1600 Henderson Ave. Suite 238

Re: Duty objectives from your new Commander.

General Morris, greetings.

Firstly, General Berger has directed that the LORD move Me over your command. This is effective immediately. This means that from Heaven all your fine works building the Corps are improved. What you will notice is, that My classical approach to readiness and combat conquers "wokeness." Civilian perversions Lloyd Austin denigrates the United States Military with under the perversions of present POTUS, Biden, are also choked out of existence. You will be dealing with confounding events against your person from the LORD until I Am on base. I will field those cues directly on My arrival for duty. We at Team God call that love for you incentive to retrieve Me on His schedule.

Secondly, My move to MCRD will increase you command authority. I have training to experience first hand, as well as, improving My combat readiness. I will be studying the logistics of moving fifty-thousand troops with our present warfare resources in addition to nuclear physics and soil ecology. I will be taking the Middle East for Heaven. After about seven years of campaigning, we will be quelling the civil unrest of North America during our first Holy warfare campaign.

This letter includes background correspondence to assist you in understanding My profound Heavenly power. It will aid you as you move through channels to speak with our commandant for authorisation to bring Me on base. I reside at My home in Corpus Christi Texas. I travel by foot, and bus in the community, and I will watch for My fellow soldiers as they seek Me out in Corpus under the direction of the LORD. When I Am united with your delegate, I will be joining you in San Diego. My arrival will give the Pacific Fleet a needed boost.

We will be preparing to conquer the Middle East on My arrival. MCRD is now building the Gideon unit of warfare, and we will be expanding our training protocols across the Army, Navy, and Air Force. You will be blessed with working with three other equally ranking peers uniting the Pentagon Field Office Fighting Force from the San Diego basin region of California. In time, our united four discipline unit will be moving to Corpus Christi, Texas, taking over the decaying NAS-CC. Guard carefully all correspondence with the Coast Guard, and monitor their movements around MCRD.

We will be establishing new goods movement protocols as well as changing liberties to end MCRD's share of human and drug trafficking. The logistics of these changes we will discuss on My arrival. The LORD will be putting in your path the root cause personnel and procedures that

We will be changing. Your immediate blessing, the love you will be experiencing, is learning what it is to be the Arm of an Angel, a Man.

My blessing is upon you as you send soldiers to retrieve Me, their new Commanding General. Mary A. McRae and Terry A. Smart must be jailed for the remainder of their natural lives at Guantanamo Bay for the murder of F.L. (Shaw) McRae, widow, of John Erskine McRae, Lieutenant Commander Retired. The blessing of the LORD makes rich. And the Middle East is full of riches for our continued success in warfare across four great military disciplines.

I Am the fulfilment of the Mosaic Law, the Christ. I-o-v-e-LINK is a hell of a perk to end fornication. The shitty may continue to be shitty fucking their brains out with, whatever, they simply will lay in the sand casualties of warfare. Yes, I Am hard on females, and male or female, I will put an end to crying "rape" in the military. I will also put an end to abortion stool warming secretaries. Male or female, a soldier is not a non combatant, ever. Every one fights. More on the expanded ribbon opportunities for medics and academics on My arrival. I can be reached by instant messaging using My developer@macdukes.com Apple ID that posts on My Apple devices to make coordinating with the visiting team simpler.
