

Cover Your Mouth to Caught, "Bull Shit"

January 30, 2020

The gluttony of Solomon's kingdom has confused those desiring feminine life as a member of a 144,000 ruling class harem. Solomon, the name of the person that stands for the number of the beast. False prophet number one wake up!

False prophet number one has perverted judgments to believe that the wife of the Lamb followed the pattern of undoing and gluttony that destroyed Solomon. Concocting a harem for the Christ is a blatant misread of the domestic partner provided by the true God poetically described by the grandeur of heavenly Jerusalem. The Christ returned to the heavens, created from the rib of the true God. Two of one flesh, of one mind, under God. That is allegiance.

Glutenous fools. Only one drunk with the teachings of sin, would create a future of gluttonous perversion from the truth of the true God's word.

The Scroll John Doth Cry Over

The kingdom of the Christ home grows precious servants in his new Jerusalem on earth. It is built in a time of distress just like in Ezra's day. Cyrus with gratitude, not a false prophet, funded that. The true God's Kingdom follows from the map of events delivered when the first five seals of the scroll that only the Lamb of God could open are, guess what? Opened. The first seal is opened when the first part of the two times period begin. Christ rides in. Whoa, to sin's reign on man's behaviour. That is a war horse.

That's right, the other horses are unleashed with Satan and then Christ rides in triumphant, again. In a world full of fornication being nailed by pestilence, famine, and death is inevitable. (Right, a pun.) Need we articulate again death is sin's wage. It is not eternal life. Solomon did deliver that great ecclesiastical oration. He delivered fair judgments over Israel. But that harem,

ruined him. That seventh seal is what is required to destroy sin. What SEAL wouldn't want to be a part of destroying God's enemies?

The Vagina Worshiping False Prophet

Back to the false prophet's vagina envy. Remember, the biblical wife that sought rulership was Jezebel. After Vashti refused her master's flattering request her master deposed her as queen. (The shrew of Shakespeare fame.) Think about it. Show the true God, false prophet, where in the Bible is the burden of rulership dished to the feminine one? There is a; masculine, leader, responsible, accountable, one, and a feminine, submissive, obedient to the leader, one. That invented harem class is a bastardisation of headship. Vagina worshiping, fools. Certainly, that obvious truffle the reader found on their own. That is what defines man and woman. And yes, these can cross sexual identity in the true God's sheep class. They had better never cross relationships.

Small Number

A remnant of persons never adulterated by the perversion of fornication when Christ's kingdom ends, enter the book of life. These never practice sin. They are first fruits because they never chose to practice sin in Christ's kingdom, and when Satan is released these are the ones that are instrumental in binging about God's will. These first fruits never abandon faithfulness to the true God's Law, once they learned that Law and righteous way in Christ's kingdom. These are the virgins of *Revelation* fame and the select remnant represented by one hundred forty-four thousand. (Remember an "and" in English fractions a whole number.)

Christ's kingdom is a place of distress because sin still exists. Redemption exists because blood's fingerprint of sin is still present in all of humanity regardless of being resurrected or surviving into Christ's kingdom. (Exchanging sin is a vile practice.) Sin is what fingerprints the blood of every human born of Adam and Eve. Sin is what corrupts some hearts toward self-destruction.

That remnant number compared to the population, small. These virgins, resurrected into Christ's kingdom, have no knowledge of their former adulterated hearts. Hearts perverted when living during the time when Satan was the world's god.

The Thrust

The remnant are people that have a congenital-spiritual-heart defect. That heart defect is why a population will exist to fill the gog of magog, self-destruction, empire. An individual judged wicked and righteously destroyed is as capable, with the true God's Shepherding, as his non-heart-defected brothers of living righteously. The paradigm is an individual must first realize they need repentance and want it. Not everyone sees that need or asks the true God to help them see it. No sheep is left behind even when the great innumerable crowd in the true God's book of life are crying out, impatient for His Kingdom. The remnant God is patient with.

The Figurative Integer

If the number were literal, in lieu of referencing Joseph and Benjamin, it would follow the actual earthly inheritance. Joseph's two eldest sons were not listed when naming the tribes containing twelve thousand select persons for each tribe in *Revelation*. The two eldest sons of Joseph inherited lands from Israel with Israel's ten other sons. Joseph received a separate inheritance from his father. Lands Jacob -- Israel -- conquered in his days of vigour. In his final blessing, Jacob, gave to Joseph a separate land of inheritance to his later born son's. Israel was already disgusted with Benjamin.

One hundred forty-four thousand is a figurative number. Start writing that number out along with all other numbers in the Bible just like the codex shows. The Catholic's, while burdened with idolaters' consequences, are light years ahead in preserving the Bible. You didn't see that coming did you false prophet number one? How you have condemned them and the true God's woman. How many sentences have you declared against others from your god Jehovah? Do yourself a favour, nothing will save you from the costs of WWI and II, but you can reduce your personal liability by dropping the titles of the true God from your religion entirely. Happy writing :)

Muhammad gets Noticed

Hungry to own or be the "virgin" in heaven? Right now, there is a vision opening in heaven over false prophet number one. A priest: in fringe from his shins to his toes, his feet covered in the ashes of the pit outside the Holy city, is burning the whole bull, shit, and all.

False prophet number three is the crude Texas "tea" sheikh patriarch. Ah, the shower of fire from heaven against unrepentant terrorists. More for you later Muhammad.

Christ, like LORD is a placeholder. A title. From within Allness there was Light and darkness. For independent life to exist, and for life to live the Christ is fulfilled by different lives from the point of conception after winning the war to be born so life could have eternity.

The light gets brighter and brighter only when there is a light to begin with. The human is the light that is consumed with God's fire based on how much light with regard to Allness they bear.
