

Peas, Put "in Jesus' Name" on It

January 13, 2020

he cry of man is to find the Love. The Psalm Where Is the Love? simply needs "in Jesus' name" on it.

The true God is heralding His sheep. By definition this includes employees of lawful government with legal, boundaries, and revenues. These employees sacrifice their lives for others. Make a move good shepherd's against Satan's empire.

American shepherd, who seeks greatness, challenged and busting with deficit against your earnings, your future, the true God is heralding you. God's woman is a citizen in your gates. She is that lady in red dancing down your pristine beach singing the Peas under Air Force One's landing descent. You preach trusting in "God" in your anthem and pledge. The true God is not partial. All shepherds reap benefits for aligning with the true God for salvation. World peace is God's achievable goal. The prosperity and benefit; health, funding, a clean earth, youth, and conquering Satan's agents.

Be Under god

You can change your position to under "god." To align with Satan makes you the true God's enemy, like the United Nations you host. You too, host a horn of the false prophet beast of *Revelation* that speaks as Satan, Jehovah's Witnesses. This is a simple request; rid your borders of both the United Nations and the World Headquarters of Jehovah's Witnesses. The Shepherd that is free of these two profane entities is going to reap the benefits of working toward world peace as an agent of the true God. Egypt has already paid for these profane entities.

The shepherd's that refuse to host the profanity of those two Satanic entities in this world will lead all other shepherds in achieving world peace and ridding themselves of the costs of fornication first. Their military ranks will grow in strength and tactical ability at the rate they

wipe out their own idolatry of fornication. Nations that allow legal matrimony to both same and opposite sex couples without discrimination and that use a democratic process to elect leaders by popular vote, not gerrymandered college, are a focus of the true God's ambitions to reward His faithful and take the helm in government. Happy marriages and Satan free leadership, that is His platform.

What Is Despicable

There is a need to make clear that the despicable beast of *Revelation* that is mortally wounded and is given power by Satan, the dragon, was aided by the two lamb like horns of the beast that spoke like Satan. The Jehovah's Witnesses religion is judged by the true God to be blood guilty for WWI in its entirety the world over.

They are Satan's agent and they are responsible for the total cost to all nations in human and capital losses the world over. The profane false prophecy of the arrogant founders of that religion falsely mapped Satan's interpretation of the true God's timeline onto the modern Gregorian calendar. The evidence against their "prophecy" is mounting and jaw covering. Keep reading. They use a timeline, not Bible, to make major decisions, their own Ouija board to communicate with Jehovah. (God says, "You can ask my prophet how I taught her this.")

Heaping Evidence

From WWI the League -- the mortal wound -- then United Nations was established by two agents of the iron legs, the United States and Great Britain. Send the Jehovah's Witnesses' World Headquarters and the United Nations to Egypt. That is the womb of false religion and opposition to the true God. The feet of iron and clay have yet to enter the world stage. These feet are gog and magog and appear during the week of the "half a time." They self-destruct, the cost of fornication, replaced by the true God's Holy Mountain over the entire earth.

The strike against you now United States is that you and Great Britain were that other horn opposite the Jehovah's Witnesses. Satan played both nations. How does that reality sit with you?

The 30 and 1/3 Days of A Month

The calendar of the true God is available to all at calendar.macdukes.com. God's Calendar is explained and is simple. Fifty-two weeks in a year with an adjusting year with fifty-three weeks.

Months of thirty and one-third days each. Seven days are in each week and that pattern, never broken. (Yes, God says, "And that was a period.") This means each typical year was three hundred sixty-four days. Months broke a twenty-four-hour day by a third. (See God show you an LP.)

A Bible month is not thirty days. The wordy text on biblical numbers means math interpretation is profanity. (Tough for us math brain people.) The interpretation of *Revelation* that maps the two witnesses with the forty-two months is a blasphemy. The true God has carefully mapped His prophetic events. If He said "days" you may not interpret them into months. They do not relate. Not-to-mention He does not have thirty days in each month.

God moves by weeks. Recall, six creative days followed by a Sabbath. Menses is by months of more or less equal length like the moon cycle. Stop worshipping the vagina. The Governing Body of Jehovah's Witnesses is coveting membership in a harem. Yes, another one of their profane inventions.

Spend on Edits, or Collect for WWI

Go after that profane religion. Rip open their coffers the world over. They are the true God's oyster to fund muscle on terrorism and boarder defences. This does not mean dealing harshly with the poor. Recall, slaves were freed at intervals. Lend to the poor, honestly. The true God blesses charity. United States would you rather change all your documentation to read "god"? That is your option. (God says, "Walk the walk or drop the talk, Buckaroo.")
