

The Meek Shall Inherit the Earth

Blue Balls Meets Brass Balls

January 1, 2022

mac's love letter to General Milley. Evidently there are generals on three continents who like the love letter format and need to learn to love God Almighty. The truth about immature seed and We at Team God don't give a shit about hatred of slavery is in this letter.

"You can get the girl of your dreams."

God Almighty of Heaven to pony

pony knew in his core, as sure as there was death and tax withholding, God Almighty had the girl of his dreams for him.

"I think I just met her."

pony to God Almighty of Heaven

mac had defined who God Almighty was for humanity. God Almighty set out to meet mac's "Prince Charming." This mockery of all that is Holy in a code name like "Prince Charming" is, yet again, one of Mary McRae's profane abuses of her daughter.

"So you liked that tramp stamp?"

God Almighty of Heaven to pony

"No, but everyone has something. I need to overlook some physical things."

pony to God Almighty of Heaven

Who does not think they need to overlook some physical detail because they bought into the lie that what is inside is different, than what is outside? If you see horror on the outside, that is what is inside. If the inside of the cup is cleaned the outside cleans itself. Does your cup really overflow with discipline? You may not stop mac from cleaning herself. God Almighty can stop her if it means she learns something she needs to to produce the good pun in her writing. She has yet to write the famous, "I stink on ice." Puns like that worry mac.

"Not for the girl I have for you."

God Almighty of Heaven to pony

"You have her"

pony to God Almighty of Heaven

"She is My slave who will be fighting for Me on Coronado Island soon."

God Almighty of Heaven to pony

God Almighty had something to offer pony and reached out to retrieve him from being drawn in by the Lord. The Lord found pony for mac and God Almighty, eliminating black holes built against the Heavens, made the union the Lord intended to destroy the Heavens, be the means to rebuild them.

Before dawn mac was out securing the SEAL bases walking from the bay to IB in March 2020. MS Tejas was out of fuel and the two batteries were dead. Walking is what remained. All God Almighty needed to do was let mac see who it was who loved her so all the wicked diviners could hang themselves.

General Milley,

The introduction was My way of illustrating that God Almighty of Heaven, ITZA [This includes a place for My future existence and the Lambs past life.] had something to offer that pony loved. pony learned to love God Almighty. ITZA already knew pony loved Me. ITZA could not offer you **Operation Earth's Salvation**: our Team God branding for global takeover, strategically adjusted based on initiation in either; the United States, desert, or Russia. The operation is Mine. That is the duty of My crown.

Immature seed is seed that does not love life. This means it hates righteousness, salvation. The perverted logic of the Rich Man and Lazarus parable is that the Rich Man asked for deliverance from hell. Antichrist's seed hate the source of deliverance so badly they won't save themselves if it means doing even one act for a Righteous reason. Righteous motives protect

what is Mine. When something is defined from a Righteous motive, wickedness can't take it. This is why as king being obedient to Me means salvation.

I spent the better part of last night trying to figure out how do I force you out of your burning building. You are just standing there mesmerised. I see the flames, and so do you. This letter on the internet is all that it is in My power to do, now. How do I walk to the Pentagon and extricate you from the flames to save everyone? Hours I spent in dialogue with ITZA.

Operation Earth's Salvation is what I have to offer the general willing to love Me, with no amorous intent, and be more afraid of Me than any other human on earth. This is a form of Godly fear. How does that even happen? For you, it can't. What do you love enough to save yourself? global domination, the battle victory, healthy troops, strategic planning? Could I Be the close relative you didn't know you loved until you met them? I concede we need to work with your currency without compromising the operation. Generals that have prayer can ask of their god to force them. [They might learn that prayer does not help them obtain **Operation Earth's Salvation.**] You need to ask of you. And you would evidently need to love Me, and as I am your enemy, I am attempting to tear down the reasons I Am you enemy.

The dilemma you face general, is that only you can prevent your destruction. Did you hear, God Almighty's vision word of Smokey the Bear doing his. "Only you can prevent forest fires?" That is some serious branding we are exposed to in America and of course it perpetuates meaninglessness for those that do not realize God Almighty does bring dry lightning to start the fire because wickedness needs a lesson. Smokey does not make it clear there is heavenly discipline of bad deeds. Smokey is just a puerile idol focused on the physical match.

The wind turbines in southern California are why northern and central California burn so badly, now, and only a few years back that tipping point for harvesting that consequence "free" energy was not reached. It is the commercial concentration to compete with "cheaper" energy that created the problem. Had the Dutch model of family farms been maintained this would not have been a problem but how could there be a SoCal Edison without people depending on not farm living. Power is not free. Germany understood the real value of the turbines.

