Governing Body of Jehovah's Witnesses chief legal council
100 Watchtower Drive
Patterson, NY 12563-9204

*M*umsey lied to the LORD God. Had she put Me in the place of stewardship over My estate you would not be under consequence from My subjects, Spirit, to forfeit the \$5,000,000.00 cash fine that is now incumbent upon you to pay. Until you pay this fine in its totality, the consequences of this letter are now physically upon you.

Chief Legal Council of Jehovah's Witnesses, the Governing Body of Jehovah's Witnesses have indeed defiled Heaven entitling you personally as an agent defending same under law to receive greater consequences than these. Steinmeier and his successors will not fail in plundering your religion in Europe. The law will not help you. Russia of course is poised under future martial arrangements to do the same against your agency and agents. This is agent and agency in the broad term of defining actors in affiliation and active participation with Jehovah's Witnesses.

Before you crow too loud, there is no self defence. As in, if one fights they fight for god and country. Your flesh ain't worth a shit. So don't sit comfortably with, a person can defend themselves legally. Heaven does not power self defence. Fail to wear the colours of your nation in a fight and all you are is a squatting deserter. Cities of refuge existed, ass-hole, because warfare was fought for the land Ham's offspring held. You, for refusing to humble yourselves in warfare, have no place to refuge.

Last evening I placed a note under Mary's door in response to the wizard's dual she entertains herself with, "Mom, as you failed to reimburse Me the \$36.00 of grocery money and honour of your murdering your own mother, the LORD God is bringing torture against O'Neil (the presiding overseer) all persons connected with his community outreach in ministering in Corpus Christi, the Governing Body, and all legal council agents of the Jehovah's Witnesses organisation until the sum of \$5,000,000.00 U.S. Dollars is paid Me for their barbarous assault on My life." Signed, "H*****r L**i MacRae Dukes (the child that entered the world through your vagina)"

Denying the ways and means the angels have made your preaching work possible is a sin. This is a sin on the order of magnitude of how you have made blood unholy in your legal successes. Saint Paul's lists of sins were all equal to one another because they were related to flesh. You fuckers have been defiling Spirit. All that has been done against Me by Spirit making the success of your ministry and organisation possible in a world that "hates" you is now upon those as stated in My hand-written epistle to mumsy.

Your bodies will experience fear, trembling, terror, and all physical sensations to and including aptitude disrupters that render you unable to do unless you are destroying your own personal and corporate endeavours. This of course is being applied to expediently bring about the cash payment that is due Me.

For your profound abuses of blood, your livestock are the beasts responsible for launching Obama's zoonotic, pathogenic agents against humanity. The pathologies will actually be traced to your Patterson door. How the international courts decide to tear into you for reparations they are free to do. Expect Xi to be merciless in receiving compensation for the costs to his nation and territories for the diseases you incubated for Obama. The Patterson Farm was allowed, and preserved, as you fuckers were the only ones that would deliver for Obama the consequences against "the wicked" as he defined them.

Mahalo,

Dr. H. L. MacRae (mac) Dukes LTG USMC
