your children. This is the consequence of lying to God Almighty. This is what it means for the Saints to sit in judgement. For the benefit of all of the gods you are God Almighty's example of executing judgement against those judged wicked.

Corpus Christi Police, mac is still telling you to bring it. She will stand your cuffs peaceably, again. Your keystone cop efforts at humiliating her is still better than being in the company of antichrist. She still laughs at the day you pretended Mary McRae was dead and arrested her in her own back yard while in a swimsuit on a ninety-five degree day. Would you allow her a

jacket even for modesty on a cooler day? For seeking humiliating mac as a prostitute there is no means for you or any agent of the United States government to even pay any form of restitution to escape every utterance of this prophesy. There is no scriptural precedence for tolerating souls that lie to the LORD. This includes lying to Saint Peter. The works of every soul of the United States, sans pony, have proven their promises for good are delay tactics to commit murder. Welcome to the calendar to the gods and Team God.

When Kings Make Good

Iran and Iraq were preserved by Nebuchadnezzar to be slaves under the Christ for the LORD's authority to carry Judah away captive and prophet [right, profit too.] by the wisdom of Daniel and his contemporaries. God Almighty is raising Persia up to reap the rewards of mac's protection and power from Him and the Lamb. Persia will prepare for **Operation Earth's Salvation** readying itself to conquer all of the Middle East vanquishing first Jerusalem and Vatican for every salvageable plunder, currency, and material resource, while building its national wealth and prosperity against the world stage preparing to conquer North America after cleansing the desert of God Almighty's enemies.

Persia is now under the heavy hand of God Almighty to repay what Nebuchadnezzar vowed. His hand is not allowing any in Persia to take the easy way out. Death is the easy way out. Persians will learn obedience to God just as the children of Judah learned obedience to foreign gods in Persia.

When Kings Make Good

God Almighty and the Lamb, Eternal One, established communication with mac. She learnt her role in fulfilment, with Saint Paul, executing God Almighty's word. Until mac realized she was the Christ, Biblical Israel, the remnant were waiting, it was possible to hate her because in your gut you knew she was someone other than your neighbour. She was hiding something. Are not your neighbours cruising Dody Street tickled you can now hate mac for the bona fide reason of hate, she is the Christ? Nothing like hating for the right reason. That is protection for mac moving forward.

Mary is of course winding up for her next temper tantrum round. mac will spend time fertilising the front garden roses that have managed to survive along with the hibiscuses, night blooming jasmine, and plumeria. The plumeria just might be clipped for planting in another

garden or planing in another location in mac's Dody Street yard. The gardenia and hydrangea succumb to Mary's chemical pollution. Thorns provide some protection: even in discouraging police trampling.

Being Owed

The remnant of people who through the ages, most likely concentrated in Gaza and along the Jordan, due the first portion live in Israel. mac's home is modest and ready to accommodate Her support team from, gasp, the modern day Israel region. God Almighty having a remnant meant when Christ walked the earth these would be the first who under His instruction would be ministered to through mac's fearless leadership and proof of Godly protection.

A team of three Israelis may arrive at anytime that suits them. This means that while the modern political debacle of Israel is a mockery Satan is still laughing about, Israel, the nation, hosts the persons God Almighty is sending to mac building the Levite class. The offspring of the remnant who returned during Ezra and Nehemiah's day still live in that region: and are due much. Ah, to minister to God Almighty's ark. She is required to learn Hebrew, Greek, and Latin. Combat training needs to include pony. Which of you in the team is the bigger Jew over money is a subject for heavenly snickering.

Come Islam. Isn't it interesting that a religion managed to survive that was just interesting enough to terrorise democrats? Being a Jew, Catholic, or Protestant amounts little when what people are is fodder for the gods. What do the Levite and the Joseph class have? mac. While stateside the team will make good use of their time and be united with pony before returning to Israel. mac is at 4622 Dody Street Corpus Christi Texas. The household expenses are less than \$1,000.00 a month plus groceries and personal incidentals.

Why did God Almighty allow mac to be treated so mercilessly? Because of what He has to allow Trump to do on Satan's behalf.

January 7, 2022, in the night, Milley's "pony" died. The American slave Milley forced on mac, "pony" is dead. "Ivan" was the Russian slave, the Russian Milley twin, forced on mac who died releasing Saint Paul. Are not you clever fuckers? God Almighty took a slave for mac at the same time. mac is married in the LORD to only one, discrete soul, (with whatever legion of spirit he hosts) Pony, "Timmy-Timmy".