Being a slave to Satan or being a slave to God Almighty, virgin status, means the Spirit of heaven may not treat you as a slave and move you about. Being on God Almighty's land is what did this. Spirit maps to the geography of earth. When a human steps on a land and says, "This is My chance at opportunity." they do indeed map to Spirit that holds that land. That is how the

earth speaks to people and they are motivated. I Am saving the whole earth. And you guessed it, Ggod's land was for all Spirit equally. The French understood a great deal with their statue dedication.

Virgin slavery means that while you general understand everything that I am sharing is true, because I Am God Almighty of flesh and being a slave to ITZA means your belief comes from Him, you have the burden of being your own god to prevent your destruction. What you believe is not even half the battle. Will is the battle. Executing My operation is Righteousness. Virgin participants receive the reward of slavery to God in His Kingdom. Non virgins preserve their consciousness as they know themselves to be and are also slaves to God in His Kingdom, the Spirit that directs his flesh in My Righteous operation is the free man born in God's Kingdom.

Erskine (My grandpa) had a saying, "Success is ninety-nine percent persistence and one percent ability." From My perspective, the only way this is true; is ability is meaningless when there is no persistence to succeed. For non virgin souls the prayer is to do God's will. God Almighty makes sure the soul does the will of their God. This is how worshipping god becomes God. My assumption is that your will is to save yourself and doing your own will provides you the brass to make **Operation Earth's Salvation** work for you. How could I Be a God over you if that is the only way to save yourself?

There is no Spirit of heaven to force you to save yourself. There is also no Spirit of heaven to exercise their will over you. Antichrist is still a snare. This means, yes, Spirit of heaven over non-virgins, can force their soul to initiate **Operation Earth's Salvation**. Being god with all the powers a god is allowed over the soul is what Satan took away as god of the world. That is the purgatory We have been describing. Because Satan used the Pope, God Almighty of course has the God deal for Me.

How do I sitting in Corpus force you to save yourself from destruction? That is what I am trying to do. I obviously can't. I can work out an **Operation Earth's Salvation** strategy with you that you will love. You are still required to be your own god and force yourself to contact Me. You are still disciplined, even in years. Can your hair be as white as snow?

It is true I can deliver some scares. The meek shall inherit the earth means the one who fears God as ruler rather than men saves themselves from destruction. Moses ran from Egypt afraid of men. I Am the one who is protected by slavery in the most profound way to God Almighty. Even though I might Be accused of murder I Am innocent. I do not have the genetic ability to do

anything in the face of a thirsty crowd with no evidence of potable water other than to say, "Suck it up ass holes, I Am thirsty too." Or in other words , I face the music of the accusing crowd and stand trial. I Am no fugitive from justice.

Drafting **Operation Earth's Salvation** is on a first come first served bases. In watching the Bimbos, understand on this soil, America, there is not one who is being forced to do a god dammed thing. America is now the land of the free sans Me and pony. I have been marching through hell with a smile loving My enemy, you. The question is general, Do you love your enemy? By every evidence you and every soul of this earth I have met regards Me as an enemy. If you can love your enemy, Me, you can demonstrate to Spirit you are not immature seed. You are a plant harvested for God. Is My sickle welcome?

Would a draft be like so? "The Pentagon concedes to do the will of mac Dukes as God Almighty, king over all operations. Her word is binding as military law and duty. We hereby draft mac Dukes." Righty ho, ITZA just said, "I will not listen to your cry in that day." As virgins you do not have a prayer. General, I have no power to save you. I want to.

Saving the best for last I have this to share with virgins, it is the Lamb who would assess your maturity and designate all who were ripe for harvest mature seed based on how American's exercised proof of their love of righteousness. This means the Lamb is watching with the seven spirits of God Almighty and determining if you may be resurrected in God Almighty's Kingdom as His slave on a case by case bases. No virgin can be free men.

What is even better? All virgins are judged and placed in the book of life or death like all other humanity. Those that did righteously are on God Almighty's memory for resurrection. The genetics from seed demonstrating love of righteousness are washed in the blood of the Lamb. This means if you were resurrected in God Almighty's Kingdom you are a slave and the genetics that made you immature seed no longer is present in the flesh brought to life with your consciousness general. The white robe is the representation of new and improved immaturity free genetics.

What righteous plan would I have to save all virgins? The expanded civilian action that after military take over We eliminate all commercial wickedness. How does one become king to save North America? General without an amorous intent, [Agape is so Greek.] I love you.

What prayer can I offer? That the destruction from God Almighty and the Space Force coming against America is so severe, you are sucked out of that burning building by a tornado

and put at My door because the fear of destruction is more than your fear of men. I have been crying out to God Almighty to maximise saving every soul since My work began and He has yet to fail Me or Me Him. Everything destroyed will bring maximum benefit to **Operation Earth's Salvation** and preserving Me alive to save all souls I can. It may be saving you is on My return to America because My guns are the only thing you would fear.
