Stepping On My Blue Suede Shoes

Y*ou can snap your fingers mimicking Spanish dance whilst four gagged virgins in black patent leatherette thongs, automated nipple tassels, and ruby sequined thigh high stiletto healed boots tied each unto a their own bedpost plead with their eyes that the sexual encounter promised just ends their life, and no member of TeamGOD is going to wipe out the populous any sooner to save even those victims that the press would have the audacity to call innocent. Oh, it seems like the days are being cut short, that is of course a Bible reference, as people are just so bad like unto Noah's day. But you fuckers are not even close. Get this through your head Putin: you, as a human, are just a puny joke. All you are going to do is risk getting syphilis from one of those hymen restored "virgins." And those virgins are getting their Divine reward in Hell to destroy what they perceive is Me by enduring whatever sex game they play with you or anyone else. When people exert their will over other people they are setting up the plays so God can answer the willee's need to be a martyr giving the willor what satisfies him. The sicker the willor's demands the harder it is for the Ggods to pare down the number of willees to participate in the scheme.*

Ziczac:

By all appearances you are simply expending Russia's war machine to bait that do-nothing Trump into war with Russia. Trump would bomb Ukraine in frustration with Zelenskyy to get Ukraine to ship grain to Russia and share nuclear resources with same. Clearly, that is a CIA op. Personally, I think it would be outstanding for Me to face off with Russia, anyone really, starting the world takeover using the U.S. Armed forces. America does the work by virtue of the whole world being stirred up in warcraft against one another with America having bullets and bodies to sell for war as long as America exists. America is being wiped out, extinguished as a government, and people. The better populous for America's Constitution are Spirit. We are talking about global human population wipe out by 2176.

Defending the LORD in Warfare

You want that wipe out to happen sooner? So do I. I hate this stupid ministry of mine. It was supposed to make humans perfect! And, furthermore, I hate My slavery. I don't hate that Spirit is using My slavery to end America. The need that Spirit has to destroy America, for turning the LORD into a Ba'al that competed with their Ba'al-ness, is what keeps Me going that My life has Divine purpose. But Spirit needed their noses kept clean. so -- Jehovah came online as the God the Jehovah's witnesses prophesied. Jehovah didn't exist until that name was concocted. Then a being needed to exist to make that God happen. then that God needed to have a kingdom that, get this, Christ made happen by destroying the wicked. Serving Spirit is where joy comes from for this imprisoned slave jailing a serial killer in fuck-hole USA. My source of joy should make My perspective clearer.

Putin, you can't blame Heaven for how Russia is treated on the world stage. You can blame the Jehovah's Witnesses. You can blame yourself for not having Me execute them to save humanity. You would need to be the asshole making My life unpleasant to get away with blaming Heaven. Trump can bear blame. Obama, can bear blame. Biden, can bear blame. Señorita Mexicano Jew Bitch can bear blame. Clinton, can bear blame. Bush, can bear blame. Hegseth, can bear blame. The military are just assholes Putin, you know that. What can I blame them for? Being assholes? Right. The American civilians are vile fuckers on every level, and Heaven has them for abusing Me. I would need to be your citizen Putin for you to be qualified to blame Heaven for anything that is happening to you, or Russia. What is the problem? You can't abuse Me. The question becomes is that because you can't sock Me in the face or because if you sock Me in the face I just giggle like I got a tickle. What would you sock Me in the face with? A champagne cork? Now we at least know where the giggle comes from.

You can blow up an orphanage destroying all souls; bomb six hospitals destroying all souls likewise; you can gather every living Nobelist into a room and torture them to death on camera while they are being raped and you still are not vile enough to wipe out the population of the globe any sooner. TeamGOD is not touching you people. You want God to deal with you? You come try and lay a hand on Me. Why things seem slow with Japan is this: Japan is building its arsenal, because America can't shoot itself in the foot losing out on all the cheep-shit that keeps American's sated from China, with America's blessing. Japan will seize Russia's eastern region through portions of Kazakhstan and then be taking California to Baja and up into the Illusions of Alaska. China has civil war ahead of it that Japan will unify for war allowing China and Korea to slaughter one another with the surviving China populous directing its energies into seizing Vietnam. Hawaii is just bonus -- for a little time. It is haunted too. Hawaii is where the Pentagon's Heavenly power is seated over.

