Tsk Tsk! Tsitsith

The privilege of being German, in the days to come, is being the crafter extraordinary and keeper of standards for sacred things. In brief, cheap substitutes come at extreme cost. How is it, Merc makes it into the OED and not Mercedes? I will take a guess that it is the result of prejudice. If I were German, it would not phase Me in the slightest that the English did not push to put Mercedes in the dictionary. Saab is not there either. Then again, Völkerwanderung is along with volk, but not Volkswagen. Ford is not there. If I didn't investigate I could make a snap judgement. No car manufacturers seem to be in the OED. Then I looked up steamer; perhaps the Stanley Steamer was listed. No. Beatle is there for the Liverpool origin band. Beetle and bug do not list as words for the famous car by Volkswagen. But, Merc. I would not have known anyone ever abbreviated Mercedes. Merc to Me is a medical manual printer and pharmacologist. Only, oops, that is Merck not Merc. My word processor understands the word Merck. It does not understand, recognise, Merc. So, as far as prejudice is concerned; Mercedes is prejudiced with favour to have their abbreviated name in the English lexicon. How long will the name Ford be associated with a vehicle? Will it ultimately end up being a word used to remind humanity, in caution, over assembly line production? Protecting the name Tesla, Tesla can handle with Karma. Musk is in big trouble for branding his Marconi-ism with Tesla. Where Ford is concerned, the answer is; yes. The word Fordism is in the OED.

Let's return to the obscure, "She made that up." letter title word *tsitsith*. This is a Hebrew word for a religious scarf tassel. I think the word largely appealed to Me because at 0400 this morning I thought the word was titshit. So I looked twice.

The depth of this word as a hook for My writing to you is that many things people have woven into commerce; pattern, colour, texture, iconography -- especially with regard to food and clothing -- are backed by Spirit with power. This is why Heaven can snicker at a person's apparent concern over the design of a dollar bill as occult (and it is) and a Darth Vader T-Shirt as not occult. And it is, too. So, what Germany receives is the Heavenly authority sealed by Charlemagne that Luther seized up in Protestantism. This is why Catholics struggled against the Jews to modern times. The Jews were the big keepers of many of these gifts until they disrespected them. When I was born Israel became the keeper.

So what does that mean, "Israel became the keeper"? It means that the people of the Nation of Israel were in the place of dictating to Heaven the Spiritual significance of these things. The German people as defined by 1906 geographic reference are the keepers of this power from Heaven. As in, all borders of earth relate and translate back to Heavenly mapping. People of Germany will be responding to owning these Divine gifts from their Gods.

I Am trying to debate if making this letter longer will inspire jealousy in Putin. The question being answered, I will leave this letter content that no more is needed. What I expect to happen is for a Spirit army to begin materialising to join Me here in Corpus so the world can be brought to heal, with slaughter, sooner. The Pentagon can't do a damn thing about any member of My team taking the USS Wisconsin-Kentucky from its anchorage. So, I wait. Because that elite team will move in at NAS-CCAD after the present occupants have blown themselves up (basically -- much friendly fire and military incompetence) Heaven has a base and a King. I can't recall ever writing anything that required more cooperation from the Divine. Since humans will not join Me Angels (We can call them Angels -- kinda) will. America's wipe out is quick, very quick. Europe and Asia will get help. Purgatory coming online works from Heaven in Heaven. It is a reversal of the purgatory that existed after Jesus died. Without purgatory I would have no way of wrangling some from Hells gate. What I wanted to happen was for the Pentagon to station Me at North Island in San Diego, like they promised. What they promised is being paid. What everyone has promised is being paid.

Mahalo,
