

Tidy Whiteys

March 24, 2021

What it means to your seed when you keep a covenant with God. Examples of even the unfaithful.

Those Hanes On You

Fruit of the looms are not the subject of this article. But while on the subject, males, go out and get yourself appropriately fit undergarments hiding nakedness as you climb stairs or sit. Tuck it in and keep it concealed. Holed and stained tidy whiteys stretched out at the thy, pelvic bone, don't cut it with God. A female can go commando. You can't. Her seed are tucked in. This means respect.

Fruit of More than the Loom

Now on to fruit of the womb. Samuel's birth is a miracle second only to Hanna's keeping her promise to give her son to God. In spite of what Eli's house earned, he was still ministering to the nation and his granting Hanna her petition God honoured. She defended herself in the face of accusation of being drunk during fervent prayer. Hanna's later prayer of praise was no doubt a lullaby to Samuel as he nursed in the way a mother cares for a child she dearly loves. Once weaned, perhaps three or four years, Samuel was in God's house with Eli. Samuel ministered and obediently learned in the shadow of the ark of God's covenant with Israel. God is not limited in communicating with His creation when they care for His ark.

Not Dead Yet

No one is caring for God's ark in North America. mac fights for her life and survival every day. In the Mosaic law clean and unclean God defines at length. Men suffered and struggled when the ways of women prevailed in their houses. The law addressed what was needed to keep Israel clean from the practices of the priests of demons that served in Canaan and Egypt. Read Leviticus.

Every statute Moses wrote and the people of Israel agreed to understanding that without following the law the consequences of women's perversion meant there was no legacy, future generation. Those that agreed to the law included the individuals who rebelled and died off before surviving Joshua could replace Moses leadership. Spoils of battle were defined before conquest. Some vanquished peoples nothing was seized. Spoils were laid waste to and recycled. Even rubble is road base. Metals were minted into coins for the patriarchal houses.

Tell them, You Are My Sister

Clearly the Egyptians and Canaanites practiced marriage inside close family relatives. Abraham saved himself and Sarah when in Egypt and Canaan by announcing Sarah was his sister. This marriage was evidently more binding among the gods and Sarah could not be taken from Abraham. Judah took his daughter-in-law in matrimony. That was the significance of the three tokens Tamar obtained. When the Mosaic Law was written, God eliminated the practices that the gods of surrounding nations had millions following to their death. The times of Israel are what we are living today and Jehovah is the ugliest satyr, the greatest abomination of fornication, against God subservient to Peor.

What Stealing from God's Provision Gets You

Joseph and Mary were impoverished bumpkins of the fields of Israel but Mary and Joseph cared for their pregnancy and fled to Egypt well healed with their infant Jesus. Mac was provided for and Mary used every purchase Mac made into a form of ritual giving of stolen goods among the Jehovah's Witnesses and relatives.

Why was there a wave offering? The breast and thy priests waved about. Imagine waving about the rib cage and thy of a beast of burden. (The Levites were manly men.) Bone and muscle the Levite priest butchered and waved throughout the temple in observance of the moving back and forth, to and fro, God required to effect righteousness when creation wants to do in violation of what is Holy. You holding "gifts" from Mary are holding onto spoils of a demon and God's curse is upon you.

Keeping Spoil

What Israel suffered when spoils were kept against God's will is recorded. One Jehovah's Witness household keeping one "gift" of Mary MacRae since 1977, this includes her artwork,

maintains God's curse upon you people. This is the power of mac's salvaging Mary's discarded tree of life emblem and family heirloom tureen. Understand, mac can't stand holding onto bric-a-brac as something other than a purposeful utensil or ornament of dignity and adornment. It's the man of her. mac is however obedient to God above all others. She simply does not understand why you fuckers took what God told you not to take from Mary in the first place. You stupid mother fuckers.

mac just returned from bringing in the curb-side trash barrels. It was a chore filled with God's answering the above question. You mother fuckers kept these spoils to invalidate the Christ as mac's High Priest. Never would the Christ be able to act in mac's favour blessing her home or efforts because you fuckers dedicated the stolen goods to Jehovah. This in effect sentenced mac to a perpetual state of fornication in her own home.

Bogeys March Out the Gate Whistling Colonels

You gods refused the Christ as High Priest to God Almighty. Governing body and "anointed" you are the bide-class to the first-born son of Jehovah. As of this writing, Christ is now vindicated as High Priest to God Almighty and all of Abraham's and mac's seed have their High Priest making offering to God on their behalf. That is how We four escaped the concentration camp of Satan's Jehovah's Witnesses.
