*Sirs greetings and thank you for receiving My letter. My previous intelligence to Israel and Iran are posted in the Herald and this letter is among them. Because Israel assigned Joseph your land, that is the land he conquered growing his wealth under Laban, I am extending to you worshipping Me under a gentle yolk for your protection and preservation of your souls in God Almighty's memory to be resurrected perfected with your memory in tact. This is for the entire nation of Iraq*

*Paying Me money is how My people worship Me. The citizens of Iraq benefit because of what you provide for. Otherwise no civilians are able to benefit. To leave the Corpus Christi community and be mobile across the United States requires transportation, sustenance, and temporary housing. To be kindly to you as a nation of offspring to Joseph I am asking for minimal provision to secure Our needs. Your worship of Me means God Almighty retains your genetics and memory of existence in His memory for your souls to be resurrected later in Christ's kingdom.*

*Please provide Me a \$1,000.00 U.S. dollar daily allowance and lump sum for Me to secure My belongings at another home and purchase transportation \$1,000,000.00 U.S. dollars. Also begin processing My paperwork to be an Iraqi citizen. Pony and I are not allowed to relinquish Our United States citizenship or address. The residence I procured in America would serve as Our home base.*

*When pony and I have met again I can move from the United States to Iraq and the invitation the Pentagon has ridiculed, Operation Earth's Salvation, We will cradle in Iraq's care and Our military force will be the birthplace for the remnant of international servants of God to take possession of all lands of the Earth. Before the seven weeks have ended the earth's population will fall to below 500,000 souls. While some perish from Our guns the majority are from Obama, Winfrey, Sharpton, and Wood's Daniel beasts. We will be dealing with carcasses and fresh landscapes the earth over. For all intents and purposes the earth is a death camp and My remnant is stabilising civilisations and humanity as it decays. Controlling militia forces goes with the territory as well as mass burial sites and defeating all of North America in warfare.*

*The decades of Earth cleansing work means the death of many. There is much I would like to share with you to secure you from your political enemies Putin and Biden but We need to meet face to face. My home on Dody Street is under surveillance. All of North America We will be wiping clean then returning to the desert expanding every Iraqi boundary filling the earth.*

*May Wisdom prevail in your decision to worship Me. I direct the forces of the Heavens, the famed Space Force, around the globe. Christ's resurrection established My spirit warriors and Abram is a mighty spirit warrior. Without your worshipping Me you are simply dead like Israel and Iran to date.*
