*he Saints In Session Represent mac Dukes Before Christ's  
Throne Against the United States Government*

The Christ sits as king over the earth. mac, hosting the Lamb (with Saint Paul) is represented by the twelve Saints of heaven. Matthi'as, Peter, Andrew, James, John, Phillip, Bartholomew, Thomas, Matthew, James, Thaddaeus, and Simon are her barristers by the refusal of the judicial branch of the federal government of the United States, at all levels of enforcement, to provide mac with due process of law and legal representation for the hate crimes committed against her from Mary McRae with the; Jehovah's Witnesses, Corpus Christi Police Department, County of Nueces, State of Texas, and Presidents of the United States; Donald Trump and Joe Biden.

"CCPD, Mary McRae murdered Charles Van Artsdalen in Hawaii."

"I, mac Dukes, while enduring your national hate crime, am now represented by the Saints as legal council against the niggers of the American judicial system for their unilateral and total betrayal of my due process. Spirit is fighting spirit to bring justice for my soul."

mac's notes to all being Sharpied across the facia of her Dody Street domicile in her own hand writing.

Refusing mac's prosecution of your hate crime was amoral. mac is not giving up her right to remain silent. Only souls legally representing her interest under contract to/with her will she break her silence to speak to in the matter of your brutal abuses. mac's facia board public broadcast you can read from the comfort of your drones. This is God's handwriting on the wall.

mac has power to heal the sick. She wants a suitable pool for purveying miracles to the deaf, blind, and lame. The waters of the Americas she will not use.
