Watchdog.

God is destroying Elon Musk. No, Musk is not taking Trump down with him.

Exalted Excellency the Honourable Mr. Putin President of Russia:

I interrupted writing the SDL content, having been woken by God at midnight to explain to Him: you, Putin, can have war with America -- and it will be on German soil -- once My office is officially instantiated at the Pentagon, and not before. Pentagon personnel were told the entire halo of the building has to be turned over to Me for them to have honoured, to the satisfaction of God, My office. The screwing over of humanity and the planet, on the part of Americans is so bad; that how Musk is dealt will look like a sex play bottom spanking and negligee attired pillow fight by the time all of this is done.

In Russia vs. America I Am the person that empowers America for a fair fight against Russia. It is true, I Am content with; wages, fatigues, and a few electronic diversions to work with. Eff! any battle field is a joy compared to the humiliation of jailing mumsy working eighty hour secular weeks for no wages whilst being scoffed and mocked for My endeavours.

You have voodoo to do, Putin, so that some measly provision on the part of the American people opens the door for the Russia vs. America campaign you should be entitled. Measly provision for Me is; wages and fatigues, in the battle on the German front, a painted insignia marking My Potomac dock view halo office -- home base. (PS also a 43' slip in the marina.) Put Me in the halo with wages and soldier assignment and Russia vs. America is game on.

Without America honouring Me, and Christmas 2025, is the deadline you will be unrequited in this regard. America is going down under God's hand for abusing Me (the Untied States Government's slave). Do your voodoo Putin, I think war in Germany would be a great skill demonstration, and solve many problems going forward with the OWG on My victory. For old time sake, I would set you up as a king in the administration over Ukraine, Crimea, and the Black Sea -- so, do your voodoo; you ultimately win quite a plum.

My slavery is the national watchdog that holds the destruction of all these fuckers in God's hand to enjoy. (It would have been different for America had they made restitution to Me.) God being the Spirit entity watching over the Ba'al perfecting -- mentioned in an earlier letter -- rendering what is due the world for fucking Heaven not perfecting the Ba'al deity. God makes sure American's get their fucking in return. Given the injustice I have lived at America's hand, I think you can appreciate why across the Divine you are easy to love. Putin, you know I love you. (Those that have favoured America, of course, experience an extension of God's eye for an eye fucking against America. This is retribution for abusing their slave. This is also in addition to the MEGA God cloud doings the masses engage in cannibalising one another.)

Mahalo,
