Governing Body of Jehovah's Witnesses chief legal council
100 Watchtower Drive
Patterson, NY 12563-9204

O'Neil, Mary is a serial killer. The FBI do love her murders and strategies. Mike Markle and Peter Zanoni masturbate to her success. What part of your religion justifies your participation in plundering My estate, and leaving Me penny-less roadside while you oiled up the wheels of Corpus Christi's civil war machine? What a good servant of Donald Trump you are. Enjoy your disfellowshipping. The deaths of this community are on you, O'Neil! Mary's death is on the Governing Body!

Chief Legal Council of Jehovah's Witnesses, the proof of being the LORD's worshiper is that all the ten commandments are followed and people enjoy the blessings of Deuteronomy twenty eight. The LORD preserves the place for flesh to live true to the Ggod construct their genetics maps to and live the benefits. What did the Jehovah's Witnesses prove? They worship Ba-al. This is why the Governing Body were so desperate to find a weaselly way to invalidate the Ten Words, Commandments, of the LORD. You stupid mother fuckers. Once that was publicly manifest, your act, fuckers, was over.

This is indeed, what I sent Putin, "It is true, you did indeed need, My power, not Heaven's to destroy the Jehovah's Witnesses. Let us maximise this order to deliver the greatest good to all Eurasia. We will call that profit maximising. The fucker that according to a Fox News www headline was caught desecrating your parents grave, let's toss that shit to the fire too. The power of My hand is not limited. I joyously look forward to performing every deed to gather every ounce of booty possible from the JW camp to fund government. Killing those that run from My front line, is just bonus."

Where is your legal case now? I have certainly filled the alter with every means for you to sue. Where is your suit? Where is your power? If this reads distinctly like a contest, you are right. Where is your fire? Have you started cutting yourselves yet in desperation for your god to end My ministry? How about a paper-cut? What a sacrifice. Oh, little one, is this My taunting you?

Go to battle fuckers, and that is an order, or you are being slain and your property confiscated. Preach that to your partitioners* of truth weaving truth into lies. Are you better than the Israelites that worshiped the LORD? They fought for their land. Are you condemning them?

While I could load this letter with taunts I Am required to press on with the business at hand making you an offer. You can start cringing at this now. When I write an offer, it means pungle actual coin of the realm, or the next set of unpleasantness are unleashed. Bring a notary and the quit claims to My estate

holdings for Mary Anne McRae to sign. Also bring Me \$20,000,000.00 U.S. dollars in cash to be handed to Me on the day Mary signs the quit claims under notary. These are unencumbered funds. Then take Mary into your personal custody after the quit claims are duly recorded. Every benefit and legal right held by the Governing Body across its assigns is to be upheld in sole custody and privilege as also belonging to Mary Anne McRae. You have until July 1, 2023 noon central time to hand Me this cash sum and perform the notary witnessed quit claim signature.

Failure to perform the above terms of agreement, and this includes defaulting on providing for Mary at any time or under any circumstance, and Frank-Walter Steinmeier or his successor I endow with all powers necessary to exterminate the Jehovah's Witnesses to the benefit and glory of Germany on first occurrence of failure.

Mahalo,

*My original letter I thought the word parishioner and wrote partitioner. Partitioner conveyed the more Ggodly truth after I completed the sentence. When proofing the letter I was prevented from observing I wrote partitioner. Then in My edit attempt I kept trying to achieve the word parishioner using all odd combination of consonants that would produce the same sound without spelling the word parish first. There was a bigger lesson here for Me to convey. General Milley, I love even you. This is an example of using a footnote. Our use of square brackets [] stands. Keep [sic] This footnote has indeed lent itself to a new letter.
