Frank-Walter Steinmeier
President of Germany
c/o Embassy of the Federal Republic of Germany
4645 Reservoir Road, N.W.
Washington D.C. 20007

If there is any hidden message in the card enclosing this letter it is, there is absolutely no point to My being fresh. People talk about everything other than what matters at the core of a negotiation while assessing their personal strength, leadership -- spiritual leverage of believability, relative to the other(s). With highly learned individuals this involves discussion of technical aptitudes where all parties are working from a central appreciation of knowledge and events. A geek might toss out some jumble of acronyms trying to assess what another knows. Fine. But, name dropping industry specific jargon is the tactic of posers as well as just an individual speaking the same language as the group while attempting to get information from a shared knowledge base.

Dear President Steinmeier, if I could do one thing with this letter it would be to ask you, please send your delegate. What will happen regardless of your sending the delegate is a body of wealthy qngmic pact-ers from the Freemasons are going to gather in Biden's oval office and tell him, Americans do not need a central government. You see Biden already informed Milley Americans do not need a military. While Germany will do well relative to other nations, it is true, regardless of claiming Me, the world as a whole will have more because Germany chose to save them. That I deliver the LORD's message is the burden of My office that obfuscates My please.

When the educated deal with people that despise knowledge, the educated rely on charisma to win over the ignorant who prize being "hands-on" (wink wink) tactile learners over the type who learn from books. (Everyone can learn from books. Some have figured out plenty of ways to avoid the discipline.) The learned think they are being listened to. Charisma is selling yourself as a sexual actor. Sex is the international language of persuasion. As far as I Am concerned if someone is not discussing sex specific topics relative to their own need or what they want form Me there is no personal conversation other than a discussion of a persons being human as opposed to a cat or dog for instance. So when Mark Gurgevich resorted to offensive sexual humour I left the kitchen or common television room we were in as I was watching over him and locked Myself in My bedroom, like I do constantly, because I keep My mother locked out of My personal space. She, on her own, is a bigger threat than Mark ever could be.

When someone's vanity is stricken, relative to who they are addressing, the stricken is in the place of weakness. A pretty female who relies on flirting to persuade others to do their work employing coy gestures that tease, even if just a little, needs to be the one who has never betrayed her gods or she is rapped. Date rape, unless it is a premeditated assault, is the result of a teased individual that does not understand they are not hot enough to be in a sexual relationship with their date taking the sex they know they are do. I have lectured to the Pentagon many sermons since early July. Returning to My introductory pun, I communicate with words. I frustrate people who seek to persuade Me with few words relying on their charm to win Me over, silence Me, or convince Me. Those that tilt their head when they talk, lilt their voices, and heave little sighs combine these gestures with what should be subject closing lines that end up being fodder for Me to dig for more information bowling over My opponent. I didn't even know I had an opponent.

God Almighty puts Me in the path of as many shitty people as He can so the shitty cycle ends. Corpus is the place in America where, all things being equal the world over, these people are the repenters, so to speak. In North America, there is no way for repentance to happen. It was Me that needed to learn this, and of all places in the world this is the place where repentance should have been possible. Ultimately My interactions end up with My teaching Heaven. I explain why a person is weak, demonic, pathetic, a murderer, or some other information about why they broke, or what they rely on to brake, one of the Ten Commandments.

Sir, you are President of Germany. Like Putin I regard you as worthwhile and am reminded that I Am your adversary. You want Me to tell you what your crimes are or deliver to you Excalibur, I need to be paid for that. Evidently, whatever you have done, exposing you does not pay Heaven. We will consider the renege on million I was owed for preventing the Black Lives Matter movement destruction paid in full. The LORD is destroying Germany. You can intercede turning the destruction into blessing. The deadline for Germany is October 7th 2023. Pick Me up to lead the Nation of Germany in global transformation of the world with My Operation Earth's Salvation or Germany and Western Europe fall with Russia October 8th 2023. That is what comes of mocking the LORD by not removing the United States baby raping soldiers from your soil. American blood defiled German purity. You do not rely on vermin for your National Security.

A common pass time for navy sailors in San Diego is to head to Mexico, find a Latina to shack up with short term selling her the American dream while she ultimately is just his prostitute. When she asks or demands to be married to him, he murders her. Why a German would allow him or herself to be yolked to an American, I have no fucking idea. But Germany must have desperate young people too. I grieve for you because America is a fuckhole that loves making freedom dirty when they fail to make it cheep.

October 7th, 2023. That is a Saturday. (That date I turned into a verb. It is a sentence.) You have anytime until then to send your delegate. Destroying the JW's is the first order of business with sacking Jerusalem and the Vatican then dealing with the Jews after we spend two weeks preparing the military to slaughter the Jehovah's Witnesses starting Operation Earth's Salvation. In short, the Middle East as given to Abraham's offspring was required to receive Me as their King or their entire landscape was going to be ruined by Heaven (the people being slaughtered is just bonus.) Other than North America, all flesh is falling to their Ggods with the Middle East being the populous that are destroyed for being the raping decedents of Ham. Nationality does not matter, the lands boundary does. No, Iran, Turkey, Afghanistan,

Pakistan, and India will not like the mass migration that floods into their taxed regions. Greece will be an even bigger toilet of soul sucking humanity. The Russians and Slavs will begin killing one another across their entire landscape because they want to. Xi will terrorise Africa into submission when Africa falters financially and China will maintain sending America all its knock-off crass cheap substitutes for real goods. England is over. Corporate entities are over. What governments have backed with communistic, dictatorial, ownership is what remains.

You fucked your means of saving free markets into oblivion. That is what happens when you worship a Ba'al. That is why America's soldiers were allowed to rape the Philippino girl to death and God did nothing. Not even the Philipinos would start slaughtering the Americans. Plenty just wanted commerce. The rapped girl was a sacrifice. Given the Marcos family, wouldn't you agree they cashed in plenty on the life of that girl? What court would award her family more than twenty eight million dollars, honestly? What girl could be rapped to death today by a military body and some military vow to extinguish with their own blood the assaulting military? It was proof to Heaven, these fuckers -- Humanity this time they built a Ba'al-- were over. Then mumsy came, and then you got the Two Fer because of what that vile whore is. But because of that vile whore the gods were bound to honour the Christ. There is no escaping global shut down. Yes, Japan is wiping clean the Philippines.

As of September 11, 2023 the LORD turned his back on the United States Military. He no longer recognizes them as a military body. Who the LORD has is Me. Who I have is the LORD.
