

# qngmic Exchange

---

July 13, 2019

**E**xchange happens. *Regardless of the commodity, government printed money or precious metals or other good things, we rely on exchange for necessities, luxuries, and time.*

We have repeatedly heard that exchange is the root of evil. What? Oh, money is the root of evil. What? How can trade be the root of evil? Israel traded as the true God's people for goods, like horses, from Egypt to Northern nations. Israel took on slaves from the nations they invaded that served to provide timber for firewood and potable water to their households. (God says, "Yes, that would be their utilities.")

## Loving the Object Matters

The scripture reads, the love of money is the source of evil. (Feel God's hatred for loving money.) The source of evil is using exchange to supplant God seeking exploitation of people for profit and/or the sex deal. To chase domination of what is legally not our one flesh is Satanic. Satisfying that craving for sexual conquest is phoning Satan with an order for any number of her demons to tool you as the conquistador. Gratifying ourselves by occupying a foreign shore we do not legally possess is giving demons an avenue for sexual gratification through our merciless act of conquest. Beware of being, lucky. Getting what we do not work for contrasts with, reaping where we legally sow. (God asks, "I have now established communication with you.")

## Is Sex Your Weapon of Mass Destruction?

Perpetrators of serial sexual conquest have common hallmarks. Hunting with a team member who steals the confidence and identity of the victim to empower the perp for quicker and deeper penetrating conquest. Often, the victim the conqueror initially flatters as a friend or extraordinarily desirable person, irresistible. The perps code name in his cult for being a skilled dick, qngmic. This is king-dick with a Q. The Q (always lowercase) is for the perps queen who

has been extorting sexual favours from her own husband at such a price that he is bankrupt. qngmic is consumed in the sex deal from neglect by his own flesh.

## Unrepentant Wickedness Means Death

Whether male or female, unrepentant deeds of fornication bring a death sentence. By our deeds we prove repentance. Modern media, the exploits of peers, and a spouse that looks the other way or also indulges in fornication have the same death sentence. Medically altering the reproductive consequences or employing a safety device to prevent disease for the illegal sex deal does not make it legal or safe. The illegal sex deal God is ending. God does not approve ounces of prevention for fornication. Perverting predecessors reap the reward from God their actions merit. Satan set in this world a ripple of fornication until all of us is mercilessly victim or perpetrator of fornication in some way.

## Purgatory and Hell

Our critical spiritual condition is temporary. Pray to the true God. He will heal the abuses that left us in critical spiritual condition as we learn who He is. We have a choice. Just as the tree of life and the tree of knowledge of good and evil were in the garden, a choice for life we still possess. The true God knows how deceptive that serpent, Satan, is. Prayer is not mandatory. The truth is we are not forced to choose life until after Christ's kingdom. Simply put, Christ's kingdom is purgatory and when Satan is released it is hell. Have no fear God and the Christ do not lose one life. Everyone learns to love righteousness.

## aeroGodnamics, God Launches A Projectile

Government haters, take note. If you honestly believe that Jehovah is going to save you when government strikes at you because you are precious to Jehovah, then by all means pray for government to strike against you for the murders and costs you are responsible for with WWI. Then, surely, (Watch God say, "And don't call Me Shirley.") Christ's kingdom will come in an instant because you are so precious to Jehovah. Don't you want Christ's kingdom? Is Jehovah going to wipe out government in the instant you, Jehovah's Witnesses, are writing that legal settlement check to the United States? Is there a half moon on Jehovah's privy door that you can see when writing the check? (Watch God show you what Jehovah's Witnesses are accountable for.)
