Spumoni Truffles

Confections are fare more rewarding than alcohol. In America the Lindt truffle is My favourite candy. It is fairly consistent (some stores do sell the nearly expired or overheated at least once packages). It is also readily available. It is also priced fairly for the quality. I indulge in making chocolate dipped fruits, but making a truffle? no. I make a no-churn homemade ice cream that is on par with Ben and Jerry's. If I were to invent a truffle flavour for Lindt it would be, dark cherry/pistachio half and half centre with a dark chocolate shell encasing the truffle. Now that the sweet talk is over. I shall explain some impossibles.

Exalted Excellency the Honourable Mr. Putin President of Russia:

Early in My ministry I wrote about the fallacy of perceiving father and son being the creative duad that brought forth life from themselves. This was back in 2019. The driving tenet of the Jehovah's Witnesses religion is that mega God, Jehovah (the name they ran amok with replacing the Tetragrammaton making their *New World Translation of the Holy Scriptures*), created with first born son, whom they claim is the Christ and walked the earth as Jesus. So, when was there a father and son? Clearly a group of people have benefited from the safety of being in a pack of comrades, with lawyers, that support all the refusals to take a risk that the JW's operate in. From Allness a portion of Him was sacrificed to form the son, the LORD. That was the end of father son creation. Once the son learned many lessons engineering a creative partner against all that remained of Allness: Lady Wisdom was born. (Allness sacrificed his enforcer so more consciousness individual from Allness could exist. In other words, so there could be one set of thoughts one being did, and another set of thoughts another being did these beings with their unique to them thoughts all came from the big mega being Allness packing away the very mechanism, of himself, that would never allow more than one being with one thought flow to exist. That mechanism is what made a big grey area of contentedness so Allness could live with himself.) It was necessary not to see how there was perversion, evil, badness or any other problem in what the LORD declared was right, appropriate, necessary, good. Once accusation was formed that could not be taken back, because proof was the only means to heal, humanity came into being through Lady Wisdom's sacrifice. Her sacrifice was the only means for mumsy and Satan to be intertwined to solve one another's problems.

What should I be looking forward to as a spouse? Well in the context of humanity we are really only half arrived on the planet. Lady Wisdom sacrificed herself and through eons of evolution the earth was finally ready to receive Adam. The being that preserved God Almighty. The earth could not be allowed to die. The earth had live so the LORD could be dealt with. Just ask Satan. Arriving at Adam, Satan's masterpiece, who Satan knew was the God Almighty to battle with the LORD proving once-and-for-all the LORD's use of Spirit was evil, was no mean. Adam interacted with the Divine, God, and then from his own rib came the miracle of Eve. My mate should be the other half of the genetics that was the mate that could not come into existence until God Almighty arrived on the scene doing Spirit's perfecting work of Heaven for them. From Adam we lived a shit-ton of trials. (I will say sin did that -- provided the shit-ton of trials.) Once the Eve genetics came online, again -- Me -- with a circumcised heart that could not listen to sin, we have before us the person who Heaven finally had to orchestrate people's perfecting Heaven. What is the problem? Oh, the orchestrating is going down. But, Abraham through Issac seized up My spouse counter part. The individual that went with My tongue and cheek way of explaining the original plan with the human blue-print from the LORD (a man) and Lady Wisdom (a woman) where all we ended up with was the man (the man Lady Wisdom would have loved as a human woman) not both. The woman from Heaven was never allowed to materialise. Adam came into being. Woman, Eve, happened from him. This means in Heaven, a stray human existed -- the origins of a scape goat (the goat that was released to the wild by the Levites) --and that stray human was a woman. That is what mumsy was able to use to hide in the LORD masquerading as Me. That woman should be able to materialise from Heaven as a male to be My mate so the balance of humanity can happen. Early Dog Paddle articles add background to this discussion. The web address is www.macdukes.com/herald/dogpaddle/january-1-2020-do-it-with-your-own-hands.php and the [september-8-2019-us-perfected.php](http://www.macdukes.com/herald/dogpaddle/september-8-2019-us-perfected.php) in the same parent file structure. In short, My husband from Heaven is the individual that would have been a female produced by Heaven alongside Adam had Spirit not needed for Adam to procreate with Eve. Satan worked with Adam so that the female could come into existence. Eve was not the Woman. She was a woman created from Adam. Sin mapped humanity to the direction the sons of God had taken once they accused God into the grave, in essence, this meant the enforcer -- argument settler -- would be coming. This other half is the Spirit son that Abraham's covenant of paternity fulfilled with Jesus. Abraham did what was needed to set up squeezing out mumsy into the world. And that meant Me having a mate from Heaven from the original means intended was over.

Ziczac, you have until Easter, sundown, to move Me to Tel-Aviv or what was built in Heaven by Abraham's covenant is coming to life from and across his full promised land boundary's seed that midnight, faithful to Me -- angry at My slavery and impoverished inaccessibility -- devouring civilisation. Had the Ba'al been perfected by humanity he would have starved. This is how earth got a shit eater.
