

Gala or Rome?

February 19, 2020

Adam fulfilled the true God's word to know is wife and give her children and ate in ease from their gifts. In short, when the true God delivers a curse it is so those who fulfil His word are rewarded sooner.

Because you listened to your wife's voice the earth will not give up its produce for you. Adam lived this curse against him. For Adam to enjoy the produce of earth someone other than he and Eve would need to do the cultivating of the ground. The true God sent out His word that humanity was going to become many, and fill the earth prior to that knowledge filled fruiting tree. (God says, "That's right.")

This curse served as a provision. (God asks, "Can you hear Adam promising Eve a rose garden -- thorns and all -- for bearing children?") Adam fulfilled the true God's word to know is wife and give her children and ate in ease from their gifts. In short, when the true God delivers a curse it is so those who fulfil His word are rewarded sooner. It is built it.

Listen in Bible Terms

Adam "listened." He believed something and acted on what he believed. (God says, "That is what listen means.") The true God does not control the content of our minds or read them. What He will do is correct our expectations to match His word when we grow to know Him. Adam did not have a Romeo and Juliet moment of; "Eve you ate the poison and now you are going to die, so, I will take the poison."

Adam ate the fruit believing -- because Eve did not drop dead in that instant -- the true God's word was not true. She alive handed him the fruit. Eve died after hundreds of years of life as did Adam. Satan made the word of the true God a lie in the mind of humankind. (Listen to God call this, "A truth of lies.") Adam did not see the alive woman in front of him and realize she was dying. Eve knew she ate and stood alive.

Adam also did not reach out to the true God. Adam had a responsibility to do so because his wife -- one flesh -- carried sin in her blood once she ate of Satan's tree. We live in a period of knowing good and bad. We must make the prayer first. (God says, "Eve built from Adam's rib made her his one flesh by definition.")

Who are You Listening To?

Adam listened to the "evidence" of Eve, alive, with the eaten fruit in her hand over the true God's word. It is our expectations we need to compare with the true God's word. We are deceived by what we see over what is in the Bible. Satan's agents, all religious leaders, corrupted the meaning of the word for centuries since the remaining apostles were writing to the first century congregations. They also lived a life without any apparent consequence other than living in a world filled with the knowledge of good and bad.

We see people doing evil acts thrive, and we forget that they are going to receive judgment. Do you, clergy, doubt who you are and who you follow? Make that prayer and find out. The true God is leading all people who pray to Him to find out who He is. Once you have found the source of Truth, God will teach you who you are serving with your religion.

Deceived sheep sucked into Satan's empire believing they were serving the true God will forge a relationship with the true God, and flee Satan's empire to the true God's fold. Goats that chose to live badness, can. Being born again awaits them. Satan's agents do not live into Christ's Kingdom.

What Judgement is, Now?

Judgment is a resurrection to a wiped clean memory at the time and place of the true God's choosing in Christ's kingdom. When Christ is King over the earth it is reasonable to believe that he will walk among humanity at times. There will also be persons, satraps, and governors, caring for the Christ's subjects. The relationship with the true God we develop determines how He can use His sheep: where, and over whom, if any, He places them.

Getting Down to the Brass

There is a war before us. What is it? It is legal government against Satan's agents. Nebuchadnezzar's tree tells us for seven periods of time there is a banding of government. Once is for seven weeks the second time a week. A week is seven periods of time. Seven days is how

long gog of magog -- the feet of iron and clay, the second time around -- must learn the true God's Kingdom is coming to power forever.

Good Times

The seven weeks is now and is the conclusion of the first time of the time, times, and half-a-time. During the half-a-time is when the final week of gog and magog's iron and clay feet exist finally crushed by the true God's eternal Kingdom. In our seven weeks of the time the feet of iron and clay exist after the iron legs. These feet are crushed under the direction of the true God.

The true God is answering the prayers of humanity with teaching His identity. Then humanity makes their choice. Be clay, serve Satan, or be iron, serve the true God. Ignorance from religion ends now. Stand and fight the gluttonous agents of Satan under the law of iron the clay is ground to dust of the earth. The iron continues into Christ's Kingdom.

Living leaders of kingdoms of this world -- iron -- the true God is engaging you. Humility, banding, is part of the territory. So is restoration for righteous leaders. All leaders will learn that the true God is Shepherding life -- even those seeking life -- humanity, into Christ's kingdom.

The Triple Tree

Daniel after puzzling over the tree tells Nebuchadnezzar let this dream be for your enemies. Death is humbling. Restoration to grandeur in the heavens Christ experienced. The true God is making His point to those who declare they are under His mighty hand, first. Daniel told Nebuchadnezzar he would be humble for seven periods of time. Rulers of this world, your humbling during this seven weeks of the time, God launched.

The banding is the marker on the tree of the time beginning and end. Jesus death and the LORD's kingship during the Greece-Rome conglomerate marked the time beginning. The time end with iron winning over Satan's remaining agents of clay. Iron legs, humility is served. Restoration occurs when you act under the Fine Shepherd's mighty hand. Yes, fornication and its costs, is eradicated when restoration occurs.

The Statue Goes to...

This statue applies twice. Christ's Kingdom, the second time around, head of gold, will end. This is the end of the first part of the times. Then men will come together in new governments, second part of the times, and Satan, released, wields her influence again in the half-a-time. Gog

and magog -- feet -- receive the bowls of wrath and know exactly who serves them. The ancient of days takes His throne after the second time around when the half-a-time is concluded. And He invented the chain of command.

When the consequences of disobedience to the true God's laws are veiled by Satan, God delivers reminders again. The two-witness team is still prophesying. And the true God never delivers judgment without the recipient having full chance to repent. In that last week of the half-a-time, clay agents murder us.

The Award

The only people "under God" are those forging a relationship with Him, learning who He is by reading His word and asking for His help daily. The keys to understanding our Fine Shepherd, who sent His Lamb, and will provide life to all humanity are in mac's writings. mac's power includes her words and introducing people to the true God through prayer and Bible reading. The blessing of true God's love, justice, wisdom, and power is for every person to learn.

A simplified way of saying time, times, and half a time is needed. What is that? If the half a time is the base unit, t , then 2^*t , at, t , where a is greater than one. An equal sign has no place here replacing the comas. As in, 2^*t is not equal to t . Time is what came into existence when there was separation of the Body, Allness. Time, times, and half-a-time are the defining periods of Deity as Allness shapes them from humanity that is so obsessed with time. An example is our own human bodies lack of awareness of self-time. The events that happen internally. We get hooked up to exogenous monitors to learn those things. More on this to look forward to.
