

Five Hours Nine Minutes

Thirty-G, Latitudes; Thirty-Nine, Thirty-One, Twenty-Seven, and Thirty-Five, Degrees

January 9, 2020

The inspiration behind the Bible is the Creator. The belief of an individual does not change that truth nor the execution of His will and fulfilment of prophecy as He deems it is fulfilled.

What does that title mean? Is it geographic, coded, personal, or mean more than one thing? Bible prophecy links like keys to a lock. Think deoxyribonucleic acid here. It is also reasonable to sneer at believing in a Creator with the Satanic behaviour of religion's agents. They have an opportunity to revise their doctrines and teach the Truth. The inspiration behind the Bible is the Creator. Only intimates of the true God have His insights. Why? They are His prophecies. He inspired prophets to interpret dreams and seal events till a later time.

mac Maps

mac is mapping biblical prophecies to period of fulfilment. The periods; the seven weeks, the sixty-two-weeks, and the one week. Now the truth is, the length of time for the sixty-two weeks and the one week in terms of solar orbits of the earth about the sun are similar. The seven weeks is the shortest of them all. Why then map seven, sixty-two, and one week? The seventy-week duration began with announcing Jerusalem's rebuilding. (This started in July.) It ends when the true God reigns. The seventy weeks is the visionary time of the end. Visions are fulfilled in this time. Some are fulfilled twice. That is right, twice. Once now and once in the one-week span of events.

Religion the Harlot

The seven weeks are to bring about the jailing of Satan. All religions of this world are from that harlot. The true God is calling His sheep to Him and teaching them to read the Bible and improve their morals and rely on Him for survival and a good life. The goats that swallow anything will still have life too. The goats will have no identity. Goats God resurrects a blank slate in Christ's kingdom. The goats, all people unrepentant from fornication at a minimum -- repentant means stop practicing -- annihilated in the true God's exercising of justice. This justice must happen for Christ's Kingdom to be on earth, Jerusalem. Why go through the process of annihilation? There will be no practice of sin in the true God's Kingdom.

Jerusalem's Rebuilding Announcement

The rebuilding of Jerusalem message is a whisper now, the shout is coming. The earth-over there will not be a sheep that did not learn of the need to repent. The goats, so defiled in their hearts, they are incapable of repentance, now. The true God reads the heart of every human since conception and knows them all, by heart. Not one sheep is left behind. The goats will get their chance at being a sheep toward the end of Christ's Kingdom when Satan is not god of the world.

In the seventy weeks sin exists. The sixty-two weeks period provides perfect times to live according to the true God's law. This is a fleshly growth cycle and time to reap physical benefits associated with serving the true God. When Satan is released there is decay. Humanity that follows Satan will wind down and suffer. All sin self-destruct's in that last week. Living in sin does not have weight in the true God's eyes. Only its suppression does.

How It Ends

Mapping prophecy is as simple as having a oneness of mind with the true God and seeing how the keyed verses fit together across prophetic books and visions. The battle between the north and south has been raging since Satan decided to deliver a death sentence against her charges. The north will win. The true God has two witnesses and blinded sheep scattered about the earth. These sheep are ignorant of Him. But His truth is now in print. To these sheep starved to the brink of death by religions of the world, starvation is ending. God now gathers them for deliverance.

A word of warning to those making declarations of knowledge of the true God's fulfilment. Guess what? His woman is letting you know He will defend His turf. Using His titles has consequences.
