**R**ecall John the Baptist being beheaded? The king hated keeping his word. Recall how David worked and toiled to earn an audience with Saul that put in his hand the written reward for slaying Goliath? Saul and David ultimately battled one another a few decades over that paperwork.

Even when the consequence is grisly a king does not lose his kingdom for keeping his word to God Almighty. Kings lose kingdoms when they invalidate their word. The word of the king is the word of God Almighty. That is the way it works.

Mac wrote about the drama that played out in Heaven meaning the Moon was devoured and ultimately sacrificed. The devourers were assured by Mary she was going to deliver unto them greater power than God Almighty himself held. What did Mary know? Adam was the face, the template in flesh of God Almighty. When Adam received the breath of God Almighty he received God Almighty. Adam was seated in the Victoria delta surrounded by four rivers. Look ye now at the continent of Africa. Under the waters of Lake Victoria is what remains of Eden.

The devourers of the Moon did indeed receive their power. What did they lose? The mommy-daddy that delivered them their great power. She fled. Mary fled from the dragon she gave birth to. Who is Mary's forerunner? Einstein. What is Mary? The embodiment of ambivalence, neutral energy. Splitting the atom is proof of the wanton's destruction. The nucleus of + and - fixed quantity presence is the example of creation in the physical world of Mary. Don't get drunk on the particle fractions that pass through the nucleus wall that you have no way of quantifying at this time, idiot physicists. Nor, decay cycles for that matter.

What did the butt fucking commander-in-chiefs of America do? Promoted their "peace" by stealing the power the LORD'S true religion was due. What is worse you whored them out to the

world. Who is the Christ? The best damned screw to fulfil Jehovah's kingdom the world had even known. It is time for mac to get back to San Diego. "Timmy" will be home from his deployment soon. He has a future place of Heavenly grander due years from now.
