*H*e walked up behind her, grabbing her around the neck with his right arm. He murdered her in revenge of her stealing one of his "goof-ball" pills from the back of the fridge. No, I do not know if he fucked her too. If he did, it was anal. His penis is too small to deliver damage to a vagina. The answer to Mark's, "Take a picture of my asshole riddle" is this, Mark was telling Me a woman is only a male with two assholes. Given what his mama gave birth to, this is true. Mark E. Gurgevich, like you, is shit. Now you know the murder, cold blooded, Mark E. Gurgevich is guilty of committing on Texas soil.

Abbott enjoy Satan's criminal court. You have Truth to prove with Trump. Putin owns his godly Truths. You with others in this fuck-hole, Abbott, deny them. That is blasphemy!

Get that fucking KY Gel money factory the political party supporters pour funds into to pay Me you shit.

Gurgevich's drug dealing legacy went to his middle son that according to Mark married the Jehovah's Witness. Mark hated his father for not letting him in the family drug enterprise. Daddy knew Mark was sloppy. The air-force knew to get rid of daddy. Daddy was stealing and muling drugs for himself not the President of the United States.

Zelensky started cutting into the Windsor house international drug trade. So, England is standing by watching My military's stores be destroyed so Ukraine gets "destroyed" by Putin for being king Charlie's market competitor. This just desert served to you Abbott is for fucking with Me. (I of course ate desserts as I prepared this correspondence.) We at Team God pay our prostitutes. You are the one that stated the price. Mark this letter, paid in full.

The morning of June second revisions reveal how a pun of Ggodly proportions is written and teased out. Compare this correspondence with the June 1 letter. Answering Barbara Canales contemptuously posed question, "Why did he do that?" Mark justified the murder of his buddies steady because his daddy had butchered the farm pig, gilt. Mark tended the farm gilt as his lover in the true bestial sense. Mark's sperm scarred his gilts reproductive organs rendering her useless for farrowing. It only took one ejaculation event to do the trick of destroying his pigs fertility. How many times he fucked his pig I do not know. I would guess three.

For Barbara Canales loosing the Nueces County Judge seat, she is unleashing every vile consequence of witchcraft she performed preparing the revenge against the legal party structure of American politics she built into the system. Because, Mark failed to maintain a train coupling distance between himself and vehicles he was supposed to share the road with, all trust vested in him by Heaven ended. If Barbara wanted reelection all she had to do was pay Mark a steak dinner with coitus to end his defaming her name bullying Corpus commuters. He would have been satisfied with a blow job. With his abusive use of his truck bullying the community with Barbara's reelection placard duct-taped to his truck panels, Barbara stood no chance of reelection. She knew this. Barbara wanted to destroy American politics more than she wanted to be reelected.

For Barbara's "boyfriend" who Barbara is fucking other than you, I do not know. It simply was not Mark. Yes, you should be concerned for your personal safety. As far as the records of her stealing Federal funds, check among hospitality related receipts. While Zanoni has heroin in hand the restaurant and hospitality industry in Corpus is muling cocaine and related stimulant derivatives. They are both incompetent stewards.

Mahalo,
