

"Jehovah", Rolling the Dice Against the Christ

July 11, 2021

Put'n in the bank Ggod's woman would go after god when given the choice, you never payed attention to God understanding what He loved. It was death that confused you. Why God destroyed American democracy.

The President of the United States is a pussy that never dies for what they believe in. The draft dodger is second only to the nigger. You want command? Do the work of the slave. The king is the warrior that triumphs over all in battle. How does one triumph over others? Minster to the needs of your fellow slaves with coffee carafe in one hand sword in the other.

What did mac fail to understand? How you niggers would go after what she hated, god. She assumed everyone wanted to serve God. What she didn't realize was how good and evil existed. All of you loved evil and prospered beyond measure without the Christ.

What will she be learning on the back-half of the Woman on the Green series, the Nineteenth Hole? How all of you niggers became niggers hating Christ. Yes, she is going to be experiencing hell on this duty. The Christ with Saint Paul and Saint Peter can be seen sooner because of the torture from God she lives.

mac has no way from her present perspective to understand why Righteousness is hated so much by Sharpton. She does understand now what Ggod meant by regret at creation when He brought the flood of Noah's day.

It was cute in Finding Nemo when the animated fish schemed to free Nemo to the ocean. All they needed was to shit up their tank to free the gimpy little dude who learned from darth Gill. What didst the fish not understand with their great escape plan? That the tank owner was simply willing to invest in a great filtration system to end the problems. Then you got even dirtier. That still wasn't enough. How that little dude triumphed in solving his own problem by inserting a

pebble in the rotor. But wait, it might have cost him his life. Ah, how the gang rallied around the brave little dude and the shit thrived. Don't we all love those anthropomorphised aquatic personalities? mac does not know if she loved the parenting wisdom of squandering beach bum Crush or the trigger aware sharks mid intervention more. Everyone knew to hate Darla.

You shit up your tank. And you got a two'fer. The future mother of humanity and the former womb of creation. How didst they shit up their tank the young Windsor asks? They decided that in corrupting God's woman by: drugging her, gang raping her, starving her, and using her for prayers against the Christ, God would just dump her as trash instead of recognising the niggers that made all that happen in the first place. They banked on god claiming God's woman as discarded baggage and them enjoying the perversion of Jehovah's kingdom eternally because God would map to god for his woman. This is why we hate fornication. It is the ugliest coin of the realm. Fornication is coin that does not even shock you anymore.

How mac squeezes the wine press with every article. The blood will be up to the bridles of the horses. You can go to jail now Trumps.
