***T***he explanation of My curious presence and circumstances in the Corpus Christi Community with information regarding relevant current events impacting the community. This is a legal notice from Senior Joint Chief General Mark A. Milley.

Sirs, firstly this notice is being written by a singular being, not a committee or organisation. I Am H. L. MacRae (mac) Dukes a fifty-two year old female who has served the nation in the United States Marine Corps since November 19, 1988. Why am I explaining this to you? Because Mike Markle, Peter Zaroni, and Barbara Canales have been weaving corruption into our nation's spiritual fabric, and two nuclear bombs that Joe Biden in concert with King Charles were having manufactured in Baghdad, by two off-colour secret agents, for detonation against the Port of Corpus Christi and NASCC-AD are no longer a threat to either this nation or the world.

For many decades the Corpus Christi region has engaged in the loss leader activities of national defence, and as a result NASCC is being closed down to all civilian traffic held open only for key military personnel to improve the fabric of the nation's military. The present base commander added to the deteriorating work ethic and refused to eliminate base corruption that was feeding Mike Markle's corruption strengthening the hand of gang activity of Mexican cartel labourers.

Markle took it upon himself to wage a physical and spiritual warfare with Me and lost. Because He lost, you no longer need to fear the rumoured nuclear threat. Two nuclear bombs released against this community would have actually improved My personal circumstances since Markle went after stealing My estate, all My cash savings even junking My paid for vehicle. The Corpus Christi Police Department owes Me personally \$492,500.00. That is not damages. That is the amount of money he stole. Governor Greg Abbott is of course well aware of this criminal activity. And at the Pentagon, We overcome adversity and operate legally during our duties allowing people to prove themselves before We engage in hostilities, returning fire, as it were. I walk and ride the bus because of Mike Markle's personal crime against Me that he employed his entire police force, like toadies, to defraud Me and interfere in My work. Consider this his retaliation for My closing down He, Zaroni, and Canales' criminal rings.

You have General Mark Milley, personally, to thank for the safety of this region. Please speak of him with respect, at least. I Am simply a slave to his office. Biden was simply pandering to Britain (like America does) by choosing Corpus as ground zero as it minimises collateral damage to the nation, and reduces even the likelihood of stirring Congress up for yet another war in the Middle East. Some of you have observed Me in coffee houses writing correspondence to world leaders as the LORD's voice on the world stage bringing an end to all the narcotic and human trafficking of this nation. I do not have internet

in My home. It is at this time unaffordable. The Army, Navy, Marines, and Air Force are taking their black eye, as it were, with courage, and soldiers dying in the line of duty have My resurrection to look forward to. The military has long been used to bolster markets maintaining the value of the American dollar even when that means smokescreen warfare so the royals of Britain and other world leaders hold onto their global black market ventures. Congress of course does not fund Me. Congress has no interest in ending black market transactions on the world stage. Many of you will no doubt be grieving over Markle, Zononi, and Canales failure to stifle My operation.

The practical advise I can dispense as a way of blessing you is this; remove all cable and streaming services as well as end your social media announcements relative to your households and personal accounts. End your dependance on eating out to meet your caloric needs, and arrange your affairs so that with one full time income you meet your minimum housing obligations. End exposing your children's identities in public media. Stop consuming alcoholic beverages on a daily basis, and do not indulge in recreational drug use. If you use pain-killers, even aspirin, suck it up and press on. Whatever excuses you make to yourself claiming that God still loves you, just because you are living another day, that is not par any longer. Exert yourselves to be thin. Do not wear synthetic fibre garments, and demonstrate gratitude that the Constitution of the United States has a second amendment. You need to be prepared to protect your families. Civil war is approaching.

Mahalo,

Dr. H. L. MacRae (mac) Dukes LTG USMC
