

Preamble of the True God and His King

July 2, 2019

The true God created humankind with the companionship and love of His firstborn of creation the Christ, wife of the true God until her death. She, Christ, the feminine spiritual complement to God just as Eve to Adam.

False Prophets Give Dates

Agents on this earth proclaim dates of prophetic fulfilment, blinded to their own affair with the original fornicator: home-wrecker, bastard-producer, and slanderer, Satan. We will be delving into their prophetic revelations with scholarly attention letting the reader discern the truth.

The ark and prophet, mac Dukes, teaches you to work for your own salvation with God because she is God's woman. He owns her as His possession to breach Satan's world. Fight for your own life shepherded by the true God because of the knowledge His ark, mac, delivers. There are no human intermediaries for God's shepherding. Christ is the high priest and heavenly king. God is the Shepherd. There are no strays. Education with directives to seek out the true God fill the ark's writings. Because of mac everyone living can listen to the true God.

Marriage is from the True God

It is time to learn the identity of our creator, the true God. His name is hidden. Satan hid God's name and accused God of being in an incestuous relationship with His son to create. Creation is not available to same sex identifying genital couples. These persons make a personal sacrifice to be with the opposite sex so offspring are born. God and His wife were one flesh, married, until saving humankind with her sacrifice because He cannot die. He gave His own flesh in her sacrifice. She walked this earth as Jesus, a man, son of the true God.

Oppositely, Satan tormented the first century Christian congregation and sent its members into moral turpitude after Christ's resurrection. Satan executed the Christians and obscured the knowledge of God and the Christ the apostles and early Christians understood. When Satan is abysed that is when the heavens are cleaned of her and the earth is free of her influence.

Reward

With the true God as our Shepherd we flee fornication. Leaning on the true God without kneeling to idolatry will; improve our health and shut out the influence of Satan and her demons. (Satan is the whore riding the beast of Revelation.)

Enjoy the reward of walking on that crowded road to a blessed life in God's Kingdom. The true God wants all humanity to attain eternal life through His sacrifice. Daily drawing close to our Shepherd, the God of Jesus, is life.