You want to live? You want to be not puny? You need to do the work of being obedient to Me as your saviour directing you to the LORD. Why God is dead to you Putin is because God is an internal to you being for you. All humans are likewise, sans Me. This is why there are so many God concepts in existence. Saving Spirit is what My life made happen. How the world population is shut down is a function of all the ways people are harvested to Hell in the way that fulfils them so they do that work of killing "Me" in Hell. That is where they get to be martyrs, as individuals, for the group themselves dying like Jesus making Spirit, their Spirit, a perfect human soul. This kill "Me" driving force is why it is difficult for few enough "virgins" to be found so only four bed posts are needed. You like every one on this earth chose fornication, you stupid fuck, how do you think you are going to kill eight billion people on this earth fucking each one to death? Do you fornicate? That is what you must do to live. I never fornicated Putin. Then I defined what fornication was for a human.

Defending the LORD in Warfare

As humans we do things that are symbolic of other stuff we just know has deeper meaning. And it is. Humans are binding up Heaven. Now you are living out what you built Heaven into. I made sure sex between male and female human was a means of making Heaven glorious. Everything else is just bonus. With food, Putin, we make ourselves healthy or sick. With material goods we make ourselves prosperous or destitute. Sex is the one thing a human can do that is the one to one comparator deed to perfect the Ba'al.

Because all you people did was use sex to defile Heaven, hate Heaven, punish Heaven, accuse Heaven, and claim Heaven was abusing you in some way until of course humanity had no collective conscience against fucking anything and everything. You even tie up eating as a comparator to sex. Working in a team leads to victory energy sexual demands. But fidelity to spouse as a gift to the Ggods, all of them, to make the Ba'al perfect? No. One person became a possible saviour when fidelity had been destroyed. So, you can think of yourself in that light -- a messiah -- and other people can see you that way. The problem is the flood-gates held back under the saviour concept. Right now, all you are, as a saviour to others, is the person people expect to do their destroying for them so they can get stuff for free or see that others just don't have too much more than them. "We are all in this together" only works when the all are aware that everyone is somehow the same kind of slave to sin -- regardless of how this is worded -- as themselves and each individual can see themselves as having mastered, perfected, some part of their life as superior to their neighbour. I Am a slave to the United States Government, not a slave to sin.

In people's hearts I register to them as sinless. That motivates their dealings with Me face to face. People then need to show Me how they are better than I Am. That is genetics. Until I won the Christ prize that sensitivity was turned off. First it was switched on to Heaven, then to flesh once My ministry began. Prior to the switch it was God keeping Me alive interfering with peoples deeds so I would not be destroyed. None of you have any interference from God. Interference ended July 1, 2019.

Mumsy is going to visit you Putin. She will visit Trump, too. I don't know if you will be sexually stimulated. What Trump claimed to Spirit or flesh about his sex with her back in the seventies I know not. Trump made many boasts to God about why God needed to fuck Me. (I simply demanded God marry Me first.) Mumsy took away anal intercourse as having any value to Heaven. So, males would struggle to perfect Heaven even as a monogamous union unless they were fellators to one another. What would anal only mo's need they need to be? Slaves This why the Catholics struggled with dealing with sodomy and fellatio as early issues of Charlemagne's day. This is also why a female just needs to give her husband an oral. Get over yourself bitch. Unless of course he says, "No I shall never be satisfied with the lips of her mouth touching my penis." Fine, but you don't get that from anyone else. What else? He can say, no we will never fulfil Heaven with a sexual union. That happens with them that chose marriage for companionship only -- plutonic with doctor playing benefits -- isolated private company that is publicly decent to help each other? They need to be slaves. People that will not perfect Heaven end up as slaves to one who chan over their souls. Lady Wisdom could not remove the accusation once it was laid down. She was the one that defined the system Satan called a vile abuse of his existence. The LORD was just a happy camper to be a part of the system. So you got the flesh -- for the Big Bad Scary Allness-ish -- that defines the system, again. And She is pissed. Yes, Putin, I Am pissed at My slavery to the United States Government. Jehovah, using force, does much destroying. TeamGOD will shift in the millennia to come. But the Corps is formed.

