

My Daily Prayer, an Example

December 1, 2019

our will is wisdom beyond all your Creation. I beg, keep Me in health so that My deeds can fulfil your word as you direct Me, as a witness. Please let your will be known openly so your sheep can survive the annihilation of wickedness because they are far removed from it.

Introduction

"True God, you gave us the Christ. He is our High Priest and redeemer the one who reigns in the heavens we await his time to reign over the earth. His kingdom filled with your sheep will be in Christ's congregation, His Body."

"A world that is filled with your knowledge follows Christ's Kingdom. In your Kingdom, true God, the earth will be devoid of sin, like the heavens are now. May I and our second witness be resurrected, welcomed by you in heaven, after service till death at the hand of Gog of Magog."

Kingdom Pleading

"I intreat you to bring forth your kingdom as promised by the prophets of Israel and as fulfilled by the gifts of the Christ."

"It is of course your will that must be fulfilled for life and not death to reign. Satan is the architect of death. We are permeated with her half-truths. Through moments and glimmers of relief in our relationship with you we become

perfected in our faith, strong against Satan's rule. Please, let your will be to search out the earth in this time of the end, and seek out your sheep who are thirsting for the life you offer, and want to be rid of the death sentence Satan has saddled your human creation with."

A Human has Needs

"Your will is wisdom beyond all your Creation. I beg, keep Me in health so that My deeds can fulfil your word as you direct Me, as a witness. Please let your will be known openly so your sheep can survive the annihilation of wickedness because they are far removed from it."

"As a fleshly being of this earth, money meets a response today just as it did when Solomon built your temple, Jerusalem. While Jerusalem is now in the heavens, and I have no grand reason to glorify you with money, My feeble existence requires care that is met by money. My flesh needs to share expressions of love and is starved."

Poverty Is a Concern

"Please do have mercy on My efforts and bless the work of My hands so that I can avoid becoming desperately poor physically and emotionally. Just as Solomon said, 'The ruin of a person is their poverty.' I need wisdom to avoid being a stumbling block to others. And courage to hide a face starved of food. I need to be reminded of your love so that I can endure when there is no prosperity for Me and trust that I will never need to resort to the tools of the desperately poor for food and shelter."

Thanks Give Way to Concern

"I give thanks that the sacrifice of Jesus is great enough to cover My short comings; but I rarely feel confident in that. Don't let Me in My worries about

My failings, while I faithfully keep your commandments, let My thinking so little of Myself steer Me into sin."

"I Am grateful for your protecting Me from Satan and her demons. When I Am faced with an agent of Satan embodied in the vile conduct and seductive cruelty of an individual doing Satan's bidding, please let Me prevail in correcting and walking away from this agent. Let Me live this day cautious as a serpent and innocent as a dove as Jesus admonished his disciples."

"My heart is imperfect and pumps sin. The love I offer is with a partial understanding filtered with My imperfect mind. In 'Jesus' name' I close this prayer with My love to you true God. Your gifts are superlative."

(God says, "And you stupid fuckers thought you could out-smart honest work by building a Ba-al.")
