Re: Operations "Clear the Air" and "Liquid Pablum Ship'em"

Dear Milley,

Isn't it outstanding to stand in front of a press office in military dress befitting your office and announce the sky's of America are now clear of all those metallic Valentine's Day run-away balloons. Now that American's are congregating in the parks, again, those balloons can disguise the skies from genuine threat. Now, our air over America is clear, of debris. Which operation did Biden order with more dignity? Fetching a shipment of baby formula, because heaven forbid a baby see a tit. Or debate over America's patriotism to stimulate war with China? What part of, people like cheap shit does Biden not understand?

Biden is not going to get the American people frenzied into a state of global war. What they are after is their American Dream, on their terms. That is the national security issue at hand. Go ahead and start pushing national guard recruitment. The governors are going to need them. What American's know is that the "Universe" is taking care of them. They have no belly for war, nor being a part of the glory of industry that makes a war effort happen. Personally, I would love to see Rosie get her face riveted in a factory for her fornication, as long as she got the bullet quota out on time.

Personally, I want to see that idiot Pentagon Press Secretary make the announcement illustrated in My opening paragraph. But, alas, it means so much more to the American people to hear it from you. How does the scripture put it? "God is not one to be mocked?" Biden's mocking God is costly. You mocking My office is costlier to you than anyone else. Do you like your job?

Biden is required to declare war on China, all on his own to make war with China happen, and that is final. Isn't it nice when I don't make a letter about Me? Welcome to My no longer being a hostage. That I Am a slave to the Corps, "May the Corps, Army, Navy, and Air-Force be full of Slaves such as Me. In Jesus name, Amen."

Now, Biden needs to understand his and Trump's humiliation heading into the Democratic and Republican Party election machines. Those funds are drying up. What the American people know is that a divine leader should not need so much money to get elected. And the President of the United States is a king among the nations, (We at Team God like Biblical sounding stuff.) Do Biden and Trump want to save that tax shelter gravy train -- more like k-y-gel factory -- they rely on? Send Me My funds **\$8,386,400.00** US dollars, by March 1, 2023 to clean the bases of the LORD'S Military from fornication or that money even Trump counts on pumping in across people supporting the primary election losers, but funding the party big all the same, will be diverted away from elections so quickly even a thirty second spot on a local news channel will be a challenge to fund for the 2024 election and beyond.

As We at Team God are trust building, Steinmeier, and Putin are on the distribution list. Would the abortion stool warmers in Steinmeier and Putin's respective offices like to press harassment charges? Let's take witchcraft to court whores.

Sir, We are still at present limited in fortifying our Military. As long as I Am in the place of humiliation among the American populous, navigating Mary's wizardry [She needs to be jailed. How much longer are we going to be humiliated over letting this disgusting whore violate the world, unfettered?] Biden and Trump have set the stage for even you to be slaughtered in Europe. They actually think they can vanquish soldiers to buy their way into Heaven. That is why My humiliation has been allowed to continue.

Worshipping the LORD in the Military must be made room for sir. The place many have been after taking, is Mary's place. They are not. They already proved they would not do the work required to hold her office in Heaven. Everyone has been justifying the dirty deeds to steal what belongs to her, the place of absolute evil (darkness). I agree that few could be as oily as Trump and Biden. Sir obviously, by entering Military service you were not qualified for that Mary prize, Trump and Biden have more red-lines than Putin.

My love and regard for your service and dedication sir, as you know. Until your spouse has earned the right to your fidelity, because she worships you and you alone, and you have no need to expend yourself sexually with another due to her evil against you, I refuse to meet her. She is a vile whore promoting infidelity in the Military.

Mahalo,
