Not A Mocking Bird

Mynah birds are gregarious speakers known for mocking the human voice. They are the star focus of a Hawaii song. "Mynah bird, up high in the banyan tree. Mynah bird, you rascal of Waikiki. You sit on a branch make the tourists dance (something like that) While the white men play you just laugh all day (as I recall)... three things that never end; taxes, death, and the mynah bird." My understanding, from the LORD, is you wish to know what happens when the blinders come off the Russian people and you no longer are holding the coveted place as messiah over their spiritual identity. I also understand that you are not asking this question with the intent to mock Me.

Putin:

Russians will understand they are their own godly salvation in their own right. The Spirit Coin should help you immensely in this regard. They are going to be looking to themselves and going after rewards that come from not taking shit off anyone. They will no longer be in that place of thinking that their problems are being handled by you. As in, God Almighty, to keep you afloat, kept allowing you to hold influence over people like a drug because you were going to be going after America, you vowed.

Think of yourself as being God Almighty's great and wonderful Oz behind the curtain. That is a *Wizard of Oz* reference from the Frank Baum movie starring Judy Garland. (I went to elementary school with a descendent of his, Genoa Baum.) God Almighty wants Me to give you an extension on you keeping your word at conquering North America. Putin, the messiah power was a damn good magic feather (this is a *Dumbo* -- Disney) reference. God Almighty, April 1, will be channeling the energy and resources of the Russian and central European people to wipe out Americans and American influence because these people killed your spirit place in them. You needed Me to keep that.

I think what God Almighty really wanted was for Me to kick some Russian butt. All I could think of was how to find reasons to kiss cheeks in gratitude. Sometimes, I Am just not the war monger God Almighty needs Me to be. So he lets Me keep pursuing all the hopeless dreamy solutions that mean I have a kind of family, and am liberated from mumsy. The USMC was too chicken shit to go to you (they actually had to take Me to invade Russia) so you get to come to Me.

As a child I learned that folksy song with others. Lori Sizemore of the Big Bear Lake Congregation of Jehovah's Witnesses said, "If you are going to be raped, you might as well enjoy it." And they call themselves true Christians. Learning the mynah bird song goes with associating with the Jehovah's Witnesses. How the whole world is filled with the knowledge of Jehovah is all that force, that is in My wheelhouse, that they plundered to be the kind of "clean" people they are (most have a double life that at least includes gluttony) is opened up so all people are empowered to force others onto the "right" path that makes the good, according to the forcing parties perspective, happen.

You can enjoy this Putin. We both will. This isn't rape. This is God Almighty stirring up world war zero. You can think of Satan as complaining to God Almighty, this is when I was conceived, that he would have been able to save his birth right, but the people they just weren't the right stuff. God Almighty is getting Satan his birthright. You see, when God Almighty hands Satan his birthright, then God Almighty gets My ass. (That is actually a reference of future marital bliss. I fulfil Him and the Earth.) You coming to Me Putin is metaphor, I Am certain. My fulfilling God Almighty and the Earth is not.

Mahalo,
