Re: Forcing payment of damages from Donald J Trump to H.L. MacRae Dukes

Dear Donald J. Trump former POTUS

Your criminal activities, while being dodged and evaded from sight of hand home invasion by the Department of Justice, to exclude from evidentiary finding qngmic articles, is a valid legal-loophole-protective measure you are free to play as the scoundrel who lingers over every small detail looking for ways to bait others into preventing you from prosecution, even though the proof is in a card board box with a smiley face Sharpied upon it. That, Trump, is what We at Team God call a sentence.

Congratulations on tormenting the wife of your youth to a reasonably early death on the occult superhighway of manipulation you skyrocketed to fame upon. She stood in the way of you hanging your own children for your crimes. Did you two enjoy going after Lady Diana together?

Trump, you mother fucking monster. You forced by spirit H.L. MacRae Dukes' performing sexual congress with you coaxing two ejaculations from you when she was of legal age to remember the events and a grade school minor. That her mother was present enjoying the moment, is your sick memory to savour. You fucker are issuing **H.L. MacRae Dukes** a check for **\$8,386,400.00 US** dollars. Mail the check to **H.L. MacRae Dukes, 4622 Dody Street, Corpus Christi, Texas 78411**. These are guaranteed funds.

Recall your famous line, "No. She has to ask for it" when Mary was coaxing her daughter? What a "gentleman" child raper you are Trump. mac is asking. Spirit is forcing you to pay the guaranteed funds in a timely manner Trump.

These funds are the damages you are being forced to pay to her personally for her being abused by your sexual assaults from spirit, your flesh, and the effects of your drug cocktails from the many times mac was abused by members of your cult and drugged.

The proof of guaranteed funds receipt will be posted in the *Herald*. It is likely the Department of Justice will turn a blind eye to that posting too. It is a genuinely inconvenient truth for them. Your mega crimes against the Heavens, along with the many other crimes of your cohorts against, law, ethics, justice, and duty, are why the world's populations are being wiped out.

The Hawaiian's are recorded by Captain Cook, not the General Mills cereal character, as living the philosophy, 'We will not kill you to eat you. But, if we kill you, we will eat you.' You like others Trump will be able to remain tucked indoors safe from mac's Holy cleansing of the North American populous through warfare. If you enter her line of fire, you will be executed. There will not be a special effort made to execute you, at this time.

Lying to Jehovah Trump is costly in the extreme. This sum for damages is not an extreme cost. Hell, will be!
