*he letters to the churches. Being a righty mattered.*

What you are asking of me is not mine to give. Jesus did not assign the one sitting at his right hand. Rather than anger at disciples asking for the hard work to be at Christ's right hand Jesus simply made it clear this assignment is not his to give. Where did the right hand assignment belong? The outcome of Ggod had yet to be decided.

## Seed Enmity

Righteousness has no share with darkness and the enmity of the woman's seed was established but where God's woman would fall, to the right or to the left, was left to her. Righteousness belonged to the heavens with the Christ. What was left? Would righteousness be established on earth. Spirit consciousness was going to be separated from humanity. That is the separation, enmity, between your seed and her seed of Genesis.

## The Perfection of the Sabbath

What was the first prophecy in the bible? That God saw what He created was perfect. The sabbath was not created for man. Man was created for the sabbath. Because in humanities existence is all of what is needed to accomplish perfection with the miracles of the Christ against the evolutionary changes of Satan's demonic niggers.

Now that you shitty little gods know you need to repent, here is the good news. Because of God's being at the right hand of the Christ, you can. Repentance means reparations. You will go to jail if jail is what your crimes earned. Repentance also means being allowed to own the costs of your actions against humanity.

## Jail

Mary is jailed with mac. All Mary need do is climb over the gate to leave the safety of mac's home. Outside the Witness for New Israel's Tabernacle is where she can starve herself and suffer the consequences of life on the streets. Perhaps cousin Donna will take Mary Anne in.

## In the Right Hand

Ah, but what of the promised food of the letters to the churches in Revelation. The churches are listed in order of applicability: those holding to words of God the ten commandments, those duty bound to die for God, Catholicism, government, Abraham's seed, mac's seed; they have the open door, (John beheld an open door at the beginning of the second vision after the churches proclamation.) commercial legal entities.

Repentance is the right hand opportunity. We already covered the left.
