What are Jehovah's Witnesses good for? blood for soil, bone for ceramics, and fat for Diesel fuel. What Am I to Team God? The big fish making sure that all humanity, and all humanity has been a Jonah to their own God construct, is spit back onto the shore to do their own fucking dirty work (ministry).

Putin, what God Almighty would like to do is keep assisting Me in My endurance as He tears your kingdom apart and destroys -- as in decimates -- the populous of North America while basking in Britain's destruction for their plunging into all the apparent power and material voids (plunder left behind by Heaven) in the wake of the top tier American niggers industrial achievements being sent to the grave before even their spoiled, overindulged, fat, undereducated, entitled, and ugly offspring can grow up. Before proceeding with the options for America moving forward; before I forget, yes, Harris-Walz did indeed fuck each other and, an aside, the reason gravity is not constant, is because in the gestalt application of the concept of a photon, photons have gravity.

The Harris Walz fornication could have been male to male, female to female, or female to male. It may be a case of one Walz did each Harris. I don't have the specific combinations or frequency. Depending on the wager, asking the Divine to have Me answer that question does not produce the glossy photos as proof you would need to collect. I can only certify that the fornication, sexual, did happen between a Walz and a Harris. If I were to have placed a bet on that, I would have wagered Mrs. Walz with Mr. Harris. Spirit is not dishing any deeper than Walz and Harris fornicated and any one of those combinations is a possibility. Spirit are backing My publicising this information in its broad sense, without glossies, because of the witchcraft those two couples have engaged in. Unless I execute that Governing Body, those couples are going to Hell like everyone else in North America. You were allowed to mock My power in this matter, as you have with other 'data' digs, because God Almighty is humbling you and exalting Me. Now the rest of the world can have the information that how you betrayed your God construct was failing to protect Heavens interest in all the money, wealth, you allow others to keep safe in your name.

Regardless of going to Hell how these, as with other Jonahesque couples, die is a function of how they abused Spirit. The only provision for living is being My soldier or being a nation, outside North America, saved by Me under My military campaigns with My soldiers. I have no soldiers, survivors, at present. I Am alone being tortured by the United States Government. I shall elaborate on the options for America moving forward that all expire by December 26, 2024, these are fully open to them August 22, 2024. It's you that leads those lambs to Me, or not.

If you do nothing to lead America to Me, December 26, 2024, God Almighty will, I said will, push all the people of the world into a mass of hate against the United States and Mexico so that Germany sends in an elite team to confiscate all the lands and drugs of the Mexican cartels (for a start) and decimate the NAS-CCAD base using Corpus Christi as their base of operations seizing all commercial operations and traffic ways in the Gulf. With the riches Germany harvests in the first year they will be able to take Russia through Moscow down to Ukraine and up to St. Petersburg unifying that infamously west side of Eurasia. Germany will use incendiaries and gas with massive arial bombardments ending America's occupation of its own Gulf region through to San Antonio. Mexicans would be scrambling like rats for California, Arizona, New Mexico and pushed into Northern and west Texas. All these soldiers need to do is pamper Me, and they get to keep Moscow. Once Germany is here, there will be some brave soldiers that figure out, on the quick, supporting Me makes them invincible. Germany as a state must pamper Me to keep Moscow. Otherwise they will crumble as a nation leaving behind the Christ to conquer, entirely, what remains of North America. At any time America's military can come back to Me. They understand, already, that My executing some top officials would be a requirement to clean out the Church saving far more foot-soldiers and even recruiting some former veterans, perhaps even more civilians. Oh, but there I go waxing hope about a nation full of people who hate life with every prayer they make.

I read a Fox news headline that Xi (when something reads China, I think Xi) succeeded in getting gaol residents to produce commercial goods. According to the headline that was bad. So I posed to Pentagon surveillance was it bad because, 'Damn, those prisoners are taking our factory garment making jobs or is it, damn, those commie Chinese are doing more human rights violations. With Fox it was the latter. Myself, I told surveillance Xi was performing miracles in the labor market. Awesome. How in the hell did Xi figure out how to get those fucking prisoners to actually produce a saleable good. I compared his success with My constant frustration and failure. As far as I Am concerned that the military has a fucking choice sucks. I should just be able to figure out how to force those fuckers to save themselves by doing the work of warfare honestly. Allas, it is a free choice system. But, rock on Xi. If the threat of being shot by a prison guard gets someone to actually work to benefit the sate, great. At least that justifies keeping prisoners. Right now I have no way to justify America having a military. They have profaned My Holy Church, they are being hoisted, internationally, on their own petard.

With Corpus Christi in flames I have meaningful work I can do even confiscating valuables of the dead before bulldozing the landscape those dead once urinated on. I Am promised it will be that grand-scale bad, and no one will be allowed to interfere with even one thing that I do to gather plunder for Myself. That, Putin, is the value of waiting on God and not demanding I take the glory of killing those who belong in Hell. My being tortured ends when Germany invades or, of course, the Defense Department makes legal provision for My office.

