Senior Joint Chief
Mark A. Milley
c/o Office of the Chairman of the Joint Chiefs of Staff
9999 Joint Staff Pentagon
Washington D.C. 20318-9999

Last call is April 14, 2023.

Milley, execution is merciful when quick. It is mercy for the soldier and the recipient. This is why it is considered immodest behaviour to play with one's food rather than to eat it. After all, the bacteria -- what lives on the food -- have places to go too.

You fabulous witch-crafting wonder of the age. Wherever you last illicitly employed your penis, it got the better of you. What I can say about your weaknesses, is that the French regard you as little more than the Clue-So (think Blake Edwards remake -- and that is infinitely less than the original, *n'est ce pas?*) of Generals.

The Pentagon has until April 14, 2023 to join Me in Corpus transitioning NASCC for the Gideon unit, or by April 15, 2023 (Norfolk, Virginia USA) the turmoil of the Middle East will engulf every available United States Military asset, including diverting promised assets away from Ukraine. I would write more on this, but Israel does have dibs on being able to take My entire military body into its fold to conquer My territory under the LORD.

I will commence alliance building through Jordan and Saudi so Jerusalem can be sacked. Without the destruction of that city no American soldiers, sans Me, will survive this warfare.

I spent My morning breaking down the phonetics of s-c-i-m-i-t-a-r /'sɪmɪtə/ SsEH-meh-teur whilst enjoying the ambiance of the Jettson's meet Tahiti, Central Kitchen settee nook. Toying with the food I have served you from the LORD is what you and your wife have to look forward being returned to you in the way and means you die. I speak as a Prophet. Perhaps someone in My camp will meet this April 14, 2023 deadline first, even secretly from Lloyd Austin to save you.

When I said drop Me anywhere in the Middle East, or anywhere in Russia, I had no idea how what I wanted could be fulfilled. I Am indeed titillated at the possibilities for Me ahead leaving this dreadful fuck-hole for the shear joy of walking among humanity that I, by virtue of being a Holy Person, can bless. The Holy Person bit means for taking care of Me, their witchcraft (divining - in this context) is stronger than yours and every person in the United States. You have simply been using your power to destroy yourself while beating on Me. I'm rubber and you are glue, everything you say to Me bounces off and

sticks to you. The Lamb has been answering My prayers from your curses against Him. Pray Me up a chauffeured Rolls while you are at it.

Even without the blessing of ministering over Abraham's seed or the Children of the former USSR My being captive on this soil without the Pentagon making room for Me means destruction. That should take away any incentive for others to make a move. They don't need to to make sure you are destroyed. They simply need to make sure you can't save yourselves in some way. Yes, Afghanistan is sending two payloads to the U.S. Do you want to know the sad truth here? They could even use a U.S.Navy ship to deliver that bomb to Norfolk, Virginia. That is how bad your drug distribution network is. More than likely it will be Merchant Marine to U.S. Coast Guard. That however only destroys a sea port and is ineffective. Other tokens of the worlds affection, lesser boom, will plague all three of you corrupt floating fuckers. Fuck you Timme! Rear Admiral, is that God's laugh for how you give it in the ass?

Mahalo,

Dr. H. L. MacRae (mac) Dukes LTG USMC
