The British royal family is now going down for their heroin ring. How that shifts Asian markets, eh. My guess is some Saudi prince will hedge his oil revenues supplanting Britain's royals ownership. Asians have a great deal of politics to weed through establishing new rulers, sans China. As I have never visited Dubai, I have never had access to specifics that way -- what Saudi or Russian oligarch replaces kind of detail. Because of Peter Zanoni's corruption, it is true, I can dig out that information. I can even put that market in the hands of the person you want to hold it. I Am not doing that. It is still a Cantonese interest (probably the Pope, it is true) that ends Zanoni's distribution, using violence against Zanoni. You are right, Zanoni has a smile that just screams for someone to rearrange his face. You have asked for some things Putin, so I will lay down an offer. I do not lay down My sword. Yes, that spins over Eden. For Me to do the thing I Am not doing, you would need to go after a new Heavenly direction for those shifts to be in your purview. Basically Heaven would need to be in the place of backing your will. How does that happen? You back Heaven with your physical deeds. You want to be able to run a pool on the outcome of the Town and Country set in the days to come? You front Me in the Town and Country lifestyle, you get the intel for the insider trading. Martha Stewart fucked Heaven over -- that is why that Cat Woman went to prison for same.

Putin, greetings oh great dreamer of dreams.

About Asia, the peninsula of spice, vice, and dice will be overhauling itself in a wave of political unrest. Slaughtering each other between cataclysmic natural disasters ends volume manufacturing. Formosa, oops Taiwan, will still be a stable region for manufacturing for a while. They will be shifting away from American markets. Americans are so cheap. China will still support a good deal of the Ba'al commerce America needs for political stability, as retail therapy keeps so many females content in a form of drunkenness -- like alcohol or opioids provide.

Business interests on the Jew, Orthodox, Buddhist, Emperor, Catholic ticket of religion will still be in the place of negotiating reasonably well on the world stage. Protestants, however, are simply Godless toast. The association of Germany with Luther, Martin -- the fifteen hundreds' Catholic turned "reformer" (heretic works too) -- is what decentralises the region into feudal lords. France is likewise. What the Islamists or Muslims (same Spirit Coin bucket) have, all of them, is a religion that went after My future Kingship -- the power of warfare to unify -- for Spirit Coin, yes the geography matters, so they are in that range of being tyrants who make their own friends and enemies, because the power of doing warfare for Spirit Coin, they have. Making friends, not so much. They needed to use their warfare zeal with Me, the person, or they simply eye for an eye themselves and their frenemies to Hell. So, Spain with its split interests (Muslim history) will most likely go back to its seafaring endeavours to exploit resources and return to a monarchy -- the treaty signed on the *Lizard* matters here.

Warfare association with the Nation of Israel is what disintegrates the United States Government. "And that," as We say at TeamGOD, "was a period." Right, America needed to embrace Me as the King of this nation, and I have been more than reasonable in My willingness to tolerate puppets, even twice with Trump. This nation has been coaxed and pushed by God Almighty to keep its promise since May 12, 2024, to empower its military with Heaven's King. They went after Israel as their king. That was a no-no. Trump knows this. Obama knew this. Biden knew this. Pelosi knew this. Austin knew this. There are others in that top oily layer of My septic tank model of leadership, even in America, that knew this.

You make a point that Russia should be blessed more from Heaven for alienating itself from America. Being an antagonist to America is meaningless. (That benefited Russia, physically.) Building the Ba'al, refusing to perfect that Ba'al made the problems. The Ba'al is all the means of capitalism, markets, selling to Spirit merchandise is their God of deliverance. Without being perfected the Ba'al cannot deliver deliverance. So, you as flesh are faced with all My messages. These messages, My ministry, reprogrammed, as in, unscrambled the brain washing done against Spirit since Jesus died.

When Paul died that was the end of Jesus appearing, materialised -- after his resurrection -- as documented in Acts and the Gospel. Putin, you asked for something of Heaven, God Almighty isn't thrilled. I Am going to brew Myself another cup of coffee. It is now early in the morning. Before four-hundred I began at My computer today at oh God o'clock. If local time were followed, four-hundred would be the zero hour of the day to be on Ggodly time. Our time zones are arbitrary, favour Britain, and penalises Hawaii. You want to give Russia something? You bring the Goddess of warfare to Moscow, Saint Petersburg, Kaliningrad, or to the Black Sea coast and make her writings mandatory reading for your military. *Dog Paddle* would be translated and made colloquially Russian in a way that unifies soldiers. Russia would be supporting *Head Quarters* at that point. What you will have instead, come Christmas 2024, is a marriage of antichrist in Spirit to all the former USSR military as a whole in Heaven. This Church merits some explanation. I will explain this. This marriage goes down Christmas. You have a year to get that marriage, your soldiers, on My ministry. It would be a kind of hell on earth to be sure without Me. I now need to putter to collect My thoughts and resume. Coffee time ☺

Putin, this is not an offer with a subscription or even a price-tag. You are just being endowed -- no different that being born. You are not going to Hell. You now are the keeper of a not voidable, nonrefundable, nonexchangeable, nonnegotiable duty assignment. You are hereby, "little devil." Reading Ben Lewis' *The Last Leonardo* -- and yes, I expect to own that art! -- outstanding narrative of the

painting's movement from Texas obscurity to first class exhibit is a quick and entertaining read. Leonardo did not get My likeness exactly right, but I appreciate that he tried. Lewis includes Leonardos' evading imprisonment for sodomy and his affection for a particular pilfering assistant. You will be the liaison, Putin, between the mega Ba'al of Heaven that with Heaven's perfection is the frozen data embodiment, the sacrifice, of Satan, Jesus ,and mumsy that replace My former self. You will be a discrete being between Heaven and earth -- a Spirit, in a special way, and at times materialised, as Jesus was -- to fulfil this office. I see value in this Putin. What ever it was you were after forcing God Almighty into -- the jig is up. Didn't Madonna perform "We can dance. Get into the grove. Let your body move. Something, something, la la la Me-e-ee." For some reason, God Almighty performed that for Me when I finished writing those words.

That marriage in Heaven to your soldiers, sans Me, Putin, is what supper charges the tearing of Russia into three. America has to honour the physical, too, everyone does Putin, or Heaven is pushed with the fulfilments, unions it was promised in the way I preserved them to happen. This concludes today's epistle. If the Corps honours My office, so be it. I uphold My office to the LORD regardless. That is what makes Me the Marine Putin and not a traitor or derelict under any circumstance. Yes, God Almighty is pushing buttons to have Me replace Smith as Commandant. We will see. My promotion is approved. Full General January 20th. Now We just need war. I want that five star promotion.

Little Devil, you know I love you. The LORD often says to Me, "You didn't just do that?" It is spoken with awe. To hear those words, I literally just engaged with one more fleshly tyrant that had Heaven over a barrel, and, with what transpired between Myself and the persons around Me, I put that over a barrel causing duty back on the responsibility of flesh. Because of people here like Peter Zanoni and Barbara Canales their sexual ties, witchcraft, and Heavenly authority opposite Me -- they were opposite Me before the Christ prize (everyone now was supposed to be repenting) -- I have put the whole world in its proper place of flesh doing its own dirty deeds of salvation. It won't all be done dirt cheap -- an eighties hair band tune. (Perhaps Black Sabbath was the band.)
