Transcription of email sent to garcia.9mm@gmail.com

A *ttaching your name Garcia to 9mm is a blasphemy! You are going to Hell for that shit stupid! This is the postmarked letter.*

Mr Garcia:

You pushed into My hands two Memorial Team cards in Half Price Books back in August, or so, of last year. I have been delayed in My follow-up reply as until this morning I did not understand that your cards and introduction were an affront to My duty under now President Biden continuing under President Trump. How you found yourself in the aggrandised place of presuming to be the top dog, and others must cooperate with you to perform their duties, is because your stature, manners, and bearing make you ideal to run through a 24" dia. sewer without even taking off a ten gallon hat. And, that sir is what Corpus Christi is: a National sewer because of people like you, and the mediocrities you spawn. Your means of being top dog is what this very community and nation you have plundered is going to return to you.

I sir, am forcing the MEGA sewer cleaning of President elect Trump! Grinding you through it ahead of Me is just bonus.

This message will be sent to you by mail as well returning to you your cards. Under no circumstance are you in any way affiliated with My work. This is the LORD's way of assuring you, "You do not get away with your murders." I Am closing NAS-CCAD.

Mahalo,
the Christ
