Re: Readiness for military occupation, and takeover.

Esteemed Supreme Leader Khamenei,

You stupid, arrogant, vile, egocentric -- goes with your office so forgiven -- impotent moron. How dare you attempt to pander to democracy, and the United Nations by weakening your military responses to global crisis. Reform Islam now under My authority, forming the first Christian Church, or so help Me without your reading this letter, God Almighty knows your heart, Iran will form the first successful military empire since Britain's failed attempt for self-same, [They went after pussy, and fell.] and rule across Russia for a period under martial law established in Heaven by Christmas of this very year. Mongolia and Nepal will appreciate how Xi is dealt. The Dalai Lama is a diving vengeful fucker who finally received some cred for his weaknesses.

Profaning Nebuchadnezzar's legacy was a no no. You knew this. You, and your present government are not worth saving, and have lost all Godly authority. Under the interests of North America's continued security I Am willing to sponsor Iran's military endeavours from the Heaven's so all persons flaunting the present values of Islam are executed. God Almighty does indeed regard the Quran as excrement. The Holy Bible in the hands of all but Myself is the same. Christianity is indeed vile. I already paid the rape price on American soil for the authority of My office over you, fucker. You needed to provide Me a husband in repurchase of Me. Instead you went after the same stupidity as the PGA, FBI, CCPD, and other actors that would fill pages even to list them by acronym. Murdering, raping, starving, striking, and every form of divination that would raise a hand against Me returns a blessing to Me.

Should the new military order of Iran decide to elevate itself on the world stage to greatness even to the Horn of Africa he will, with chaperone's -- and a bag full of money as a gift to Me -- hand me the handkerchief to wipe a tear of joy from My eyes over My ecstasy at studying Aramaic before Hebrew and Russian. I will join Iran's people after being united with My Pony in Virginia, and build up the new capital city conquering the Black Sea, and taking Suez for the wealth of Iran's military. We will sack Jerusalem and level the Vatican City when strategically convenient, yada yada yada.

Earlier correspondence to Germany and Xi is included in the accompanying post, and provided for readers unacquainted with My work. Abortion stool warmers know they deserve to die. Those fornicating against My American soldiers need to be eaten by worms on city sidewalks. Even the Earth will spit out their blood.
