Re: With lyricism, "Love is a many splintered thing." Oops, splendid.

Dear President Steinmeier,

Regardless of how the prayer to Heaven is sent, "I have faith. Help me out where I need faith!" the famous Gospel uttered with passion born of humility, or "You stupid idiot." uttered by Biden against the Christ, here is your trust building letter of prophecy. Heaven better knows the deeds of Hitler, than the deeds of Biden. Biden is linked to the vile corruption of the blood, Mary built with her two cubs; Terry and Mark. This means Heaven is not who is preserving Biden. And more is the sorrow sir, for you are not linked to Heaven either. You can be, with Germany's soldiers. I offer the Resurrection.

The war in Ukraine's outcome is like so. "How dare you fail to send us your arms. You are so stingy. It is our lives fighting Russia for you! What are you saving your weapons of warfare for? Who do you need to defend yourself against? Go ahead, you fight Russia, too."

Europe is now at war. Ukraine is turning on Europe for doing so "little." You failed to put faith in Zelenskyy's saving democracy by sacrificing his soldiers. We at Team God are content for the United States Military to take a hell of a black eye, on the world stage. We also want to sink the Merchant Marine and Coast Guard.

The world stage destruction is what comes against flesh from the perversions generals of America have been stuffing Heaven with. When I wrote just over three years ago, human and drug trafficking on United States Military bases was over, I meant it! (That Biden and Trump kept lining their coffers on same is their problem, not mine. My campaign ends the corruptions of flesh. Their comforts, and campaigns depend upon corrupting flesh -- obviously corruption of the other person. Wink-wink nod-nod, Biden's drinking isn't really a problem.)

Russia and Ukraine will be lovers, and the world will know it. Russia has lost so many lives in this action, by comparison. That is what is known as martyrdom in warfare.

We at Team God also wanted NATO and the UN destroyed. Once the United States Military and British Commonwealth soldiers are put to the test against and alongside the worlds Ggods in warfare. These soldiers will be the disaster that ends NATO and the UN. That is what We call bang for the Biden, Trump, Obama, and Clinton buck. It is the witchcraft of the Watchtower Bible and Tract Society that condemned jolly olde England.

The letter I last sent to Putin, I include for your consideration. Are you certain you want to refuse the Ark of the LORD? I Am who links your flesh to salvation in Heaven. A parallel to My Putin offer is still available to you because of Hitler's campaign. Putin was offered much because of the martyrdom of the last Tzar of Russia, what's his name.

Again, the public at large will not see how the world is at war. China will be stabilising commercial demand, and NATO with the UN will be spread thin, thin, thin, burning up the United States and British Commonwealth soldiers. There will be no glory for Biden nor any other American President. What is more? No world war declaration.

In honour of Saint Valentines Day, today flesh began filling the firmament with all of its deeds. This is how Heaven makes localised government for the people and by the people. In other words that miserable lag time of six and one-half years from the earth's Sun and back, is not an issue any longer. Let Me save you some struggle. I Am taking kingship over the firmament.

It is God Almighty who raises kings and lowers same. The Star Prize is moot for Me. I Am King in Heaven, and Heaven is proving this even to the Middle East. How long do you think even that stubborn band of children in Israel are going to tolerate not having the "Queen of Heaven" as their God, King, uniting and blessing them in the flesh? In the mean time, as Pentagon High Priest, I focus on the warfare demands in front of Me.

Mahalo,
