

Round-Up

September 24 and 25, 2020

Worship God from the mind. The heart is where you find god. The organ pumping sin, while not necessarily corrupted, is the place where individuals pray to Satan. Through the heart is how individuals invite demons.

The heart is activating the mind during prayer to the heart. When God works with His people, He trains the heart away from sin through the mind. It is from the mind that God purifies the blood in the kidneys then it circles back to the heart with less sin. This is a gift of God's Spirit. It is life.

Come King David

Without God it is not possible to escape listening to sin. The more a person listens to their heart the more it trains them to do Satan's will and worship Satan as god. For the sake of one righteous man, free from fornication, a hundred God easily saves. Sadly, September 24, 2020 at 20:00 central time a Navy SEAL (Ted) in Satan's service died along with the crew of the submarine because this man chose fornication, worshipping god, while learning what it means to serve God. Those that demand returning to god pay the ultimate price. At least one Los Angeles class submarine we preserve and set to sea for God to resurrect those men memories in tact to return to shore during the times of Christ's kingdom. We, the living, have work to do.

This is the seven weeks. The righteous that seek their hearts for worship risk the lives of those they could have saved otherwise. God's woman fulfilling her contract means Satan's stewardship has ended. More than 3,000 die at God's hand as knowledge of His worship fills the earth just as it did when Israel flourished under David's kingship. The greater David will take his reign on earth once we have eliminated all those standing in the way of worshipping God. Estimate one billion dying with God's hand. This does not include those that die from failing to keep a simple covenant with God for salvation. Jesse James policy is not saving anyone.

Weed's Baptism

0920 Saturday August 29, 2020 Arlington, VA bug out. You didn't even have the decency to reimburse God's account \$638.76 for lodging from August 23, 2020. That does not even include the benefit from parking nor food. You starved her once with your arrogance. Do you like the sweet recipes? Do you know what it is to mock God? yes, you do. Every meal mac has delivered, you savored like medium-rare rib-eye from Mahogany Prime, Oklahoma City, OK.

Listen, this is the round-up. The consequences of Satan's world God clinched for the benefit of all flesh. You now need to understand what it is to enjoy salvation's orgasm. Remember what it is to work for that reward? Did the prostitute you married prefer you take care of yourself whilst a nanny raised your children? Ah, remember what it was to be an able-bodied man with a maiden? This haunted Solomon in his glory along with the way of a ship upon the sea.

In Arlington mac had two dreams. Korea, China, and Japan, make no mistake are an alliance. They worship self above all. A robot raced wildly back and forth lapping circles around mac. She knew not to chase it. She watched it. Built by the ingenuity of others it sought supremacy. A black man approached mac to rescue her. They hugged each other. He loved God too. The union in the dream was its own sweetness.

The Humbled Honeybee

Pollinator, with 364 days of days of abstinence committed to God, He will bring you back to your mate. You man will have your power back. The power you lost becoming a god by fornicating. Seeking to take the reward God gives is wickedness. Damn you. Ignorance does not save you from the consequences built into your genetics. Created by God in His image means the righteous seek Him and live consequences for stealing.

That said, Wells Fargo for empowering Lori Taylor as a wanton baboon ripping apart the McRae family to murder mac Dukes, meet your one million dollars of consequences. Beginning September 31, (mac's bad God meant, October 1) 2020 at 06:00 eastern time, God begins personally training your executives across all divisions of your institution and its assigns, in righteousness. You, Wells, will no longer benefit from the puss pockets of wealth your road projects carved into America building poverty.

The Southern California Coast has no business boasting unobstructed views of the western horizon. GodLAND fashioned from the pacific floor is a one to one volume exchange with the

homes and skyscrapers of liars, attacking soldiers with houses of prostitution and drugs, settling in the ocean bottom. The San Andreas fault God is stabilizing during Christ's kingdom.

Ten signs God performs to demonstrate His destruction of; San Diego with its Gaslamp, Coronado, La Jolla with its blood guilt, Dana Point, Newport Beach, Laguna Beach through Marina del Rey and into Malibu. Some earth the United States Government can annex for preservation. Taking the Coronado Shores as military housing is excellent. United States government lands God does not bury in the ocean bottom. Nothing will stop a square mile of Coronado sinking into the bay along with that the Gaslamp district is submerged. Understand the perverted gulf, mirror image, of California in Houston, Galveston and Beaumont is giving up earth as well. The sea level God reduces by dropping the floor of the gulf and ring of fire as God sees necessary balancing the miles of earth He surfaces above the ocean floor.

The Corolla and Her Stamen

Recall King David, afraid of God's ark, paid handsomely to get it back from the one God blessed for housing it. mac is writing the 24 governing documents of the HVH.YawUnit (formerly pentaTEAM. These 10 men God pairs in five critical duty stations. This corolla of men, as one, fight around the globe for Christ's kingdom.

The Petal Whorl of Ten

Ten military leaders blossomed in God's light. They by faithful covenant to God save billions. This rosette of righteousness that cleans its own house of fornication relies on God's prophet for direction and the

covenants individuals must make with God to protect them from the diseases that a mask, the invention of bandits like Jesse James, are not a means of preventing.

America, for your abuse of God's ark, His hand is now against you. You have yet to live the crisis. The nation will close along with hospitals when the presidential polls close. The king of Sodom that forces food from intact dogs the same as Mongol warrior mares will die by the plagues he unleashed on the world.

For the corrupted practices of Oklahoma State leading fornication in livestock breeding ruining bull genetics by destroying parentage polluting meat God begins educating you to preserve humanity through food and fiber production October 31, 2020 at 06:00 eastern time.

Two intestinal and three lung diseases that mimic the genetics of their host hid in the chaos of COVID-19's slaughter. These five diseases owe their pathology to genetic mutation through sperm in the intestines without destruction by stomach acid. Gluttonous consumption met food that was not possible until Satan's gluttonous-heart-praying-fornicators developed technology to destroy agriculture then humanity. American Red Cross you unleashed humanities deadliest killer that sixth disease is not the last.

This is not all that John's leopard beast means to humanity. Keratin and polka dots contain two recipes for baked goods not solutions for salvation against disease because, unfortunately, the pentaTeam has yet to find their balls.

Blazing Star

The ten signs, plagues if you will, demonstrating that portions of California and Texas God is sinking into the ocean begin January 1, 2021. The announcement of these signs commences December 25, 2020. God does not act without warning. In destroying these hamlets of Sodom, the atmosphere will cool, tropical crops will suffer, and ice-caps will reaccumulate. This is not natural disaster. This is what an act of God is about. Habitats of fornication, with its consequences against God's people, God destroys in His acts and the remaining earth benefits.

Burn Out

There are two HVH.YawUnits (formerly pentaTEAMS). The first God assembles from this round-up. These men are victorious over God's enemies and welcome in Christ's kingdom enjoying generations in God's service. Sadly, the sin in their blood overtakes them. Over a

thousand years they live. The best is yet to come. At the end of the times God assembles a new HVH.YawUnit.

December 9, 2020

Effective immediately no signs are being announced. God is allowing humanity to be extinguished because of the petitions of Donald Trump and Barack Obama. The work of mac Dukes is concluded. Ten righteous men do not exist the world over at this time for God to act.

December 31, 2020

Eleven righteous men exist.

February 1, 2021

The United States of America God is destroying by military takeover. God is protecting the Christ and all his titles. Conclude one of your prayers before you die with the phrase, "God of mac, please lead me to the Christ, humanities' high priest and future king." or in God's eyes you died after raping the Christ.
