

Spear A Mint

February 1, 2021

t is time to turn plowshears into swords. Hear the LORD say, "We are done with the bull-shit."

Nebuchadnezzar's statue vision delivered to him by God in a dream that only Daniel could interpret made clear that priests, magic-practicers, and mystics, were oracles of demons that possessed keys on knowledge to the subconscious dream code. The Chaldeans had no ability to interpret what God delivered. They knew to explain to Nebuchadnezzar, you are asking of us what no magic-practicer can do. Daniel knew to beseech God in humility with his companions to learn the dream and its meaning. God requires an individual be conscious even during deep sleep. There is no subconscious thought from God.

All demon's communicate with humans through premonition, coined as intuition, in the ovaries of women - hence "trust your gut", and the testicles of women. Hence removing the testicles of males so fornication in a male could not occur. Women were the fail proof, witch, gut listener. A male was as capable as a female for being used in sexual congress but listening to premonition was short-circuited unless they possessed their gametes.

Endor's Witch

Endor is the demon of spirit conjuring and matriarch of witches and warlocks, humans in this role are priests hosting Endor's demons. Spirit conjuring of souls in God's Memory is channeled by Endor. Believing the dead were alive had power in the days of antiquity. The necessity was that a soul was in God's Memory. There is a resurrection to Life. That is the soul in God's Eternal Memory. There is resurrection to Death. That is the soul in God's Memory. In God's Eternal Memory is the one who is resurrected into His kingdom with memory in tact. In God's Memory is the one who is resurrected into Christ's kingdom memory in tact. Both require that an individual was judged righteous by the Christ.

Endor is the demon who abandoned righteousness that king Saul exploited. King Saul is the biggest example seeking a medium to conjure Samuel. What did the medium know? This isn't

my usual demon feed vibe and she freaked out. What did Saul know as God's king over all Israel? God is the one that powers all His creations activities with equal scales. You can be shitty to one another as long as you are not shutting down a person's means to acquire equal power. Saul knew full well God told Him, you suck. How dare you defile righteousness instead of humbling yourself before Me the God you know and pander to the gods of the land looking to worship the dead as if they are alive. "Samuel" delivered God's message. Saul was going after Samuel's consciousness in God's Memory.

The Thief at Heart

Jehovah is a Ba'al. Ba'al's are of Peor. Peor is the demon who exploits people's fears to succeed. Peor builds secrecy contracts of trust with sexual predation. She is a thief at heart.

The Money Changer

Money changing is creating currencies against labour and capital that have no legal tender market price. The money changers in the temple were brokers for Mammon the matriarch of demons that create hidden currency. The Virgin Mary is Mammon rebranded. Mammon is the demon that Mary the mother of Jesus received from Elizabeth on her death. Mammon maps back to the land of Abram and this profane demon of money changing is who Abraham's children fought.

Double Indemnity

Peor and Mammon together create currency such as the whiff of the gingerbread that meant being trafficked. If it is not legal you may not price it and without the exchange of money the contracts are void by God. God backs law. Like Paul said, "the law is good if any one uses it lawfully." Where is your legal valuable consideration to bind the contract qngmic?

Celestial Navigation

The arrangement of stars and planets in the heaven is at God's direction. When rebellion happened in the heaven God allowed His spirit children to arrange their own seating chart. God's order we do not know without deep penetration into space observing the past. We do not have the zeroth point. God has that.

This seating allowance did not mean these newly seated children were righteous in their motives for arranging themselves. It simply means God knew how much time they had before they destroyed their own perfect heavenly body. How are the righteous children protected that did not want to be anywhere but where God placed them? Wicked consciousness needed to learn why obedience to God mattered.

Demonic matriarchs map to celestial constellations. The Southern cross is the Virgin Mary. This is why Mary was so faithful an observer of Christ's death and John was put in a place of keeping her disciplined. Now consider the definition of an algebraic function.

Not all constellations map to demon matriarchs. The Lamb is the NorthStar. The NorthStar moved in the heaven leading visitors to Jesus. God prevented the visitors who followed the curiosity from doing harm to Jesus and treasure given with humility was owed the Christ to preserve their lives on their return home. This movement of the NorthStar provided stability in the heavens.

Hello Dolly

These matriarchs clone their consciousness for every human hungry for alien existence under their brand. Why do you think God allowed Scotland to clone a sheep when they did not understand even the first thing about consciousness? Streisand you will regret Yental.

The Lord of Hosts

The one who pierced the Lord of Hosts is the one, who through God, sends the demons to Saint Paul. This means mac is God's agent to clean the land of the cause of fornication. She also built Head Quarters. This is Christ's Church. Christ is the head of gold for this church and in the iron and clay marriage mix with mac sending demons to Saint Paul the round-up of fornicators is accomplished for the Christ to return as humanities human king.

mac is humanities secretary of the Christ. She is keeper, under inspiration to God, of Christ's Church, God's Tabernacle for Men. (Hear God say, "That's right, mac's boss is a Jewish carpenter." This is why the family rate for Judah was zero dollars.) The Christ never receives a bill. Violators of the Christ and God are being called to justice. HELLINK is now in session. God and the Christ in unison as Jealousy and Justice, respectively, call a conference to force reparations be paid to Christ's Secretary of Righteous Warfare, in his Church, mac Dukes. (Hear God say, "My King of Israel.")
