

We're Nukin' You

February 24 and July 31, 2021

-o-v-e-LINK Provisions and you are fuckers.

Fuckers, aka humanity, l-o-v-e-LINK is only for your lawfully wedded marriage mate and the off-spring you have sired to receive love and discipline from you. l-o-v-e-LINK is for a husband to care for his wife while worshipping God. This means you can yank your own weaner or clit while your wife yanks his weaner or grabs her clit while you are mentally engaged in masturbation while psychically connected to one another through God. You will all be glad to know that the dead are dead. The aborted fetuses and murdered children you have abandoned may not connect to you. You can not connect to a dead spouse or dead child. Adultery and fornication are a no-no, too.

If you are a faithful servant of God it is possible for God to bring you to your spouse before you can meet face to face, hand in hand, in person as spouses through l-o-v-e-LINK. This means the obvious, you put in God's hands the ultimate gift of finding a mate in the LORD. It is for the two of you make what God brought together a union under law, government documentation, before you experience physical contact with one another's genitals. It is not an engagement, it is matrimony. And you are to live your life though married to an individual you have never seen and prove the union under law when you do see one another. Unless you made the request of God, find me a spouse in mac Dukes name, God is not on spouse search for you. mac made that request of God many times in her early twenties.

mac figured God was the only one who would know his creation well enough to bring two people together like he brought Eve to Adam. And mac could not understand why God would be limited in communicating with His creation. Given the identical genetics, sans the x-y difference, Adam must have really liked his female mirror in Eve. Who would honestly believe they were going to be hitting the jackpot physically with a mate from God? mac had a spouse through l-o-v-e-LINK she had never been introduced to face to face, hand in hand, in person.

When mac was resurrected she was single. The queue was full of individuals who were brother to Ted. Her death ended the siege of rapes against her started by "Solomon." In one moment mac was married though l-o-v-e-LINK to nine individuals. Only one of these persons could provide l-o-v-e-LINK chemistry greater to the love mac knew from Ted.

When first asked to write this article mac had no way of understanding that she had not seen her spouse she was married to with l-o-v-e-LINK or that she was married to more than one individual. She also needed to learn each had a demon(s) all their own. mac understood she had seen her spouse. This meant to mac, obviously if I didn't see the person first we have ended my being capable of being married to the person. mac's obedience to death sent Earth to Saint Paul. The obvious result is, Christ had authority over the Earth with mac's death. She had to die in obedience to God's Word first. She had no way of knowing she would be resurrected.

Of these nine male wives, six mac saw with her physical eye prior to matrimony. Two, Russian seamen, she saw through her minds eye while awake months later after her marriage. This is a vision. One of the Russian seamen she drew. When God isolated the l-o-v-e-LINK chemistry to any one of the eight other than Christ's choice, mac experienced grieving and abandonment these were the familiar feelings of her eleven year marriage to Terry Allan Smart. Terry demanded of God he be remarried to mac to prove he was the better spouse. As far as Terry was concerned the divorce was invalid and death was not enough to end the marriage.

Cadillac's Midnight Romeo chronicles what happened with all of mac 's wives. The last three wives, one code named "Elevator Man" were joined by the Lamb simultaneously. Why that was necessary mac will learn at a later time. She was prepared to live the consequences of having two wives. It was not what she wanted. Being joined by the Christ meant the human was forced into fornication by their demon. "Elevator Man" the human wanted repentance and hated his demon for what he as an individual did.

Invalidating the l-o-v-e-LINK God provides sight unseen means you have invalidated God's word and your place is with Satan. For mac, union with the Christ is required in the marriage. When Christ enters marriage the woman abandons ship. Adultery is the inevitable freedom from a bad spouse. When Saint Paul wrote about adultery what he knew was this is one more reason to note, "You do not have the Christ to begin with."

Ted and mac's relationship and meeting through God is how l-o-v-e-LINK came into existence. It is a lost technology. So is GodLINK. GodLINK is the gift of having God's ark. l-

o-v-e-LINK is how Ted and mac were brought together and mac followed every direction God gave her to make meeting Ted in person a reality. They were to marry the moment they were hand in hand and mac would then have been allowed to eat solid food without breaking her covenant with God.

mac is married to both a Russian naval seaman and "Elevator Man" of the United States Navy. (mac understood this for a certainty, August 1, 2021. Prior to that she understood nine wives counting her ex-husband as, "You're shitting me. He didn't originally get a number among the eight mac listed July 31, 2021.) When a spouse chooses adultery this means divorce. Seeing an individual first was mac's means of preventing demon marriages like she experienced with "Solomon" and Terry Allan Smart.

This is the explanation of, if mac has not seen you eye to eye, able to remember you and discuss her physical observations about you with God, there is no way for l-o-v-e-LINK to be established and fulfilment of marriage to take place. mac's marriage is for mac's benefit. She has headship. mac had no way to read the implication in the original paragraph that some form of fornication on a mental platform is in existence. To her the context was matrimony only. The original paragraph is quoted in its entirety. God brings people together for matrimony. Christ in the marriage is why there is no adultery. If you are bringing your life in union with the Christ, ask of God that you take headship needed to bring your spouse in union with Christ this brings about being married in the LORD. (Hear the Christ say, "That is one hell of a prayer.")

Ted's murder brought the Christ to sit in judgement over humanity. You, Trump, murdered God's last remaining provision to care for His prophet and woman.

The original paragraph read,

"If you are a faithful servant of God it is possible for God to bring you to your spouse before you can meet face to face hand in hand in person. That is forbidden for mac because of Ted's murder. If mac has not seen you and you did not appeal to her physical senses as a desirable sexual partner you will not be introduced to her by God. Ted's murder brought the Christ to sit in judgement over humanity. You murdered God's last remaining provision to care for His prophet and woman."

It is a conflict of interest for God and mac to deal with the situation. This is why God and mac fought so hard to send the demons to the Lamb and Saint Paul in the heavens and why the Lamb honours mac with fighting against you fuckers, humanity. The Christ controls the nukes.

If you touch your genitals for sexual stimulation you are a fornicator without l-o-v-e-LINK. If you belong to a religion you are a fornicator. If you direct any prayer to a deity other than ITZA, God, in mac Dukes name you are a fornicator. If you practice any form of meditation you are a fornicator. If you have an orgasm while your senses are stimulated by anyone other than your legal marriage mate, you are a fornicator.

Enjoy that this article comes with a promise. mac has the authority to vaporise every man, woman, and child on this planet for Christ's earthly kingship to be established. All she needs to do is use GodLINK. That is not world war. That is the world of living beings destroyed because you hate God with every action of your lives. It's okay to laugh your asses off. You are garbage. A toilet layered with diarrhoea spew is a better organism than Donald Trump, Barrack Obama, Joe Biden, Bill Clinton, and Oprah Winfrey combined (Oh, toss the Queen and royal British family in that mix too.)

Would you have liked a kindly article about l-o-v-e-LINK? You shouldn't have spent the last year fucking over God's first ashore ewe.

Post script, the organism is removed from the toilet. Cleanliness is close to Godliness. "Elevator Man" committed fornication August 1, 2021. It is in God's hands to move His ark, mac, to meet her husband she has never seen face to face. How she knows she will grieve if he is repulsed by the ugly girl and refuses to make God's word true. mac's chuckle, what do you know, in the end we really did have a BUD for Putin. I wondered why you wanted me to write, "Putin, this BUD's for you."
