

Shadow of Death

December 28, 2019

Prayer is to God. He hears all prayer. Prayer in the name of Jesus by those that know who God is, is confidential prayer. That is the super-power all of humanity possesses.

God is God. He is also Fine Shepherd to His flock leading them into the body of the Christ. Prayer is to Him. When we acknowledge the Christ we can overcome every false teaching, habit, and perversion of this world to be what the true God will; adore, Shepherd, and protect through every adversity. For this gift from Him we ask that the true God make us obedient to His will, unashamed of our needs, feelings, genitals, and addictions. We face our struggles in direct and open dialogue with the true God and explain that we wish to do His will.

If we do not want to do His will? Fine. The resurrection into Christ's Kingdom provides for all those who were destroyed as wicked before Christ's Kingdom arrives on this earth. The wicked are a clean slate, newly born adults like Eve, with no Satan to put them in a place of harm. Every conceived life learns righteousness while sin is still in our blood.

In God's Kingdom individuals are born, resurrected, without sin in their body. They are resurrected with their memory in-tact, healed from the damage of Satan's world. Under His own law, until sin is destroyed, the true God does not exit His sabbath. His law is perfect. There is no reason for it to change.

The Ewe of the True God

God has one lone ewe just as the prophet Nathan indicated to David when confronting David about murdering Uriah. David a king took the one possession of a subservient. Worship belongs to the true God, and the Divine Team sacrificed their own life to provide salvation to Creation. We are in the throw of a battle with an over indulged ceitan who decided that fornication was the path to life. It was the gateway to all badness. The Christ, as first of Creation, earned immortality, Kingship and High Priesthood that saves all humanity forever. Satan who coveted the bosom position of her mother sought to pervert her parents. mac is that one ewe of the true

God writing to individuals to connect Him to them, His human creation. The true God is the Fine Shepherd.

Remember the parents interpreted from Joseph's dream, the Sun, and the Moon? Father and Mother. Jacob -- Israel -- took note of Joseph's dream even though he rebuked his son. The sun and moon bowed to Joseph. Did they not in the death of Jesus -- mother, moon -- and the loss of the wife of the true God -- father, sun -- for humanity? Our heavenly parents deserve our respect and love.
