

Is There A True God?

July 2, 2019

Is there a true God? Yes. False gods have priests representing them where worship required cutting, mutilation, and fornication not-to-mention child sacrifice in the fire. The true God hated, and hates, these things. God's metaphor is rock, constant in His preferences.

His game is love, justice, wisdom, and power. Ezekiel poetically describes God with four attributes in one being when He acts. While Satan has godship, meaning, she is god of the world before Christ's kingdom arrives, God is boxed with His possession and people to survive and annihilate Satan's wickedness.

The true God gave His name to Moses, that Moses recorded as, I AM THAT I AM. God's deeds, written in scripture. His name and identity, including morals, known to His people. They understood fornication was a vile deed. He is intolerant of false gods. Jesus prayed to the true God. Let us strip from ourselves the false teachings of hypocrites and draw close to the true God, God of Jesus.

Let us search Him out. He is merciful. If in our lives, we have been party to sexual and religious idolatry He will reward our honest motives and lead us away from sin that hurt our hearts. As we learn who God is, He comes closer to us and our lives benefit.

An Invitation

Call out to the true God in "Jesus name." He Shepherds you leading you to His Kingdom through Christ's thousand-year reign. With the ark it is possible to be preserved in God's memory resurrected into God's Kingdom without living a resurrection of judgment. Because God teaches you during the seven weeks how to be faithful to God during Satan's reign and you live into Christ's kingdom. During Christ's kingdom is where the resurrection to judgment occurs. Christ's kingdom is entered by those who witness Satan's abyssing. These witnesses

experience the smooth as a sea of glass transition into Christ's Kingdom.

Accept this invitation to pray to God. Close this prayer with, "in the name of the Christ My High Priest and the future mother of all Creation, amen." Listen to God tell you, "You Have found My ark. It is time to board."

The colours are the same as the electromagnetic spectrum of visible light. Red, orange, yellow, green, blue, and purple with a pale yellow to white heart. The circle represents the 24 hour secular day trisected into thirds. The origin is at 0 degrees (0 radian), think trigonometry, and θ rotates counter clockwise from 0 to 2π . The clock face significant points are at 04:00, 12:00 and 20:00. A javascript (js) of this symbol is at www.macdukes.com/symbol.js. This square may hang in any orientation.

Pay Attention to Your Declaration of War

God appreciates the need for people to build alliance with unity and equality. This is freedom. However, the heart symbol with reference to prayer, and striation rainbow, are instruments of Satan's wheelhouse. The word prayer with a heart emblem means

praying to the sin in the blood. The use of the electromagnetic spectrum, rainbow, is Satan's tool to segregate humanity deluding them into thinking God's ark never again is employed. All persons who display these emblems are seeking alliance with Satan. These two types of emblems are a declaration of war against Christ's kingdom.

The second declaration of war is the use of all capitals in text with no type face font reduction spelling God's titles. GOD is the same as god even at the beginning of a sentence, list or stand-alone word. There are no excuses.