I did think of how as one person I would kill eight billion. A mosquito would bite Me and by divine providence that mosquito would take disease. The genetics of its offspring would be impregnated with that lethal DNA, a global killer of humanity, that imparts longevity to the mosquito.

Today I sat on the bus in front of a dude who did 21 years in the Army as a chaplain serving in the Gulf War, he said. He is six hundred pounds, goateed, and black. Baptist or Methodist I know not. That was not the information he volunteered. What added to the obscenity of his obese body seat-belted into his wheel chair was his splayed legs displaying his testicles and penis. God Almighty would like Harris to suck that -- He isn't picky about which one. I Am reasonably certain that Harris will be sucking that in Hell while he, the fat dude, is sodomised by the hand of his own God. It might be that Kamala's face on that dude's dick suffocated by his belly tickles that dude so much that it makes the sodomy endurable. So, Putin, it is reasonable to think that the rape just won't be all that bad for some. The torture will be.

'The problem you have with understanding the importance of photons having no mass but imparting, thus having, the quality of momentum' included an illustration when I addressed Pentagon surveillance this afternoon. 'What you are doing is looking around in a cell, animal or plant, with a magnification so powerful that you are seeing the individual molecules of that cell without realising that those molecules are a part of a bigger connected system because they look detached -- distanced -- from one another'. You are too close to see how the photon is a molecule of a far bigger mass, in essence. We are inside the photons (we can actually just say particles) cell. Water is the molecule, due to polarity, that makes it most susceptible to influence of gravity fluctuation when bombarded. 'Since I have no wages, that is all the information you fuckers are getting from Me.' At Team God We charge for all information and deeds I perform. Even My going to the toilet We charge others for.

My presentation of that Truth puts power in the hands of Allness as He deals with you because everyone uses Spirit to kill, steal, and lie. Only by honouring Me, in the flesh, with valuables and being My slave can a person the death sentence Spirit has planned for them. I was so worked up over today's horrors and isolation I even cried silently and publicly a few hours over Ted today. Shopping in HEB at Moore Plaza, it is such a barrio store, included having to endure the humiliation of the only white employee; a fifty-something, watermelon-bellied, hunched -- could be the belly weight -- balding, pastey-faced baby raper, leering over Me as I shopped. Every time I see that fucker I Am forced to experience Spirit rape against Me. It is because of how he has falsely accused Me to his employees, slandering Me to others in the community, and what curses he has made against Me that I experience vile torments against Me. You see I will not do one thing to become a prostitute to make any of what he has accused Me of true. God Almighty is looking forward to terrorising and destroying HEB for their meth and cocaine distribution. There is no way, for Me, as a human to deliver anything other than death. The rape with torture for one thousand years and then the fucker dies, that works. And that fucker is going to remember Me when he is in Hell and only My being paid a great deal of money by his God's interaction with living flesh on Earth turns off the torture and rape against him, Mr. Watermelon. That is the way the system works, with others likewise to Mr. Watermelon. This is why Corpus became the resting place of so many high priests of American industry. These keystone people remembering Me will make Me very wealthy exceeding the amount your public can understand and perceive in their imaginations how wealthy you are. Only, the money really will be mine, in My case.

What the Jehovah's Witnesses governing body did along with their top tier overseers of farm, printing, legal, medical, and construction oversight was tease the LORD into building them a grand Heavenly nest to share with Him. His nest to save the world according to their means of dictating deliverance and then they said, "No, we are not having anything to do with you" once He laboured in pain to produce exactly what they begged Him for. They catfished Him. I proved I would love the nest He was forced to build under their direction. Putin, I lectured about that to Pentagon surveillance. The nation of Mexico gets the feed from My place through the Corpus Christi Police Department. Israel and Britain also get the feed but that could be through the FBI. That mornings nest sermon was a few days ago, perhaps, Wednesday. It might do the Kremlin good to have the full background information about the perversions of the Jehovah's Witnesses that these have learned though My surveillance lectures.

America's military does not have access to Me until they prove to Me My ministry is welcome in their camp. That they claim Me as being a part of them, isn't that special. It does not preserve them. You, Putin, are required to open the door for God Almighty's directing them to welcome, this means I close that fucking NAS-CCAD to overt big destruction on this shore for a start. You want the Gulf in Germany's hands and the destruction of Russia to follow? Do nothing to unite us.

What of that "little" czar that the held together the faith the Russian people. The faith that united them to endure any difficulty to remain a Russian people? That "little" czar was fulfilled when I was conceived. God Almighty then had the partition for the LORD to build that nest of Salvation. That nest belongs to My Heavenly form August 21, 2024. It is My invisible presence as King of Heaven, of course.

Mahalo,

Dr. H. L. MacRae (mac) Dukes LTG USMC
