Indeed, *Justice for All, out of the many One delivers.*

Great King of Jordan, Abdullah II, the LORD's slave assures you, "Do not put your LORD, thy God, to the test."

Verisimilitude thunders with flickering gigawatts discouraging all but those who are convinced they will not melt in the rain as I compose this response to your mockery. Modern day temple prostitutes have betrayed hints of Godly form woven in blockbuster movies. This is why banal humour is so goddamned funny to the masses and porn has such a fundamentalist "Christian" following. These temple prostitutes Shakespeare birthed. I do indeed praise Heaven when big storms swarm across America. My lament, "Why are you doing so little to bring destruction to this nation? Somehow the floodgates of rage have yet to be released? What have I failed to do? your wrath, LORD, is not yet released." Then My prayers are answered. Fucking with the King of Heaven, moi; how clever of you.

The One World Government the Watchtower Bible and Tract Society developed giving birth to Mary McRae [She is antichrist, serial killer at large in the Corpus Christi community due to the patronage of the Corpus Christi Police Department, and the Jehovah's Witnesses.] is now instantiated and it falls to Russia to form the new central bank and government.

I enjoy reading Stephen Ambrose, Thomas Fleming, Simon Winchester, and Walter McDougall. I will delve into Shakespeare again, eventually. No, I will not be posting My profile on Only Fans. Yes, I prefer Harvard scholarship to Oxford. Applied Oxford scholarship is an over actor.

I chose Russia over China to establish the central bank and one world government because in the confusion Xi will profit his empire in the way and means that maximises Heaven. Enjoy the heat wave.

Among My axioms of rulership two are: seek first fulfilment of the LORD's kingdom at every fork in the road, and do not, ever, put the LORD in a place of being tested. Two lesser axioms in My *Herald* articles you can shuck for.

I hand the desert over to Iran. Ireland, now, is being delivered to conquer over England. (I will join Iran at the time and means that pleases God.) Ireland simply needed a better steward over hedonism for the destruction of England's empire to be accomplished. (Enter Putin.) Turning gold into an idol is why Heaven was preserving nations' central good-faith banking selling their debt as income to the investing masses.

Flesh, sans Me, failed to deliver its promised gifts to preserve good faith -- the hedonism based central banking that ended the gold standard. Gold being the earthly commodity tying wealth of nations to a commodity. England turned to fucking to stave off the execution due them when the Bard hit the scene. They upped the poker hand. Using the arts of pagandom is woven across America and of course preferring the commodity of competing gods against the LORD is why flesh is destroyed. Gold was the insurance policy that put flesh in a place of preservation even after stealing hedonism to grow the wealth of "Great" Britain.

At some point I will develop the relationship between central banking and monopolising the occult powers of sexual exchange that built an elite class, into correspondence -- most likely to Putin. But our exchange, fucker, is over. Putin is by far and away a better world supremacy pundit than you. The Jehovah's Witnesses are simply the religion that fucked over your kingdom's inheritance. I Am the saviour you refused to honour. You stupid mother fucker.
