

Voice of the Fine Shepherd

July 23, 2019

The Fine Shepherd, God, will speak to you. What is more with every effort you make to walk away from Satan's world He will bring you closer to Him, and you will be able to live with certainty that a life of perfect health of this earth transformed into a Paradise, is yours.

His Voice is Comfort, with Feeling

In your Bible reading you will encounter several times when the true God speaks to His people. At times His anger blazes against wrong-doers or those that are reluctant to carry out His will, once chosen. Moses fits here. The Shepherd delivers His voice to us with emotional and intellectual certainty that He was, is, and will be, all by means of His Holy Active Discipline (previously identified as Force).

God's voice is distinct and conveys meaning that the human body interprets. It can resemble many waters or accompany a vision that portrays the meaning of what He is saying. (Hear God say, "You fuckers are in big goddamned trouble.")

His Voice is Discipline, Love

Begging that mountains fall-down on us and the desire to hide in a cave is no lie. Paul spoke of a war between body and mind. When God's voice is directing us one way it is very possible that the the cells in our body are against what we are hearing. We are living a state of correction. We are learning that in some way we swallowed or are living a lie. The transition from goat to sheep is not instantaneous. It is what every human experiences. We are all damaged by the sin in our blood. Learning who God is includes His being at work in our minds and bodies,

simultaneously. Listening with our soul has a learning curve. This is God's internal medicine. (See God demonstrate what mac teaching that learning curve is worth, to Him.)

It is a Personal Gift

The duration and strength of the Shepherd's voice is a function of our obedience to His word. The more we read the Bible and apply its council; the more our understanding of God will grow. Reading the Bible from cover to cover in an endless loop is survival. There are no shortcuts here. The true God will not reach out to us outside of our asking Him in prayer until within a five consecutive solar year period we have read the Bible from cover to cover, every word, eight times and have daily petitioned Him in prayer in "Jesus name."

Gluttony

God chooses when to resurrect individuals in Christ's kingdom. Corrupted individuals that did not live long enough in Satan's perverted world to learn that Satan delivers death -- we do not get to choose death as an easy way out -- God resurrects toward the end of the times. These persons experience righteousness but are greedy for the corruption in their hearts. They divisively band together with, racial, economic, and geographic segregation. (See God show you He does not interfere with people uniting with one another.) While these corrupt persons are seeking new government, and restless against the Christ, God releases Satan from the abyss.

God will not fail to correct, teach, every human how to be His servant. All experience His correction, at His discretion, at any time of His choosing. People worshiping god will learn the consequence from God exactly what that means.

God's ark (mac) grants Him this access in Satan's world. God allows persons to experience gluttony to get them to realise the consequence of their own actions. His Voice He delivers with certainty. He will not miss the opportunity to use our own mess to teach us much about righteousness. Imparting what we know to others, proverbial. (Did you hear God say, "You don't deserve what mac is giving you.")

From Here to Eternity

Individuals that seek wickedness God shepherds away from the perversion they seek learning from their own experience the consequences of what they created. They will want to die during God's love. They will feel like they are living eternally in the hell they have created but once

they learn righteousness, God transfers them into His living memory. When every living being of this remnant of Revelation (the ones born virgin of all knowledge of badness in Christ's Kingdom) has learned to obey God; then, God's kingdom comes after Satan's (whore, religion) is destroyed by those that learned to live God's righteousness.