Defending the LORD in Warfare

What mumsy she was required to do was to go after Sodomising My urethra to get something over on God. That would have put her in prison. So she simply sodomised My anus with a wooden spoon and made claims she was worried about My constipation. She would have lost custody of Me, even before a human judge in nineteen seventy something, had she gone after My urethra, and I would have had a better life. Her interaction as flesh has no awareness of interacting with God Almighty. As in, God Almighty queued the world one way, urethra in the example, and she used that queue from the human collective to give people their authority to make a bigger Ba'al and sodomising Me was her deed. She has no ability to map to God Almighty. I do. In the bowels of the LORD she hid herself mimicking Me. As flesh she has no ability to conceal who she belongs to and who she maps to in Spirit. No one does. That is what flesh, souls prove. Souls have been dynamic, like TeamGOD. First, the Divine was built up over the LORD. So the Big Bad Scary God that would beat up the LORD in a mega lesson for eternity. Now We make the perfection happen using human souls because there was no way Satan was doing the work. You needed to perfect it, the sex thing. What you ended up with is having to perfect the Ba'al with the means that I stipulated perfected the Ba'al. As I Am the flesh that maps to the Big Bad Scary Godness. War as was and always will be, mine. Spirit know they have total forgiveness from Me for all former and present uses of war. They are just going to be made perfect. You see, I understood they just needed the LORD's system fixed. I didn't give a shit, really. I was just going to have it My way and that was that. Reason be hanged. Rational be hanged. Desire be hanged. Just be perfect as I say perfect makes perfect.

Perfect, frequent, sensual marital relations Putin, that is it. Not only that, human bodies need to be perfect to really hunger for one another. Hunger for what they see. Dudes, a nasty little penis is vileness. Females, a big clit, one that dangles below your labial folds, is vileness. Females get the little tongue of an organ that engenders big fires of erotic lust with the smallest tickle of interaction. Dudes get the big genitals. Removal of the foreskin at eight days improves the development of the penis' form. The foreskin is not being evolutionarily removed. The reversal where adult female has that dangling clit and adult male has the piddly, even worse trapezoidal, dick is profanity against creation. I said so.

It is the firmament beings united with the waiting Nephilim where North America gets yet another big harem union like Jehovah did. That work wonders come Christmas 2025. This more will be written about. I needed to let you know mumsy would be visiting you beginning April 12, 2025. Yes, this is in spirit. Trump, Obama, and Mexicano JewBitch El Presidente is likewise. With a list like that, she should visit Steinmeier and King Charles, but that is not certain.

Let's talk about what Jesus did. Jesus made it possible for Spirit, once the Ba'al was perfected, to never bring an abominable human being into existence. No birth defects. Satan was in charge of perfecting the Ba'al. Because the LORD as a Ba'al that He said was perfect with all His Spirit creation also perfect with all the work they needed to do, in what we would call fucking, was evil exploitive slavery; just ask Satan. This Ba'al perfecting need is why the Genesis account blessing, "Become many and fill the earth" became the curse. The blessing was never allowed to become a curse. First, Satan said so. Then I forced so. The blessing had to remain a blessing. It had to look like a blessing, act like a blessing, and love the earth like a blessing.

Fuck you forever Ziczac! With that prayer from Me you have now forgiven Heaven. There is no way for you to ever step on the blue suede shoes of Heaven. You are now free to claim the Christ as your prize. Will you do it?

Defending the LORD in Warfare

An invitation, any nation willing to host Me to execute the Jehovah's Witness population within their borders I will grow a remnant of warriors from and you will conquer the world. You have till Christmas 2025, noon day to fetch Me. England, you are the exception. I would execute all the JW's and step aside blessing all King Charles deeds to improve the world in whatever way he sees fit to do so. Of course I would be ticked to blow-up any person or people that refused to support England as the most magnanimous parent that ever existed. Putin, that is the power of My war chest. Trump, Obama, or Mexicano Jew Bitch can come to Me separately to build up a new nation in North America with their kingships.

What are you nations with their peoples going to be doing to save yourselves between now and Christmas 2025? That does it. That is as crazy as I can get in My offers. So, Spirit should stop devilling Me to give you fuckers something. For anyone who has paid attention to any of this, the message came around to what was available earlier. Kill the JW's to do the work of proving to Heaven you are willing to enforce perfecting the Ba'al and build a nation of Holy warriors that make Operation Earth's Salvation happen. A contract for that is signed by every regional governor, of any ilk, and I Am accompanied by a military command crew with total immunity to slaughter your own JW citizens and supporters (money donators). As these people die your enemies disappear. Then you shift into conquering people who refuse to let go of living like a JW. Living like a JW is demonstrating that you worship Jehovah. even as a Catholic. We would then need a new religion. We would call that War. That is nice and neutral with no distinct religious overtones, and every body politic has used it. We will call you warriors. Hand you rifles and you would be My follower. Without that contract, no one is a follower of the Goddess of Warfare, mac Dukes, moi.

Mahalo,

the Christ
