

Paperwork for the Pentagon

Hear mac Ask, "Why did I call them 'esteemed'?"

November 6, 2021

he stupidity of the Joint Chiefs defies description.

To benefit the Joint Chiefs' investigator, here is the transcript of mac's hand written note mailing recovered property she found on her early morning walk. It was postmarked November 5. We at Team God expect this note to make CCPD unhappy on Monday. In no way is CCPD capable of dealing honourably with mac's epistle and turned over findings.

You Chiefs begrudge her not taking pennies gleaned off the streets to a lost and found or turning them over to charity and then you built prayers of heart to murder her, you stupid mother fuckers, you just sinned against God.

mac is the physical living being, God, walking the earth. She is not allowed to be murdered until god walks the streets against her. Right that is during the famous half a time. You just lost every penny of funding.

Biden has literally bankrupted the United States. mac has no spirit counterpart to her existence. Right now a deep head shaking with, "You stupid mother fuckers" is all mac can find with her fingers. Her body feels hollowed out by your stupidity and the grave consequence to so many.

You bastards had the authority to sin against God. What are you looking forward to? Biden and Trump's plundering the Pentagon and military out of existence. They have the police, you see.

You want to live? You can find mac in Corpus Christi Texas. The odds are she will not open her Dody Street door for you. She is only speaking to her legal council or the representative of the nation saving itself and enjoying global domination taking her hand with dignity to make Righteousness fill the earth in preparation for Christ. You can find her out on her morning walks. Wave a white handkerchief: cotton-polyester blend will do. She is prepared to pack her bags.

The only thing that would save your lives is turning your diving to murder mac into eliminating your funding. You just gave Biden his slush fund for; inflation-driving social give-aways, and lining the pockets of the cheapest-bidding foreign-based mother fucking infrastructure contractors.

What is left for Team God to keep mac alive? Body sculpting long walks, public right of way gleanings, calorie lean survival, and natural disaster assistance. Oh, yes, these are what she has until her settlement is paid and Mary McRae is in jail for murder.

letterDate

This set of cards was the only contents of a wallet I recovered on Rodd Field near the Holly Intersection directly across from the Sunoco station. Two dollars was in the wallet as well. I kept the two dollars for a fee for first attempting to learn the owners ID at the Saratoga Walmart service desk. Because the wallet was found off Walmart property they would not take it in their lost and found and banking privacy laws mean only a warrant allows the ID of the "VALUED CUSTOMER" to be discovered

Two dollars was not enough to compensate me for postage of the wallet itself.

For the owner to recover their wallet and change from the postage paid envelope come to 4622 Dody Street.

In the event this wallet's placement in the public right of way puts the owner where they decide they need to deny being, the proximal time of recovery was 8AM date November 4 2021.

Should the police department opt to recover the wallet bring me my court appointed attorney. I will not under any circumstance allow informal dialogue with one of you hell bent civic agents fighting to murder me in your gut driven hate crime taking the side of Mary McRae. She has murdered with her own hands two human beings. Only one murder I witnessed as a child. The other murder she did with my spouse. It was her own mother.

Then mac wrote the post script after folding the note with the two plastic merchant/debit cards and taking the note's picture.

I am angry at the dishonour of the CCPD regarding my concerns. That you have a difficult job to do you are paid and provided protection to do. You deal honestly with this letter and you secure a blessing for yourselves. As it stands you have proven how fighters for mammon are no better than desperate militia has beens. I am angry at you but I do not impede your honest work. Take that to a judge.
