

Note: A ha ha, funny, from TeamGOD. The treble clef places G (for God) above C (for Christ) nifty, eh? This is a notice how humanity accepted the king over the language of music accepting the treble clef as the key for modern music moment. Why don't you fight over this? Oh, how about go to war over this? The merging of human thinking is what evolved Heaven. The JW's forced Heaven to be hands off on its members flesh. This same mechanism is what mac needed to minister over a remnant, if indeed, brave enough people could be found to live. (Big hands need to do more than palm basketballs; you dumb fucks.)
