♪ Killing Me Softly with His Song ♪

This morning the song that played in My mind was a mouldy pop ballad that went with bell-bottoms, paisley, dangling strings of glimmering lucite beads, feather adorned roach-clips, and bouncing Afros. I gave My domain a little love before heading out on My walk and posted (uploaded content) sitting at Cafe Calypso in Moore Plaza and earlier at the near to Moore Plaza Starbucks. My ministry is a bucket (power vacuum) that is taking on a life of its own around the globe. Why not just tell the Pentagon you are stealing the Christ, and then steal Me. Russia would have bargaining strength against the US for material resources. These arrogant fuckers are on the hook for billions because My life is the shit-show that it is. My days typically begin between 0300 and 0400. By 0700, sometimes earlier, I Am at the near to Moore Plaza Starbucks. Yes, the US gets My pussy (almost a metaphor -- it has to do with how the JW's violated Jesus that opened up the path for Spirit to be extorted into building an angelic army for the USofA) for free, in essence. The only Royal Family gossip I will dish is; Harry married a bully -- Markle -- just like his mommy was a bully. (I suspect Princess Diana was the bigger bully.) Belief puts people in a state of willing to be martyrs against Spirit.

Putin, any offer I make -- and I bind Heaven for warfare -- is based on what individuals bring to Me. I Am in isolation. This isn't about faith, per-say. This is about being used by Heaven as tools because you have custody of the Christ. Heaven is, of course, angry at everyone. Taking America, all and any of North America, is only possible under My military arm. Owning Me as a POW you simply have leverage over what America is getting for free. The problem is that I Am incurable -- as in, I have no ability to yield to a person's influence. Agreeing with Me will come easily. That is dealing with Me in person, because; I read hearts. People agree with Me, but it generally goes with them saying to their own Ggod construct, "Oh, I'm really going to make this cost Her. She thinks She is God." People struggle to even ask Me My name. The work gets done. People get to dump on Me, in the Divine, and I don't give a shit, because; the work got done. Motive be hanged. Thought be hanged. We deal in deeds. We at TeamGOD get results.

Basically, taking Me as a POW ends America's global profitability through government agency. All the things that America obtains by the cooperation of foreign to America government/national groups would dry up. America would not be able to obtain foreign oil, grain, seed, metals, chemicals, organisms all the things that are military use resources -- even if they never end up in military chattels -- they would need to domestically obtain or they would have no freebees on the global marketplace. Private corporations would have America over a barrel. Musk could charge America 300% more for technology unless America would buy knock-offs. (Musk is in trouble for using the name Tesla. He was supposed to use the name Marconi. Everyone is in trouble for something.)

What I do provides Heaven, Spirit, the G gods resources to let people take ownership of their own shitty-shitty. It does good things too. For instance I wrote about 🖐️ on My www-home page. Today foxnews.com had an info/advert news clip about a child using the I am being trafficked tuck the thumb in the fingers gesture while at an airport. While Saint Peter still does not have 🖐️ hand gestures are now powerful. The child was taken by the hand from her captor (presumably) by a woman carrying a baby. It is because between Allness, as the Allness is being reorganised by Me, and human flesh in working off impulses from God Almighty due to sin in the blood a child will make the signal even if the child is in the place of saying, "Fuck you Satan, this won't work." when the child sees the sign showing the hand signal. God, as in, "God knows" has a place-holder now for people's assumption that they are being asked to do something by Satan. What I did for Heaven was provide a variable for what is unknown (accused really) to be held for Me to grind through with Heaven at a later time. The child does the gesture because God does not give a shit about being called a liar, idiot, or retard. God in essence can say, "Show Me I'm wrong." Tee-hee, I gave that gift. Not being able to take offence is game changing, *n'est ce pas?* This variable I manage, in essence, ends a great deal of people's being able to imprison, dominate, or enslave through Spirit other people. This is an example of My ending martyrdom. King Charles, as king, would be immune, had it not been for the Church of England.

What I think would happen, Putin, is with Me as Russia's POW Russian's would become Christians in time. It is a function of the bucket Heaven has to dip into empowering people. On the whole, the entire population would just evolve. Because of what the JW's Governing Body built Putin, America functions with a great deal of impunity. It is just that American's will be fulfilling Jehovah as a deity. It won't read in the press like civil war at first. It is people standing up for their own interpretation of the LORD forced into a Ba'al. They are individually fulfilling their own prayers of heart. Spirit does not want Me writing another word, at this time. Something about a spoiler alert.
