Re: More than civil war is against the United States of America.

Biden,

You categorically refused every form of military action that demonstrated the LORD'S power through His armed forces of the United States. Further, you created disparity sending Ukraine's Military arms, and equipment, that compromises their own warfare from the substitution of generic components with inferior security protocols. In short, what was sent to Ukraine is easily pirated in the world of warcraft. The United States has held military authority on the world stage, that protected it from military action against its own soil from Heaven -- in spite of its soldiers fornication -- because the might of the LORD was demonstrated through the power of His soldiers. The power of the LORD in Heaven was the "bubble" of protection keeping His land, North America, free from invasion.

You, Biden, have opened the womb of this soil to the international military, and civilian market of the world for conquest enslaving, or slaughtering every natural born citizen, by even primitive forms of warfare. No means of defending this soil exists until it is under martial law under My Hand. The United States Space Force will only add to the urban destruction, population depletion, pollution, and degradation of this landscape without subduing the violence, nor invasion in any form. The consequences of your faithless, and profane actions against the LORD stated in this letter are abbreviated for your attention span. You, more than any other president, refused to act as commander and chief of the military. This is why Heaven stripped the office of President of the United States as commander and chief. The power of Commander and Chief of the United States Military was vested upon Me, the Christ, H. L. MacRae (mac) Dukes because I did the deeds of obedience demanded by the gods during the entire tenure of Immanuel's -- the Star God Almighty's -- obedience to flesh.

I Am the human soul who faithfully fulfilled every form of worship, even against My own flesh, to appease the gods. I Am why currency, money, is legal tender, and fornication to appease the gods is why Noah planted a vineyard. Noah, like Lot, endured abuses from their own children to protect the LORD. I Am no different than Noah, and Lot. That whore you married can now choke to death on her fornications.

The enemies of America will swarm against this soil. There is no means of protecting North America from invasion. The continued criminal behaviour of NAS-CC, refusing correction, with the celebrity protection granted Mary McRae, antichrist and serial killer, from Mike Markle of the Corpus Christi Police Department -- who acted in concert with the wishes of the Corpus Christi City Manager -- are why the gulf is the vagina for rending this nation open to the world for every form warfare. Barbara Canales is the witch who held the priestess-hood protecting law from the

consequences of oiling the narcotic and human trafficking industries with all of your profane deeds. Using sex as currency means you swallow even bowel or dried urine in a sexual act when the gods demand it, to protect your own gods from the consequences of violating Satan's church. Satan's church is the one Saint Peter built.

The Army, Navy, Marines, and Air Force of this nation will be spread thin protecting individually every host nation from their own wars from within their own borders. There will be no identifiable united band of nations in warfare. The world is now at civil war within all of its own individual borders, and host nations will be scrambling to North America in the chaos. The Pacific Fleet will be so taxed in Indonesia protecting commercial alliances from domestic rioters, Beijing will use San Francisco as its base of operations. China's navy will be the only means of successfully protecting consumer goods transport to this nation. Now, I Am waxing the poetry of near future events. War with China? You stupid mother fuckers.

Further words in this correspondence are pearls before the swine this letter is distributed to. An action that grants benefit to the United States Military is for Putin, the Philistine, to Shanghai the Ark of the LORD, Me. So, laden with gold, and riches from Putin's own hand, I feed and house My soldiers on the world stage as this nation is slaughtered by conflict that can not be either defended or abated until only martial law remains.
